12th Organization to Join

Ulster Red Cross Now In Community Chest

The Ulster County Community Chest, Inc., and Ulster County Chapter of American Red Cross will join their fund raising activities this fall in areas covered by the Chest campaign, it was announced jointly today by William R. Stall, Chest president, and Wilbur R. Peters, Red Cross Chapter chairman-elect.

Affiliation of the Red Cross chapter with the Community Chest was approved by the Red Cross executive board at the annual meeting at Williams Lake Hotel on June 3, and by the Chest's board of directors at a meeting on June 17.

List of Agencies

The Red Cross Chapter becomes the 12th member agency of the Ulster County Community Chest. The others are:

Association for Retarded Children; Kingston Boys' Club; Rip Van Winkle Council, Boy Scouts of America; United Cerebral Palsy of Ulster County, Inc.; Gateway Industries, Inc.; Ulster County Council of Girl Scouts, Inc.; Jewish Community Center; The Salvation Army, Kingston; Young Men's Christian Association; Young Women's Christian Association; United Service Organizations, Inc.

The combined fund drive will be conducted this fall in the area covered by the Ulster County Community Chest, which includes the greater Kingston area, New Paltz, Marbletown, Saugerties, Rosendale, and the towns of Ulster, Esopus and Hurley.

Special in Some Areas

The Red Cross will conduct its usual drive in the 17 townships in the county which are not covered by the Chest.

In recent years, increasing numbers of Red Cross chapters have affiliated with the federated campaigns such as the Community Chest or United Funds. In 1963, Red Cross raised a total of over $88,550,000 in the country, of which more than $67,800,000 or 76.6 per cent was raised in federated campaigns.

Dutchess County Chapter, American Red Cross, affiliated with Dutchess County Community Chest in April of this year.

James D. Hood, chairman of Ulster County Chapter, American Red Cross, has described the benefits to be derived from the affiliation as beneficial to both organizations by eliminating duplicate fund raising activities in the same area and by making more effective use of the time and effort of the volunteer workers in both groups. It was during Mr. Hood's tenure that negotiations leading toward the affiliation were carried out.

Consume Too Much Time

The united campaign, Hood said, "is a concept initiated by businessmen who found multiple fund raising activities too time consuming." Red Cross chapter chairman-elect, Peters noted that more payroll deduction type of contributions will be sought. The older, house-to-house method of soliciation required tremendous amounts of volunteer manpower and even then it was virtually impossible to obtain 100 per cent

NewcombeSaysNo To Conservative Party Nomination

Lloyd A. Newcombe, Catskill businessman who ran for the Republican nomination as State Senator from the 34th Senatorial District in the June 2 Primary, today announced that he could not "in conscience" accept the nomination as state senator on the Conservative Party ticket.

"When running as a Republican for the Republican nomination, I welcomed this endorsement," Newcombe said, "but as I was unsuccessful in the Republican race, I do not feel in conscience I can accept the nomination on the Conservative ticket."

Defeated by Bush

Newcombe, who was defeated for the Republican nomination by incumbent Senator E. Ogden Bush, won over Bush for the Conservative endorsement on a write-in primary in the 34th Senatorial District.

"Since receiving official notification of the Conservative nomination from the Secretary of State, I have carefully searched my conscience on whether I should run on the Conservative ticket. I have reached the conclusion that it is something I cannot, in honesty, do" Newcombe said.

Explaining that he was first of all a Republican, Newcombe said, "Although I am deeply grateful for the confidence in me shown by the Conservative party, I am unable to accept the nomination, as I believe it is within the main body of the Republican Party that the changes and reforms so many of us seek can best achieved."

"Even though I must decline this nomination, it does not mean that I am not keenly aware of the honor shown me.""

"That I was defeated in the June 2 Primary for the Republican nomination does not mean that I am not keenly aware of the honor shown me."

Still A Republican

"That I was defeated in the June 2 Primary for the Republican nomination does not mean that I have ceased being a Republican, or that I have aban-

BILL BROPHY

Former Kingston Announcer Will MC State Pageant

A native Kingstonian, Bill Brophy, now a staff member of the American Broadcasting Company, in New York City, will be the master of ceremonies at the Miss New York State Pageant, July 9, 10 and 11 at the Kingston High School Auditorium.

The Pageant Director-in-Charge of Production, Frank Reis, said, in releasing this information today the entire Pageant board was delighted to secure Mr. Brophy's services and be able to welcome him back home.

Brophy graduated from the Kingston High School with the Class of 1943 and started his radio and television career while still in school with Station WKNY. After serving in the U. S. Navy he returned to WKNY for several years. Before affiliating with the WABC radio network and the ABC-TV network news in New York City in 1955, the position he now holds, he served on the staffs of both radio stations WTHT and WTIC in Hartford, Conn.

Brophy conducts several WABC and ABC programs. He can be heard giving the WABC radio news at various times each day, ABC radio network news at 1:55 and 3:55 each Sunday. He hosts the WABC-FM program 8 to 9 p. m. every Monday through Thursday by Pan American World Airways and is the commercial announcer for the 11 p. m. ABC-TV network news.

The public sale of tickets for the State Pageant opened Monday. As all seats in the high school auditorium for all three nights are reserved, it is necessary to select them at the high school auditorium for all three nights are reserved, it is necessary to select them at the office of the Kingston Area Chamber of Commerce in the Governor Clinton Hotel. This office also serves as headquarters for the Pageant. Herman Rafalowsky, chairman of the ticket committee urged that tickets be purchased early, because indications are that all seats will be sold in advance for Saturday night, July 11.

Not All Drop-outs Shun School

Students Range Up to 48 Here In Study Plans

Some high school students "drop out" but not all remain "drop-outs." Some return to complete their high school education and gain a high school diploma, others continue work later for a high school "equivalance" certificate.

In Kingston there are several students, ranging from 23 to 48 years of age, some married with a family who are taking advantage of the Adult Education Program to qualify for high school diplomas. Others are taking work which will lead to a high school "equivalancy" certificate.

Raphael Klein, director of Adult Education in the Kingston school system, reports 18 "drop-outs" are now enrolled in the Adult Education program working toward a regular high school diploma. Of these six are now ready to receive their high school diploma.

In the majority of cases students had completed most of their high school work before dropping out and returned to complete necessary work to earn a regular high school diploma.

With June Class

Four of those who have completed necessary work to receive a high school diploma are local residents who will receive their diploma with the June class. Two others, who did most of their high school work in other schools prior to dropping out, will receive their regular high school diploma from the school in which they did most of their high school work before attending the Kingston Adult Education classes working for a high school diploma.

Those who attended Kingston High School and later came back to complete their high school work and earn a regular high school diploma are Vincent DeCicco, Ann Jackson, Lillian McDonald and Thomas Sior. Mrs. Edith Alper, who did most of her high school work in Springfield, Mass., but completed necessary work in Kingston, will receive her high school diploma from the Springfield, Mass., school while Mrs. Donna Hoffman, who did most of her high school work in Rhinebeck but completed the necessary work in Kingston Adult Education classes in Kingston, will receive her diploma from the Rhinebeck High School.

Takes More Work

In order to qualify for a regular high school diploma considerable more work is required than to qualify for a high school "equivalency" certificate.

Those who have completed two years or less of high school work are encouraged to seek the high school equivalence certificate since it would require too long to get a full high school

Senator Facing Immobility While Back Is Healing

NORTHAMPTON, Mass. (AP) —Sen. Edward M. Kennedy, D-Mass., who faces 10 to 12 days of immobility in an orthopedic bed to permit his broken aback to heal, is keeping up with the news of the world outside his hospital room.

The late president's brother, at 32 the youngest member of the U.S. Senate, is reported to be making continued progress in overcoming the serious injuries he suffered last Friday night in an airplane crash at nearby Southampton.

Asks for Newspapers

Doctors at Cooley Dickinson Hospital said the senator asked for newspapers Monday and spent some time listening to radio broadcasts, mostly music.

Funeral services were scheduled today for the two men who died when the twin-engine private plane plunged into an apple orchard in fog and drizzle while approaching Barnes Airport at Westfield.

For the pilot, Edwin T. Zimny, 48, there was a solemn Requiem Mass at the Polish Immaculate Conception National Catholic church, Lawrence, and a similar service at St. Augustine's Catholic church, Andover, for Edward S. Moss, 41, Kennedy administrative aide, a father of two children.

Rules Out Illness

An autopsy report Monday night silenced rumors that Zimny might have become ill just before the crash. Dr. E. Donald Andrew, Easthampton medical examiner, said the autopsy did not reveal any physical condition which could have caused the pilot to lose control.

The medical bulletins on Kennedy's condition continued encouraging.

Dr. Thomas F. Corriden, the hospital's chief surgeon, described the senator's neurological condition as satisfactory, his orthopedic condition as improving, and his abdomen, which had given some discomfort earlier, as "getting softer."

The surgeon said Kennedy had taken fluids by mouth and also was being fed intravenously.

MAIL FLOWS IN—As Sen. Edward M. Kennedy recovers in a Northampton, Mass., hospital, well-wishers are keeping the mailbags full of their messages. Hospital aide Mrs. Vera Hamilton carries another stack through the corridor. (NEA Telephoto)

Mystery Deepens, FBI Probing

3 Rights Workers Are Missing Since Sunday

PHILADELPHIA, Miss. (AP) —Mystery deepened today in the strange disappearance of three young civil rights workers. They were last heard from Sunday night after paying a speeding fine in this east central Mississippi town.

The FBI and the Mississippi Highway Patrol pressed a search for the two white persons and a Negro, part of the first wave of summer volunteers seeking to reform this state politically.

List of Missing

Missing were Andy Goodman, 20, and Mickey Schwerner, 24, both of New York City. With them was James Cheney, 22, a Negro member of the Congress of Racial Equality from Meridian.

They came here Saturday after a week's orientation course for the Mississippi "Freedom Summer Project" in Oxford, Ohio. Other workers spread over the state during the weekend to launch voter registration drives and advise Negro citizens of their rights.

Held Several Hours

With Cheney at the wheel they drove to Philadelphia, reportedly to see the ruins of a Negro church that burned last week after armed whites broke up a church board meeting.

Officers stopped the three Sunday and charged them with speeding. They were let go after being held in jail several hours. Cheney paid a $20 fine.

Sheriff's deputies said they released them about 10:30 p.m. A spokesman for the Neshoba County sheriff's office said a patrol car followed the workers "several blocks to make sure they got out of town all right."

Concern Grows

As hours passed without any sign of the trio, concern rose. Cries came from civil rights groups for a search.

In New York, James Farmer, national director of the Congress of Racial Equality, called for an air and ground search by the Meridian Naval Air Station.

The Council of Federated Organizations, one of the groups spearheading the summer drive,

U.S. Jet Defies Soviet Warning, Flies Corridor

BERLIN (AP)—A Pan American World Airways jet from New York flew through the Berlin air corridor today, defying a warning from the Soviet Union it could not guarantee the plane's safety over East Germany.

In a protest note Monday to the United States the Soviet Union called the New York-Berlin service illegal and disclaimed responsibility for the consequences if it continued.

Ahead of Schedule

Pan Am refused to cancel the flight and the jet entered the 110-mile long center corridor on the last stage of the flight.

The aircraft touched down at Berlin's Tegel Airport at 1:27 p.m., 28 minutes ahead of schedule.

It left New York with 77 passengers, 10 of whom were booked through to Berlin. The plane made stops at Iceland and Scotland. None of the passengers had voiced any concern over the Soviet warning.

A Soviet note to the United States and Britain claimed the recently inaugurated flights were illegal because they had not been approved by the Communist East German regime.

Will Continue

A Pan American spokesman said the flights three times a week, which reach Berlin after

Was To Be Hostage For Others

Man Admits Plan To Invade Castle

STOCKHOLM, Sweden (AP) —Swedish police have smashed a plot to kidnap Soviet Premier Khrushchev and hold him hostage for the release of political prisoners behind the Iron Curtain.

Police confirmed that at least one man, described only as a 30-year-old foreigner, was arrested Monday near Haga Castle, where the Soviet leader is staying during his five - day state visit.

Linked to Ustashi

The man reportedly confessed that he and several other men had planned to smash their way through the castle gates in a truck.

The newspaper Aftonbladet, which has close connections with the Swedish government, said the man in custody was a Hungarian. Police declined to confirm this.

There also was speculation that the plot was hatched by members of the Ustashi, a fanatic Croatian anti-Communist organization which fought for the Nazis during World War II.

The Ustashi reportedly has a strong membership in Sweden, which is haven for about 30,000 refugees from Communist countries.

Armed Plotters Denied

Two weeks before Khrushchev's arrival in Sweden, the newspaper Expressen said the Ustashi had threatened openly to kill the Soviet leader.

"Khrushchev will die in Sweden," Expressen quoted a Ustashi leader as saying.

County police Supt. Aake Magnusson signed the charge sheet against the arrested man.

Magnusson described a report by a Stockholm newspaper that the plotters were armed with submachine guns as a "dreamed up story."

In the wake of the arrest, the 5,000 policemen in Stockholm for Khrushchev's visit were reinforced by two special commando units.

At Haga Castle, only one gate was kept open and it was protected by scores of uniformed police and plainclothes detectives.

Severe Restrictions

The kidnap plot was the first serious incident reported during Khrushchev's Scandinavian tour

Gen. Taylor Is New Viet Nam Ambassador

SAIGON, Viet Nam (AP)) —Henry Cabot Lodge, U. S. ambassador to South Viet Nam during the past 10 stormy months of its history, resigned from his post here today to take up the political cudgel against Barry Goldwater.

Lodge said in a prepared statement that he was quitting his post in Saigon to give all the help he could to Pennsylvania Gov. William W. Scranton's 11th hour bid to stop the nomination of Goldwater by the Republican convention.

WASHINGTON (AP) —Henry Caobt Lodge has resigned as ambassador to South Viet Nam and will be succeeded by Gen. Maxwell D. Taylor, President Johnson announced today.

Johnson also told a news conference that U. Alexis Johnson, presently an assistant secretary of state and a veteran foreign service career officer will become deputy ambassador, a new post.

Wheeler New JCS Boss

Taylor, now chairman of the joint chiefs of staff will be succeeded in that post by Gen. Earle G. Wheeler, now Army chief of staff.

Johnson said Secretary of Defense Robert S. McNamara has not yet recommended a successor to Wheeler in the top Army post.

Johnson again expressed this country's determination to help South Viet Nam resist Communist aggression and to continue flights over Laos when ever representatives of the International Control Commission are barred from inspecting the area.

Quicky Conference

The news conference was a hurriedly set up affair—one of the quickies such as Johnson has held before.

In addition to announcing the big changes in South Viet Nam and the Pentagon, Johnson told the reporters:

Jersey Youth 8th Fatility As Car Hits Tree, Upsets

An 18-year-old New Jersey youth became Ulster County's 8th traffic fatality of the year when he was killed in a one-car accident about 12:30 a. m. today on Route 28 in the Town of Shandaken near Phoenicia. The accident was witnessed by a state trooper.

The deceased was identified as Arthur Alsdorf, 18, of Wyckoff Avenue, Allendale, N. J., a passenger in an early model sports car driven by his uncle. He was pronounced dead at the scene by Dr. Fred Voss, of Phoenicia. State Police said the youth suffered a crushed chest.

County Coroner Henry S. Hartley gave a verdict of accidental death due to a cerebral hemorrhage, caused by a fracture at the base of the skull. An autopsy was performed this morning.

Seriously injured in the accident was the youth's uncle, Michael Alsdorf, 20, of 55 Park Avenue, Allendale, N. J. He was taken by Gormley Ambulance to Kingston Hospital where he was treated for head and chest injuries and cerebral concussion. He was reported in critical condition shortly after he was admitted to the hospital, but a later report indicated he was in fair condition.

Trooper John McMickle, of the Lake Katrine substation, who witnessed the accident, said he spotted the 1958 MG heading west on Rt. 28 just west of Rt. 214 traveling at a high rate of speed, while he was on night patrol. He said the vehicle swayed from one side of the road to

New York University Granted $25 Million

NEW YORK (AP) — New York University has received a grant of $25 million from the Ford Foundation to upgrade academic standards and help the private university solve housing and other problems.

The grant, announced Monday, is to be matched by $75 million from other, private sources. It was the largest single private gift to a college or university in New York City.

Supreme Court Voids Sit-in Rulings In Several States, Ends Busy Session

WASHINGTON (AP) — The Supreme Court ended its 1963-64 session Monday by overturning the conviction of sit-in demonstrators in eight cases and applying its "one voter, one vote" rule to the legislatures of nine more states.

The sit-in cases, which involved trespass convictions in Maryland, South Carolina, North Carolina and Florida, were decided on narrow technical grounds as the court failed to deal with this basic quastion: Can a merchant refuse service to a Negro and then have him arrested for trespassing if he refuses to leave the premises?

Justice William O. Douglas indicated that the justices were deadlocked on this question, commenting that the issue "consumes the public attention, yet, we stand mute avoiding decision of the basic issue by an obvious pretense."

Justice Hugo L. Black, joined by Justices John Marshall Harlan and Byron R. white, opposed the court's refusal to come to grips with the key question and said "the 14th Amendment does not forbid this application of state's trespass laws."

The reapportionment rulings, involving the state legislatures of Michigan, Iowa, Illinois, Oklahoma, Washington, Florida, Idaho, Connecticut and Ohio, were based on last week's ruling that both houses of state legislatures must be based on population only.

This decision capped more than two years of court rulings on apportionment of legislatures and Congress. Earlier this year, the high court ruled that the population test must be used in setting up congressional districts.

The court Monday handed down its second important decision of the session involving the Communist party. It overturned a portion of the Subversive Activities Control Act barring passports to members of groups officially designated as Communist by the government.

Two weeks ago the court let stand a decision by the U.S. Court of Appeals which threw out on technical grounds the conviction of the Communist party for failing to register as a subversive group.

In three decisions Monday, the court overturned decisions by state courts in Kansas, Ohio and Florida aimed at books and movies considered obscene.

Vivien Leigh Is Back to Play Southern Lady

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Vivien Leigh, looking lovely and fit after her recent illness, is back in Hollywood to play yet another Southern lady.

The English actress has come aboard Stanley Kramer's "Ship of Fools" to play one of the few American roles in the cast. This time she's a Virginian, and if she does as well as her last two Southerners, she'll be doing very well indeed. Both won her Oscars.

"The accent is quite difficult, but I'm working hard on it," she reported. "Virginian is a bit difficult to capture: it's somewhere midway between Southern and British. It was easier when I was speaking Georgian in 'Gone With the Wind' and Mississippian in 'A Streetcar Named Desire.'"

Miss Leigh is quite confounded as to why she has happened to specialize in Southern belles in American films, but obviously she has no complaints. She is feeling very chipper following months of rest that were necessary after her collapse in New York last year. She had been appearing in her first musical, "Tovarich."

"Everyone told me I was crazy to do a play in New York during the summer," she explained. "I thought that was nonsense. Hadn't I played four shows a day in North Africa during the war in temperatures of 126 degrees? I was sure I could cope with a New York summer.

"But I couldn't. It was simply unbearable. I spent all day in the country, but I had to come to the theater at night, and the nights were terrible. I could get no rest at all."

Now she is pleased to be back at her profession and to return to Hollywood to visit her chums.

Finance Control Must Go Back to People: Levitt

GLENS FALLS, N. Y. (AP)— Control and understanding of government finance must be restored to the people, state Comptroller Arthur Levitt said today.

"The trends in public finance have been away from the people," he said, "they must be swung back."

The comptroller's remarks were in a speech prepared for the summer conference of executives of the New York State Chamber of Commerce.

The Democratic state official did not mention Repulbican Gov. Rockefeller by name but Levitt's speech appeared to be another in a five-year-long series criticizing the governor's fiscal policies.

Levitt has challenged several times an administration plan to turn responsibility for financing major projects — the State University, mental hygiene facilities and state office buildings— over to semi-independent government agencies.

Debts incurred in those operations do not appear as part of the state's normal financial picture.

East's Bidding Helped South

BY OSWALD JACOBY
Newspaper Enterprise Assn.

An Oregon reader asks, "What would you do with the East hand after West opened one diamond and North passed? I bid a heart and was severly criticized for responding. It made no difference in the final results since our opponents reached a lay-down three no-trump in spite of my bid."

I would not want to join in severe criticism, but I must admit that if I had held that pair of jacks I would have passed. Sometimes such a bid will work, but not often enough to warrant trying it as a steady diet.

Furthermore, I am not sure that it made no difference this time. My correspondent gave me the bidding which got North and South to three no-trump with South as declarer, and I want to congratulate them.

Their combined hands include only 24 high-card points, so many pairs would stop short of game.

Then, if North becomes declarer, a diamond lead defeats three no-trump, provided that West makes the proper play at trick one. In addition a final spade contract is tempting indeed, but there is no play at all for four spades.

West will open the king of clubs and continue after his partner signals "come on" with the eight spot. Two club tricks, a club ruff and a diamond will be taken immediately, and the four-spade contract will have landed in the soup.

Court Decision On Confessions Has Mild Reaction

ALBANY, N. Y. (AP)—Early reactions from state legal authorities were mild today in the wake of a U.S. Supreme Court decision on the admissibility of confesssions that threatened to upset hundreds of convictions in New York courts.

The high court, in a 5-4 decision Monday held unconstitutional the state's rule allowing juries to determine whether a confession was voluntary.

Justice Byron R. White, in the majority opinion, said the New York approach did not constitute the due process of law guaranteed by the U.S. Constitution.

The question of whether a confession had been given freely should be decided by a judge in a proceeding separate from the criminal trial, he said.

A spokesman for the New York State Law Department said there would be no wholesale release of prisoners affected by the decision. He said each one claiming freedom under the high court's opinion would have to file a separate suit in a state court.

The spokesman said the question of whether the decision would apply only to new prosecutions, or whether it would be retroactive, would not be answered until a prisoner brought a suit invoking the decision.

Meanwhile, the chairman of a state commission seeking ways to modernize the state's penal law and code of criminal procedure said the decision came at the very time the question of admissibility of confessions was being studied.

Supreme Court Has Busy Year

Civil Rights, Communism, Reapportionment Rulings

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The Supreme Court, undeterred by criticism that it is pushing too far too fast and usurping power, has finished another jammed year deciding cases from civil rights and communism to reapportionment.

It continued to assert its concern for civil liberties—protection of the individual from the power of the state. It handled labor problems and many cases which may seem minor to the general public but took time, work and thought.

Near the end of last year's term the court blew up a storm by banning any required reading of the Bible and the Lord's Prayer in public schools. Attempts were made in Congress this year to undo that decision.

But these attempts — to produce a constitutional amendment permitting the reading of the prayer and the Bible — have failed so far and will probably fail totally.

Again this year, one week before it finished up Monday, the court gave perhaps its most far-reaching opinion in years, one which will surely shake the foundations of the old political machines as they haven't been in generations.

May Affect All 50

This ruling — it may affect practically all 50 states — instructed them to overhaul their legislatures by reapportioning their election districts more equally by population to carry out this philosophy: "one voter, one vote."

The court said the seats in both houses of state legislatures must be reapportioned to get away from the present, ancient districting in which a relatively small number of people in one district can elect one legislator while four times as many squeezed into a single district elsewhere can elect only one.

Earlier this year the court said similar reapportionment must be worked out by the states in electing representatives to Congress. This does not touch the arrangement for senators which is based on the Constitution and is unrelated to population: each state is entitled to two senators elected by the whole state.

The court began to move into this problem of reapportionment in 1962, but this year's actions were the climax.

Started in 1962

The court made a ruling which affected Communists favorably. But it was in effect an expression of the court's concern that individuals be protected by the Fifth Amendment's guarantee that no one shall be deprived of life, liberty or property without due processs of law.

In pursuance of this the court ruled unconstitutional a section of the Subversive Activities Control Act that denies passports to members of officially designated Communist organizations.

Two weeks ago the Communist party gained another round in its 14-year-old legal battle against registering as an instrument of world influence.

Refusal on Review

The court refused to review, and thus let stand, a lower U.S. court decision of last Dec. 17 which reversed on technical grounds a $120,000 fine against the party for failure to submit details of its membership and finances.

The court was loaded down with racial and civil rights problems this term.

The court overturned a series of trespass convictions against sit-in demonstrators; threw out the conviction of 65 Negro students arrested on breach of the peace charges in a 1960 racial demonstration; ruled against a Southern courtroom custom of addressing Negroes by their first names instead of as "Miss" or "Mr." or "Mrs."; let stand a lower court ruling that hospitals accepting federal funds for construction must desegregate their staffs and facilities; upheld a lower court decision declaring unconstitutional a Louisiana law regulating segregation of the races in public parks and recreation centers; and banned any requirement that candidates for public office be designated on ballots by race.

Notable Decision

One of the most notable decisions of the year, or any year, was the court's ruling that the Fifth Amendment, which says a witness can't be forced to incriminate himself, applies to witnesses in state proceedings as well as federal.

The court added something else: If a state gives immunity to a witness from prosecution for testimony in which he admitted a crime, the federal government can't then use this testimony to prosecute him for a federal offense, and vice versa.

The court refused to interfere with a federal arbitration board ruling under which about 48,000 jobs of railroad workers eventually could be eliminated. It let stand a lower court decision that federal law bars unions from disciplining members found guilty of slandering or libeling union officers. The court said states can enforce their own right-to-work laws.

There was a lot more than this in the term just ended.

STOCK vs SAVINGS?

Many stocks are climbing upward. How high will they go? However — many stocks are lower then they were two months ago. Will they go lower? Anyone who has ever purchased stock can tell you these are hard questions to answer. No one really knows!

But the answer from the Ulster County Savings Institution is a good deal more positive — less speculative.

Every dollar invested in an "Ulster County Savings" account is insured by an agency of the United States government and will consistently grow at the impressive dividend rate of 4¼%. Last quarter our depositors received over $375,000 in dividends. This quarter they should receive even more. When you consider that 4¼% is the highest rate paid by any bank in this area and that there are no fluctuations in your investment — it seems to make good sense to consider a savings account in your investment portfolio.

Remember too — dividends are paid from Day of Deposit. For more information call or write tomorrow!

ANTI-LITTERING MOVE

The House of Representatives has passed legislation that would ease up a bit on those who litter national forest areas, and at the same time increase the chances that litterers will be punished. The paradox is not so strange as it may seem. It springs from the fact that under present law offenders are more often admonished than punished.

Charges on littering and a variety of other petty offenses in the national forests —improper parking, reckless skiing and the like—must now be heard by federal district judges. This, as the House Agriculture Committee notes in its report, "has very naturally resulted in a reluctance on the part of Forest Service officers to enforce rules and regulations by means stronger than persuasion."

The new proposal approved by the House would get around this by allowing those charged with such offenses to be tried by U. S. commissioners. This should have the healthy result of bringing more such offenders to trial. It is hoped that the Senate will promptly concur.

Soviet space experts boast that Russian cosmonauts have made seven times as many orbits of the earth as American spacemen have. Besides that, the Red Chinese have Khrushchev in orbit most of the time.

DAYLIGHT TIME ATTACK

The time for bringing order out of the annual daylight time chaos has once again passed without action. It is usual, in such circumstances, to put the matter out of mind. As with so many things the slogan is: Let sleeping dogs lie.

But this particular sleeping dog makes America appear ridiculous. Why not kick it awake this time — prod Congress, in short, to do something sensible about the present mishmash? Time varies not merely from state to state, but in some cases from town to town within states. That is, quite simply, preposterous.

Perhaps no simple, all-encompassing solution is possible. Varying elements in the nation have various ideas about daylight saving time. But why should Congress not conduct hearings on the matter in the near future, instead of waiting until the urgency of this problem becomes evident to all once again next spring?

A rational solution of the daylight time problem is surely within the reach of a people intent on sending a manned expedition to the moon. The way to get it is to have early hearings and then work out legislation in the public interest and fair to all concerned.

Melbourne's welcome to the Beatles was bigger than that for the queen. They have more press agents — and besides, the queen doesn't sing.

TRAFFIC IN BRITAIN

If it is any comfort to U. S. traffic experts, the automobile chaos in Great Britain is even worse than in this country. Though there are not as many cars as in this country, neither is there as much room for them. The number of licensed motor vehicles on the road creates a mess which staid Britons never expected to see.

About every imaginable remedy is being considered, including redesigning cars for cities and redesigning cities for cars. Among other ideas are barring cars from cities unless they are there strictly on business, and a pay-as-you-drive system by which the motorist would shell out something extra for road wear and tear, lighting and traffic control, "congestion costs" which would cover labor, fuel and time losses, and "social" costs—risk, noise, fumes, dirt.

It will be interesting to see what Ernest Marples, minister of transport, comes up with. Something, we hope, that this country also can use. A man of imagination and energy, Marples set up study commissions to grapple with long-term aspects of traffic control, to study pay-as-you-drive, and to consider radical changes in car design.

"Small cars," said Marples, "may be the answer, or two cars, with one in the trunk of the other." The parent car, we assume, would be parked at the fringes of congestion and the small one would be driven on from there. This seems more a gimmick than a solution. But even a gimmick that eases a problem a bit would be desirable.

Scranton calls Goldwater a "fast-draw thinker with one foot in the 19th century." Whatever the weather between now and July 13, the days won't be dull.

'These Days'

THE ASSAULT ON THE SECURITY AGENCIES

It could be a series of coincidences. On the other hand, it could be a contagion caused by the temper of the times. But whatever it is, a broad movement is in the works to discredit the security agencies of government in the U. S.

The contagion ripples from place to place. The FBI's head, J. Edgar Hoover, is subjected to insinuations in magazines that he is too old to do a good job. Mr. Hoover will be 70 years old next January, but to anyone who has talked with him and watched him in action the idea that he is ripe for retirement is preposterous. President Johnson recognized this when he chose the fortieth anniversary of Hoover's appointment by Attorney General Harlan Fiske Stone to waive retirement and continue Hoover in office. Nevertheless in spite of presidential certification that he is sound of mind, and limb, the sniping against Mr. Hoover will continue. The Nation's magazine's Fred J. Cook, who has sniped before, will snipe again in a book scheduled for publication by Macmillan, "The FBI Nobody Knows."

In New York City, it is the police department that is under fire. Well-meaning citizens belonging to such eminent organizations as the City Club of New York, the Liberal Party, the Civil Libertise Union, the NAACP, and the Socialist Party, have called for the creation of a civilian board to review charges of police brutality. This has aroused the wrath of Police Commissioner Michael Murphy, who has himself fired some eighty policemen on complaints during the past three years. Commissioner Murphy resents the imputation that he can't take care of disciplinary action within the department himself. There is no evidence that Communists or Fellow Travelers are behind the agitation to put a civilian board of review over the Commissioner's own review facilities, although John Cassese, the president of the Patrolmen's Benevolent Association, has alleged "Communist-front" manipulation. Mr. Cassese might have been on less disputable ground if he had advanced the theory of contagion presumably abetted by Communist-fronters. The spreading of verbal impeachments is subtle, an osmosis-like process, and no conspiracies are necessary to cause words to travel.

The attacks on the FBI and the New York metropolitan police are recurrences of what has happened before. But the contagion is now spreading in a new direction to menace the Central Intelligence Agency and a number of private radio broadcasting and monitoring organizations such as the Free Europe Committee and Radio Liberty which, presumably, get some funds from Washington. In a book published this week, "The Invisible Government," David Wise and Thomas B. Ross have not only come down hard on the CIA itself but on all "black radio" security organizations, both government and "quasi-official."

The Free Europe Committee, which operates Radio Free Europe, is condemned for encouraging the Hungarians to revolt in 1956. Maybe its words did lend such encouragement, but if Radio Free Europe operates "within the published policy of the United States," as it has itself proclaimed, then the primary fault of misleading the Hungarians should be sought elsewhere.

The fact is that if the government extends funds to "black radio" organizations, it is responsible for what those organizations do. Some of the "black radio" groups, incidentally, do magnificent work. By its monitoring skills Radio Liberty in Munich and New York City called the turn on the wheat famine in Soviet Russia last year long before anyone else. Such invaluable reporting on the part of the "black radio" arms of "invisible government" gets far less attention from the Messrs. Wise and Ross, who should know good reporting when they see it, than the sins and pecadillos which form the primary substance of their book.

This column does not doubt that the FBI, the CIA and the New York police have all made their mistakes. But these watchdog bodies are, after all, the main bulwarks of our liberties. In criticizing specific errors, we should guard ourselves against the contagion that tends to bring necessary security agencies into universal disrepute.

Check Poison Ivy Threat With Injection, Not Pills

Newspaper Enterprise Assn.
BY WAYNE G. BRANDSTADT, M.D.

Q—Are there any tablets or liquids that can be taken by mouth to prevent poison ivy?

A—The only preventive is dissenitizing injections. These are especially recommended for persons subject to frequent unavoidable exposure to this and related plants. The injections must be taken two or three months before such an exposure to be effective. Cortisone taken by mouth after the blisters appear will give relief, but no tablets will prevent the attack.

Q—I have aphthous stomatitis and have tried all kinds of mouthwash, but nothing helps. What can I do to get rid of it?

A—Aphthous stomatitis is another name for canker sores. Mouthwashes in general are of no help. Touching the sores with alum, tincture of Merthiolate, or silver nitrate helps to heal them, but in susceptible persons they are likely to return from time to time.

Q—What is hemoptysis? Is it serious?

A—Hemoptysis is bleeding from the lungs. Bleeding from any source should not be taken lightly. Hemoptysis may occur in persons with tuberculosis, pneumonia, parasitic diseases of the lungs, heart failure and lung cancer. Because most of these conditions can be diagnosed before they reach the stage of producing bleeding, I strongly recommend an annual chest X-ray, especially in persons over 40.

Q—About six months ago I had an operation for an inguinal hernia. Is it all right for me to go about my housework again? How can I prevent a recurrence?

A—The cause of your hernia was a congenital weakness in the pelvic wall. Following a repair operation this wall may be stronger than it was before, but there is always a chance of recurrence. Healing should be complete, externally and internally within four weeks, but routine housework should not be resumed until six weeks after the operation. After that the only precaution is to avoid heavy lifting.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters he will answer letters of general interest in future columns.

Washington News

BY BRUCE BIOSSAT
Washington Correspondent
Newspaper Enterprise Assn.

WASHINGTON (NEA) — In the final struggle for the 1964 Republican presidential nomination, some politicians are counting possible electoral votes as carefully as they tot up delegate votes.

With Sen. Barry Goldwater so strongly fixed that he can now lose the nomination only by stumbling badly or by suffering an improbable raid on his delegates by Pennsylvania's William W. Scranton, a big question is:

How does Goldwater propose to put together an electoral victory over President Lyndon Johnson in November?

It will require 270 electoral votes to win the presidency. In the days before Kennedy's assination, Goldwater backers used to circulate a tally sheet suggesting that Barry could roll up 311, or 41 more than needed. They no longer talk in such terms.

THEIR OLD TOTAL included, of course, all 128 electoral votes for the 11-state Old South. But today it is the Old Lyndon South, and the most optomistic Goldwater men seriously talk of winning more than a handful of southern states.

Even if Goldwater managed to win all but Johnson's Texas (25 votes), Georgia (12), which never has gone Republican, and North Carolina (13), he would pull only 78 from that territory.

The senator is admittedly strong in the 8-state mountain area but the total electoral votes there is a meager 33. And Johnson is also strong in this region and might well break off at least half that total. In 1960 Kennedy picked up New Mexico and Nevada.

The pre-assassination Goldwater tally sheet showed the senator winning only Ohio (26) and Illinois (26) of the northern Big Six industrial states. Later his supporters also laid claim to California's 40 votes. New York (43), Pennsylvania (29), Michigan (21) were assumed as likely to be lost.

WITH JOHNSON IN THE WHITE HOUSE, most political observers right now would underscore the earlier Goldwater estimate of his slim chances in the industrial Northeast — including potent New Jersey and Massachusetts with 31 votes between them.

Johnson's top political aides say, in fact, that the President's only real big worries are Illinois and Ohio if Goldwater is the GOP nominee. Democratic concern in these states seems related more to party organizational troubles than to high estimates of Goldwater's strength.

Goldwater people speak hopefully of California. But independent appraisers now give it to Johnson by landslide proportions. The White House thinks California and New York are in the best shape of all the big ones for next November.

WHEN SCRANTON AIDES had a socializing session with Goldwater spokesmen late one night at the Cleveland Governor's Conference, the two groups ran through an electoral vote count. Scranton men were curious as to how the senator planned to build a fall victory. Later, a Scranton aide said:

"Frankly, in their count, they stopped at Indiana on their way east."

This account seems slight fuzzy, since Goldwater's managers always have claimed Ohio, which went for Richard Nixon in 1960 by 275,000.

Goldwater, of course, does look hopefully toward such other midwestern states as Wisconsin, Iowa, the Dakotas, Kansas, and Minnesota, and the five border states of Oklahoma, Kentucky, West Virginia, Maryland and Delaware.

Yet, again, few impartial judges believe the senator has any hope of so clean a sweep of these states as would be necessary to offset Johnson's apparent strength in many sectors.

Goldwater's strategists have their hands full this month in persuading Republican delegates to San Francisco that the President's strength can be overcome in the states with decisive electoral votes.

United States Supreme Court Travel Ruling and Cold War

BY DAVID LAWRENCE

WASHINGTON — A majority of the members of the Supreme Court of the United States apparently are not ready to help their government fight the "cold war" effectively. They prefer technicalities to realities. For, in another of its sweeping decisions, the highest court in the land is willing to consider a member of the Communist party as no different from a member of the Democratic or Republican party or any other political organization of citizens.

Yet J. Edgar Hoover, director of the FBI, whose knowledge of the intricacies of espionage and acts of subversion is unequaled in this country, told Congress last January that the Communist party in this country is an agent of the Soviet government. He declared:

"The determination of the Soviet Union to maintain the Communist party, U. S. A. and to strengthen and direct it in such a way as to make it a continuing danger to this nation is clearly evidenced by the fact that for the past 44 years, Soviet Russia has in one way or another directed and controlled the Communist party, U. S. A. and helped to finance it."

The Congress of the United States, recognizing this danger, passed a law forbidding the issuance of American passports to any members of the Communist organization in America. Now the Supreme Court of the United States has declared this law unconstitutional because it does not provide for proof in advance that the passport would be misused. Only a Communist agent who is willing to tell ahead of time exactly what acts of espionage he may intend to commit or what information he may be getting ready to transmit to a foreign government could thus be prevented by law from getting a passport of the United States government.

Justice Goldberg, who wrote the opinion for the Supreme Court majority, declared that "freedom of travel is a constitutional liberty closely related to rights of free speech and association."

Justice Douglas, who concurred in this opinion, wrote as follows:

"Being a Communist certainly is not a crime; and while traveling may increase the likelihood of illegal events happening, so does being alive."

Justice Douglas added that war might be a condition for "serious curtailment of liberty," but unless there was a war, he could see no way of keeping a citizen from traveling inside or outside the country.

This is but another way of stating that the "cold war" is not considered to be a war and that the interests of the United States cannot be protected through preventive measures.

Justices Clark, Harlan and White in their dissenting opinion quoted from a statute passed by Congress in 1954 which stated that "the Communist party of the United States . . . is in fact an instrumentality of a conspiracy to overthrow the government of the United States." The three justices declared that the findings by Congress concerning the nature of the Communist party should be binding upon the Supreme Court. The minority opinion continued:

"The right to travel is not absolute. Congress had ample evidence that use of passports by Americans belonging to the world Communist movement is a threat to our national security. . . .

"In 1950 Congress determined, in the Subversive Activities Control Act, that foreign travel 'is a prerequisite for the carrying on of activities to further the purposes of the Communist movement.' The Congress had before it evidence that such passports by Communist party members:

(1) "Enabled the leaders of the world Communist movement in the Soviet Union to give orders to their comrades in the United States and to exchange vital secrets as well;

(2) "Facilitate the training of American Communist leaders by experts in sabotage and the like in Moscow;

(3) "Gave closer central control to the world Communist movement; and, of utmost importance,

(4) "Provided world Communist leaders with passports for Soviet secret agents to use in the United States for espionage purposes.

"This evidence afforded the Congress a rational basis upon which to place the denial of passports to members of the Communist party in the United States. The denial is reasonably related to the national security. The degree of restraint upon travel is outweighed by the dangers to our very existence. The remedy adopted by the Congress is reasonably tailored to accomplish the purpose."

What the majority of the Supreme Court has said in the case, however, is law. So today the Department of State, the Department of Defense and the law-enforcement agencies of the United States government are thwarted in their attempts to protect the security of the Unied Sates by measures which would prevent Communist party members in this country from acting as a means of communication for the Soviet government.

Q—Why were the early Spanish explorers searching for the Seven Cities of Cibola?

A—Because of their reputedly fabulous wealth. The cities were supposed to be in the land of the Zuni in what is now Western New Mexico.

DO YOU REMEMBER

By SOPHIE MILLER

Bill Newgold, a collector of Catskill Mountain and Hudson River material wrote that among several cartons of household goods sold at a farm auction in Columbia County there were some 500 Dederick's photographs which he will display at the Colony building July 4 weekend. It seems H. C. Dederick worked for a steamboat company at Hudson, and took pictures of excursion boats and ferries of the day, which were later used on regional post cards, sometime between 1896 and 1906. I wonder what the name of the steamboat company was. It seems Mr. Dederick also photographed local events of Ulster, Greene and Columbia Counties, such as the coming to town of Buffalo Bill and his Indians.

I received a very nice note and a clipping from Mrs. William F. (Cora E.) Drake of Hurley. She writes: "In looking over some things, I found an article on the 1888 Blizzard, which I have kept all these years, maybe you could use it, when the proper time arrives . . . I am living with my niece, in Hurley. Sold my house in Kingston as I found it too much care. I miss Kingston very much. Am in my 96th year and my eyes aren't so good."

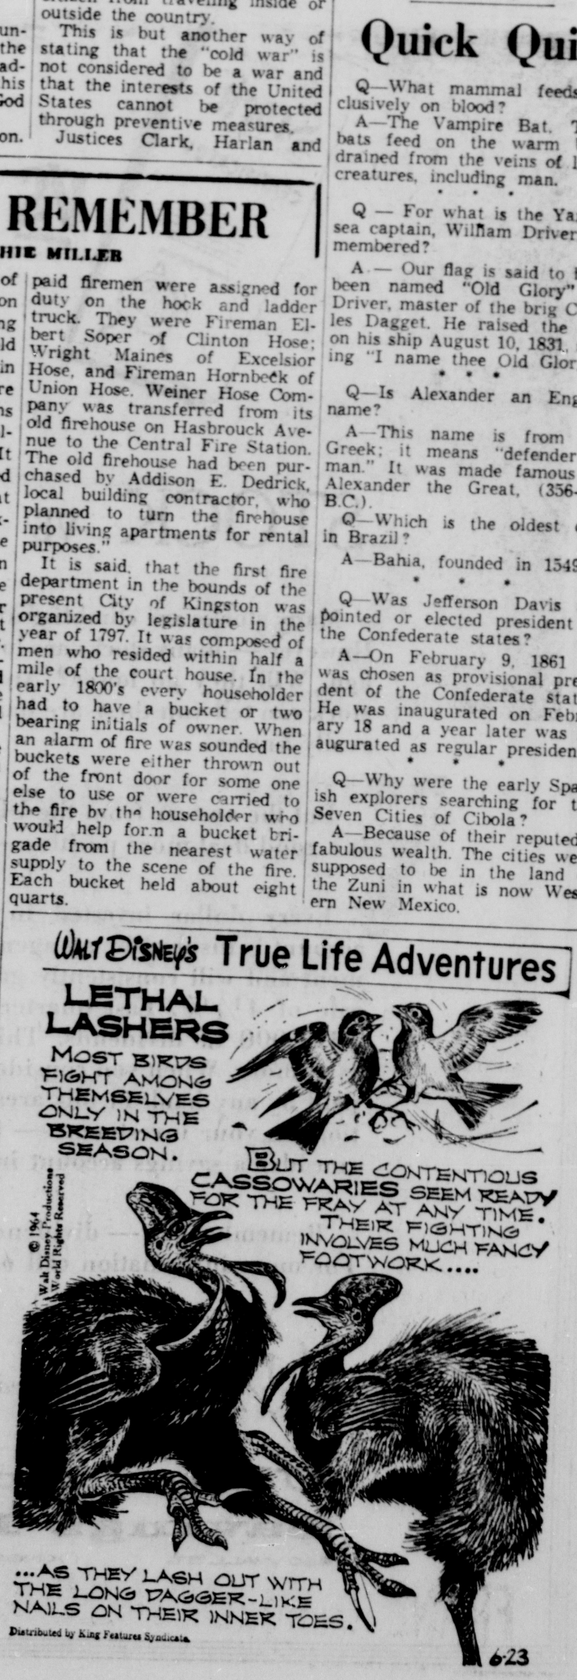

Mrs. Drake further writes: "I send 'Do You Remember' to a very dear friend who has a home in Kingston and New York City, Margaret Hasbrouck Elliott. She enjoys them as much as I do . . . also sent some quite old ones I found . . . I am sure everyone enjoys your writings. Sincerely, Cora E. Drake." I appreciate this kind note very much. I remember how my father used to clip out "At Century's Turn" by H. L. Van Deusen and save them for me. Attorney Henry Klein sent me a batch some time ago which I save and refer to.

Strange how an old postal card can make you interested in certain information. I have one of the Central Fire Station, during the days of fire horses. The two dark horses, and two white horses and the center one horse carriage. In one of H. L. Van Deusen's "At Century's Turn" which Attorney Henry Klein had sent me it says: "The new Central Fire Station on East O'Reilly Street was opened on December 1, 1908. The big team of horses that had hauled the hose wagon of Wiltwyck Hose Company to fires was transferred to the new station and used to haul the hook and ladder truck."

Item further explains: "Three paid firemen were assigned for duty on the hook and ladder truck. They were Fireman Elbert Soper of Clinton Hose; Wright Maines of Excelsior Hose, and Fireman Hornbeck of Union Hose. Weiner Hose Company was transferred from its old firehouse on Hasbrouck Avenue to the Central Fire Station. The old firehouse had been purchased by Addison E. Dedrick, local building contractor, who planned to turn the firehouse into living apartments for rental purposes."

It is said, that the first fire department in the bounds of the present City of Kingston was organized by legislature in the year of 1797. It was composed of men who resided within half a mile of the court house. In the early 1800's every householder had to have a bucket or two bearing initials of owner. When an alarm of fire was sounded the buckets were either thrown out of the front door for some one else to use or were carried to the fire by the householder who would help form a bucket brigade from the nearest water supply to the scene of the fire. Each bucket held about eight quarts.

Capitol News in Brief

By THE ASSOCIATED PRESS

WASHINGTON (AP)—In the news from Washington:

WASHINGTON (AP) — The Senate gave swift authorization Monday to a $5,246,293,250 measure for the nation's space program.

The measure would allow $52 million more than the House voted for the year beginning July 1. But for the first time in the seven-year life of the National Aeronautics and Space Administration the authorization was less than the previous year's budget, which was $5,350,820.40.

The bill now goes back to the House. Actual funds to finance the program will come through a separate appropriations measure.

WASHINGTON (AP) — The U.S. population has climbed an estimated 12 million since the 1960 census.

The population clock in the Census Bureau working on birth death and immigration rates, reached 192 million at 8:35 a.m. Monday.

The decennial count in April 1960 was 180,007,000.

WASHINGTON (AP) — President Johnson declared Monday that the GI Bill of Rights signed 20 years ago by President Franklin D. Roosevelt "increased the strength of our nation by enlarging the opportunities of our people."

In a statement marking the anniversary of the bill, Johnson said the stroke of Roosevelt's pen "was far more than a nation's gesture of gratitude to those who in a cause of freedom had borne the cost of the conflict.

"It represented America's intention to ensure that the war we were going to win would be followed by a peace we were not prepared to lose."

Johnson said the results have been rewarding, noting that eight million veterans received training under the bill and that it spurred the post - war economy.

Says Head, Not Heart Is First Signal of Death

SAN FRANCISCO (AP)—The head—not the heart—first signals certain death, says a Boston doctor who urges that a brain wave recorder be used to tell when a dying patient passes beyond help.

Devices to restore or stimulate heartbeat and breathing can "maintain the look of life in the face of death," Dr. Hannibal Hamlin reported today at the annual convention of the American Medical Association.

But the electroencephalograph —EEG—can tell when lack of oxygen to the brain, the main lethal factor, has made death inevitable, he said.

"The brain completely without oxygen generates no waves on the electroencephalogram," the Boston neurological surgeon noted. Yet resuscitative devices can keep heart and lungs functioning "while agonizing and expensive prolongation of false hope continues for all concerned."

Students Face Court

SEOUL, South Korea (AP)—Three South Korean University students went on trial before a military court today charged with insurrection for directing the recent demonstrations against the government of President Chung Hee Park.

After 40 minutes of preliminary deliberation, the court granted a defense motion for postponement until Friday.

Negro Named Director Of Industries, Inc.

NEW YORK (AP) — Samuel R. Pierce Jr., a Negro lawyer, has been elected a director of U.S. Industries, Inc., a manufacturing company with sales at about $120 million a year.

His law partner, Theodore W. Kheel, said Monday Pierce is the first Negro to have a policy-making position in a large American corporation doing business internationally.

"And not because he's a Negro, but because he's qualified," Kheel said. "U.S. Industries has no Negro business. Sam's presence will not make a nickel's worth of business for them."

Sniper Blamed For Teen Girl's Death in Gotham

NEW YORK (AP) — A teenage girl was shot to death—apparently by a sniper — while walking with her younger sister through a 42nd Street parking lot early today.

Police said a small caliber bullet struck Joan Wilson, 18, of Manhattan in the top of her head.

Her sister, Margaret, 15, told police she heard two shots as they were taking the short cut through a parking lot.

New York is the only state in the Union which directly touches both the Great Lakes and the Atlantic Ocean.

PLAZA HOME UNIT INSTALLS—Installation of officers for the Plaza Heights Home Demonstration Unit were conducted recently at Katsbaan Inn. There were 25 members and guests present. The new officers are (l-r) Mrs. Darrell Smith, chairman; Mrs. George Leombruno, vice chairman; Mrs. David Cartmell, treasurer and Mrs. Duane Allen, secretary.

Supporters Ask Royal Family to Recognize Wally

PARIS (AP) — The Duke of Windsor ushered in his 70th birthday today with a small dinner party at Maxim's that lasted until after midnight.

His supporters in Britain used the anniversary to call again on the royal family to forget the past and officially recognize the duke's American wife.

Marking his birthday quietly, the duke slept late and spent most of the day at his desk. A secretary said he was working on personal accounts and correspondence.

Another private dinner party, at the house of friends, was scheduled tonight.

With the duke at their Paris mansion was his wife, the former Wallis Warfield Simpson, who was a divorcee when he gave up the British throne in 1936 to marry her. She is 68.

Movies of Bombing Dooms Cuba Raiders

MIAMI, Fla. (AP)—A desire to make movies on an anti-Castro bombing mission last week may have spelled doom for the raiders, Cuban exiles said today.

"The pilot, Luis Diaz, asked that he be permitted to make the raid in daylight rather than during protective darkness" said spokesmen for the sponsoring organizations, Revolutionary Recovery Insurrectional Movement and Commandos L.

"He wanted to make pictures and show them later to spur collection of funds to buy planes for bigger raids on Cuba."

Diaz, 23, was killed after he and two companions dropped three homemade bombs on a central Cuba sugar mill. Havana radio said the other two were injured when the plane was shot down. Both were captured.

Names In The News

NEW YORK (AP) — Peter Duchin, 27, son of the late pianist, Eddie Duchin, married New York socialite Cheray Georgea Zauderer Monday.

Guests at the ceremony in the Park Avenue apartment of the bride's parents, Mr. and Mrs. George Zauderer, included Duchin's godparents, Undersecretary of State and Mrs. W. Averell Harriman.

NASHVILLE, Tenn. (AP) — Sgt. Alvin York, 76, hero of World War I, is listed in satisfactory condition at the Veterans Hospital in Nashville.

York entered the hospital Friday with internal bleeding.

MOSCOW (AP) — Nikolai S. Patolichev, 56, Soviet minister of foreign trade, was reported to have "suffered a collapse" just before beginning talks with a delegation of Italian businessmen.

Italian sources in Moscow said Monday a Foreign Trade Ministry spokesman informed the Italian Embassy that Patolichev had suffered a collapse and couldn't attend the talks. The nature of his illness wasn't disclosed.

SAN FRANCISCO (AP)—Anatoly F. Dobrynin, Soviet ambassador to the United States, says that "little by little" relations between this country and Russia "are moving in the right direction."

The ambassador, in a speech Monday to the World Trade Club at San Francisco, said "people everywhere want to believe in peace," and added: "I believe you Americans don't want war."

Selected were Kenneth Anders, Marilyn Calderwood, Susan Davis, Marie Francello, David Gallenz, Mary Ann Mayone, Sylvia Nilsen, Linda Pappalardo, Stanley and Stephen Rosenberger, Robert Todaro, and Richard Warfel.

Also, Principal Buonfiglio gave recognition to the following students for outstanding scholarship: Michael Bonavita, Marilyn Calderwood, Susan Davis, Marie Francello, David Gallenz, Howard Hackney, Sylvia Nilsen, Janice Raimondi, Robert Todaro, and Michael Williams.

The sixth grade class of Walter Karch included: Ruth Aldrich, Ronald Amato, Nicholas Bonelli, Nancy Bruno, James Cavanaugh, Gaetana Ciarlante, Susan Davis, Thomas Dickson, Angelo DiPaola, Laura Duncan, Joseph Fondino, Martha Hildebrandt, Patricia Hurley, Rudolph Legg, Linda Leskody, Mary Ann Mayone, George Nagy, Georgia Orsulich, Linda Pappalardo, Stephen Pasqua, Patricia Perry, Stephen Rosenberger, David Sasso, Magdalena Schoch, Robert Todaro, Janis Torgersen, Richard Warfel, Alan Whitaker and Charlotte Winters.

The sixth grade class of Paul Brazier included: Kenneth Anders, Michael Bonavita, Elizabeth Borcherdt, Debra Brocco, Peter Cafaldo, Marilyn Calderwood, Edward Cavanagh, Neil Crantek, Thomas Favreau, Marie Francello, David Gallenz, Howard Hackney, Christine Hilije, Kathy Legg, Pamela Mauro, Richard Mayone, Jeffrey Miller, Sylvia Nilsen, Frank Petramale, Janice Raimondi, Rita Mary Rinaldo, Stanley Rosenberger, David Ruger, Frank Sasso, Frank Serra, Kathleen Taylor, Sharon VanWarner and Michael Williams.

Local Christian Service Brigade Wins Area Events

Saugerties Christian Service Brigade of First Baptist Church were double winners in the Mid-Hudson area Christian Service Brigade's annual field day held last week at Poughkeepsie High School field. Eighty-three boys representing churches from Beacon, Peekskill, Poughkeepsie and Saugerties participated.

Christian Service Brigade is divided into two groups: the Battalion (ages 12-18) and the Stockade (ages 8-11).

Leading Battalion 425 of First Baptist Church, Saugerties, to victory were tri-winners James Cody and William Frame. Cody took first place in the 100-yard-dash, the running broad jump and was a member of the winning relay team. Frame tallied first place in the 220-yard-dash, the running broad jump and was a member of the winning relay team. Captain Robert Finger accepted the team trophy for Battalion 425.

Stockade 425 of the First Baptist Church, Saugerties, edged out Peekskill for the team trophy. Mark Battalia, David Fuller and Walter Wagor paced the winners. Chief Ranger Gerald Finger accepted the team trophy for Stockade 425.

Prior to the awards and presentation of the team trophies Donald Schoenwald of Poughkeepsie led the group in hymn singing and a message was delivered by Roger Soule, Dutchess Community College coach.

Battalion Scores — Saugerties 47; Beacon 28; Poughkeepsie 21, and Peekskill 19.

Stockade Scores — Saugerties 41; Peekskill 33, and Beacon 14.

Rummage Sale Slated At High Woods Church

A two-day rummage sale will be held on the grounds of High Woods Reformed Church Friday and Saturday beginning at 10 a. m. each day. The sale is sponsored by the Weavers Guild of the church.

Proceeds from previous outdoor sales were used to paint the schoolhouse, purchase a sign for the church, holiday remembrances for shut-ins, ceramic urns for the front of the church, flowers, candles, prizes for the Labor Day parade, a baptismal outfit for an Indian mission, and postage for mission boxes.

The Guild also sponsors the year-round weaving project in the schoolhouse, which produces the handwoven articles displayed and sold at the church's annual Labor Day Fair.

The church is located on the High Woods-Zena Road, just off the Glasco Turnpike, in the township of Saugerties.

Glasco-Flatbush Girl Scouts Seek Leaders

Girl Scout officials of Glasco-Flatbush area are seeking the assistance of adults as leaders and helpers.

An open meeting will be held 8 o'clock tonight at Loughran Hall, Flatbush Reformed Church.

Miss Ann Vree, neighborhood chairman and Mrs. Allen Lund, troop organizer will answer questions pertaining to the Girl Scouting program for this area.

TV Star Invites All to Simmons PlazaHootenanny

Channel 6-TV star Pete Williams this week extended a warm invitation to all Hudson Valley folks to visit Simmons Plaza on July 3 at 9 p. m. Saugerties Jaycees are sponsoring the three-hour hootenanny which Pete Williams and his country music boys are headlining.

The July 3 program will include the performance of Jane Markovsky, Miss Saugerties of 1964; Sebastian Vos, Saugerties High School student from High Woods well-known locally for his folk singing, and "The Group" a trio of folk singers from New Paltz.

Saugerties Jaycees wish to remind everyone that the program is free and suggests that people bring their lawn chairs. Refreshments will be available throughout the evening.

Commencement Set Wednesday

Saugerties High School will hold its 68th Commencement Exercises in the high school auditorium on Wednesday. Admittance will be by ticket only, which must be presented before 8 p. m.

One hundred and fifty seniors are looking forward to the beginning of a new experience. The final hurdle of Regents examinations and school finals was met last week. Schools will close officially today. Students will be informed concerning schedules and buses by their teachers.

Lutheran Notes

Mr. and Mrs. Lloyd Mellander have been appointed advisors for Atonement Lutheran Church Luther League, official young people's organization of the Lutheran Church in America. They will with the League officers, the Rev. Walter Cowen, pastor, and youth committee be in charge of mapping out the fall and winter program.

During July and August the summer schedule will begin at Atonement Lutheran Church. The family service will be 9 a. m. each Sunday during July and August and also on the first Sunday in September. Families are urged to bring the children for these services.

Duvalier Hopeful

PORT AU PRINCE, Haiti (AP) — President Francois Duvalier expressed hope Monday that Haiti would improve its relations with other nations and create a climate favorable for foreign investment.

Addressing the National Assembly after he was sworn in as president for life, Duvalier declared that all underdeveloped countries need foreign investment.

Elect Mrs. Baxter Head of Public Health Nursing

Court Gives Reds Passport Rights

WASHINGTON (AP) — The Supreme Court ruled unconstitutional Monday a section of the Subversive Activities Control Act that denies passports to members of officially designated Communist organizations.

Justice Arthur J. Goldberg, speaking for the court majority, said that the section "too broadly and indiscriminately restricts the right to travel and thereby abridges the liberty guaranteed" by the Constitution.

The decision was given on appeals by Elizabeth Gurley Flynn, national chairman of the Communist party of the United States, and Dr. Herbert Aptheker, editor of "Political Affairs," a party organ.

Justice Tom C. Clark wrote a dissenting opinion, in which justices John M. Harlan and Byron R. White joined. The vote thus was 6-3.

Man cultivates about 25,000 species of plants, about 10,000 of which are cherished for their ornamental flowers.

Wilkins Has Word On Advancing Under CR Bill

WASHINGTON (AP)—Negro leader Roy Wilkins warns that Negro advances under the new civil rights bill will be diminished if unwise tactics are used in testing its enforcement.

Wilkins, executive secretary of the National Association for the Advancement of Colored People, told a news conference Sunday that rights backers should be "smart rather than loud" in seeking implementation of the bill when it becomes law.

"If you have to change the sparkplugs in your car, you don't use a sledgehammer," he said. "You use a wrench.

"It could be that the speedy approach would not be the most productive approach. But we must move fast enough to insure that we don't let the other people (civil rights foes) jump into a vacuum situation following enactment of the bill."

Wilkins was expected to urge moderation tonight in his keynote speech to the NAACP's 55th annual convention here.

Rhinebeck Board Will Resubmit Bond Issue

Rhinebeck Central School District Board of Education members have decided to resubmit to the taxpayers on Oct. 21, a $1,308,000 bond issue for a proposed 29-room school, possibly with a choice of electric or oil for heating purposes.

The proposal, which called for the new building to be heated by electricity, which would be the first of its type in the area, was rejected on June 10 by a vote of 715-579.

A school district spokesman said the school board will look into the legality of giving district taxpayers a ballot choice on alternative heating systems. He said the board still feels that electricity would be more economical. The board, the spokesman said, based that belief on opinions it sought from area residents.

REFRIGERATOR - FREEZER

Frost *can't* form with the wonderful Frostless Refrigerator-Freezers —neither in the big zero-degree freezer, nor in the refrigerator section. And the new refrigerator-freezers give you much more usable space inside with no increase in overall size.

You can forget about food and ice trays that stick or cubes that have to be battered apart . . . your FROSTLESS keeps frost out and cubes so cold they can't stick together.

You can really stock up on sale items, knowing that when you want to use them they'll be as fresh as the day you bought them *and* you won't have to chop them out of the freezer, not with a FROSTLESS!

You can cook and freeze an entire meal against the day when unexpected guests drop by, *and* the whole tasty menu will pop out of the freezer as easily (and free from ice) as when you put it in!

You can have the peace of mind that comes from knowing you have a supermarket right in your kitchen, full of frozen delights that you can bring out for any culinary emergency. (And without the slightest trace of icing up, thanks to your FROSTLESS!)

The State Council Columbiettes comprise some 102 auxiliaries of Knights of Columbus Councils throughout New York.

The Honorable Margaret Mary J. Mangan is honorary president of the organization.

Violates Parole

Accused of violating parole, Morris Marshall Starr, 19, of Veteran, was arrested today by State Police BCI Investigator Joseph Franke of the Kingston sub-station and State Parole Officer John Keeley. Starr was turned over to Keeley and lodged in the Ulster County jail pending a hearing before State Parole Board. Starr, Franke said, was on parole from Woodbourne Prison where he served a term for a grand larceny conviction.

The arrest was made on a warrant obtained by Keeley.

The phrase "ear marked" comes from the English farmers' practice of notching the ears of their cattle to identify them permanently.

Selecting Traver Jury

Selection of a jury for the second degree assault trial of George H. Traver, suspended Poughkeepsie police lieutenant, began today before Dutchess County Judge John R. Schwartz. Edward A. Filipowicz is defense attorney. The trial had been delayed several times for various reasons. Traver is accused in an indictment of shooting John Phillips, Highland taxicab driver during an alleged argument in front of Traver's Town of Poughkeepsie home. Town police said Traver allegedly hit Phillips with his revolver, which discharged and wounded the taxi driver on the shoulder.

Traver Trial Has 3 Witnesses on Po'keepsie Stand

Three witnesses were heard up to noon today in Dutchess County Court in the trial of a suspended Poughkeepsie city police lieutenant charged with second degree assault of a taxi driver. The charge is a felony.

Lieutenant George H. Traver, 51, a 27-year veteran of the Poughkeepsie force is accused of wounding John Phillips, 34, of Highland, a Poughkeepsie cab driver, last Nov. 17 in front of the Traver home, 1 Colburn Drive, Arlington. Police said that a 32-caliber personal revolver owned by Traver discharged during an argument between the men, wounding Phillips in the shoulder. Phillips was taken to Vassar Hospital for treatment of the wound.

Traver, who reportedly has an unblemished record as a police officer was suspended from the force by Chief John L. Martin pending disposition of the case. He has been free in $5,000 bail.

This morning's witnesses reportedly included the physician who treated Phillips, a bartender and a police officer who arrested Traver after the incident. This was the second day of the trial.

Big Deal Will Open at Former Adin's Site 25th

The Kingston Big Deal Market, formerly Adin's Market, 70 Franklin Street, will open Thursday morning at 9 o'clock with appropriate ceremonies. Mayor John J. Schwenk will participate in the re-opening of the discount market at Franklin and Furnace Streets.

Manager Matthew Lassandro reported today that all departments, including produce, meats and groceries will be open for business Thursday. There will be free merchandise given away at the opening.

Using as its motto, "Shopping at Big Deal is a Big Deal" Lassandro said the store would carry a complete line of merchandise.

For many years the market was operated by A. D. Rose and later taken over and operated as Adin's Market. The business was recently acquired by Big Deal Markets, a New York City market chain which operates several stores.

Negroes Planning Another Wade-in

ST. AUGUSTINE, Fla. (AP) —Determined Negroes, shrugging off attacks by white gangs in their last three wade-in demonstrations, planned another one today at the beach.

The assault on St. Augustine racial barriers was stepped up Monday by daylight, while legal attempts were made to knock out an order of Gov. Farris Bryant banning after-dark demonstrations by both sides.

Two wade-ins were held Monday within three hours. Each time tough white segregationists wielding fists and clubs attacked the Negroes.

Bryant, ordered by U.S. Dist. Judge Oryan Simpson to show cause why he should not be held in contempt of court for his order to halt the night marches, worked on the defense he will make in court at Jacksonville Friday.

The governor denied that he had asked the State Supreme Court for an advisory opinion on his duties and responsibilities under a Florida "big stick law." Reliable sources said the court was studying the law for him.

The law, enacted in 1955 after the U.S. Supreme Court decision outlawing segregation in public schools, gives the governor authority to take any steps he deems necessary to prevent violence and maintain peace.

State troopers sent in by the governor quickly broke up Monday's encounter and hauled 21 persons to jail. Virtually all those arrested were released on bonds.

Until the battle over desegregation grew tense two weeks ago, Negroes had used the integrated public beach without incident.

Barry Has Advantage

WASHINGTON (AP) — Sen. Barry Goldwater commands the largest single bloc of members thus far selected to the Republican Convention Platform Committee and may have a veto on any plank he opposes.

Party moderates and liberals who are fighting to prevent the Arizonan from getting the GOP presidential nomination have been plugging for a strong platform statement on civil rights.

They want an endorsement of the legislation Congress is about to pass, and against which Goldwater voted in the Senate. Moreover, they are contending the GOP nominee must be pledged to enforcement of the bill's sweeping provisions.

Scranton After 52 Votes

HARRISBURG, Pa. (AP) — Gov. William W. Scranton of Pennsylvania took his campaign for the Republican presidential nomination into neighboring Delaware and New Jersey today.

With a combined delegate strength of 52 votes, the two states were first on a list of regions to be visited by Scranton during his second full week of an 11th-hour bid to overtake and surpass the front runner for the nominatitn, U.S. Sen. Barry Goldwater of Arizona.

Limb Does Damage

A large limb, which fell from a tree on Albany Avenue near East St. James Street Monday afternoon, damaged a car and loosened wires of the Central Hudson Gas & Electric Corp., but caused no interruption of electric service. Police headquarters was notified at 2:01 p. m., that the limb had fallen and Officers George Dougherty and Junious Harris investigated. A front fender on a sedan owned by Ellis Griffith, of 211 Main Street, was reported damaged. The public works department was called to remove the limb from the street.

Turks Are Wary About Return of UndergroundBoss

NICOSIA, Cyprus (AP)—Turkish Cypriot officials and U.N. officers said today the return of Greek underground leader George Grivas to Cyprus spells trouble for the tension-ridden island.

"Grivas' return means things will go from bad to worse," said a Turkish Cypriot attached to the staff of Vice President Fazil Kuchuk, leader of the Turkish Cypriot community.

U.N. military officers said privately they agreed Grivas' return would heighten tension.

The Cyprus government continued to deny that the former EOKA commander had slipped back to the island. Glafcos Clerides, president of the House of Representatives who told correspondents Grivas had returned and conferred with Greek Cypriot President Makarios, denied he had given any such report.

Grivas is an exponent of Enosis, the union of Cyprus with Greece. Makarios advocates self-determination or independence for Cyprus with Enosis posssibly in the future. There has been considerable public pressure for Makarios to appoint Grivas commander of the Greek Cypriot National Guard.

Ulbricht Admits Chances Slim for Pact With Soviet

BERLIN (AP) — Walter Ulbricht, the Communist leader of East Germany, has at last publicly admitted he doesn't expect to get his long-sought separate German peace treaty with the Soviet Union.

For more than five years, Moscow has poised the threat of signing a separate peace pact that the Reds claimed would drive the Western Allies out of Berlin.

At the beginning, Soviet Premier Khrushchev gave the West six months to get out. The ultimatum gradually was softened. After the Cuba missile crisis, the Reds stopped talking about their peace pact.

In conversations reported on Monday in the controlled East German press, Ulbricht tried to give the impression he never really wanted a separate pact —that would have left West Germany to the mercy of the militarists, he said.

Instead he has a friendship treaty signed in Moscow 11 days ago. The Communist press quoted him as saying that this pact "gives us all that we can expect and need" from a peace pact.

Then he went on to develop the idea that he was conducting a policy for the benefit of all Germany, suggesting that the Communist way would produce a settlement for the whole country and not just part of it.

Western diplomats regard this as a flip-flop from the days before Cuba when the Communists were pressing for a Red takeover of West Berlin.

War Risk Considered

WASHINGTON (AP) — Many Congress members indicated belief today that the administration has decided it is willing to risk war with Red China to prevent Communist forces from overrunning Southeast Asia.

Sen. George D. Aiken, R-Vt., said for one he was apprehensive about "a general expansion of the war in Southeast Asia" but added in an interview: "I think they (administration officials) have made up their minds to expand the war."

Labor Camps Going Soft?

MOSCOW (AP)—Soviet labor camps have become country clubs, where drunkards, prostitutes and other "parasites" enjoy sunbathing, good food and vodka, the government paper Izvestia complains.

The social misfits sent to detention centers for rehabilitation "are just warming themselves in the sun and they are fed. They should be made to work from dawn to dusk and they should be punished more," said Izvestia.

Airport Action Due

The Town of New Paltz Zoning Appeals Board has scheduled a hearing Wednesday night on an application for a permit to the operator of an airport on the Libertyville Road. Carl E. Confer, operator of the airport which has been in operation since 1958, is the applicant. Abram W. Paradies, Appeals Board chairman, said the permit would be discussed and probably acted upon at the meeting in Town Hall. Operator of the airport, which has a 2,300-foot runway and maintains a flight school, has been objected to by some local residents because of the noise.

Row Opens Over WhoShouldPolice Smoking in U.S.

WASHINGTON (AP) — A broad congressional investigation into cigarettes opened today with a row over who, if anybody, should police smoking.

The first witness, Sen. Maurine B. Neuberger, came before the House Commerce Committee with a plea to let the Federal Trade Commmission go ahead with its plans to require that cigarette containers have a health warning.

First, she asked Congress to "do nothing which would obstruct or impede the implementation" of the FTC program or a public health service plan for mass research and education on smoking.

Mrs. Neuberger also anticipated the testimony of a witness scheduled to follow her, Surgeon General Luther H. Terry. She said Terry would testify that the Department of Health, Education and Welfare "has now determined that HEW should be given legislative authority to regulate cigarette package labeling."

Prospects Good For Increase of Tax Rate on SS

WASHINGTON (AP) — House tax writers vote today on changes in the Social Security system. Prospects are good for an increase in the tax rate and the old age payments, but bad for the administration's proposal to include health care.

The Ways and Means Committee, which has been holding closed-door sessions off and on for three months, is understood to favor an increase of about six per cent in payments.

This would roughly parallel the increase in the cost of living since 1959, when the present rates were set, and would require an increase of about one-fourth of one per cent in the payroll tax and an increase in the taxable income to $5,400 from the present $4,800.

Scouts to Conduct Training Camp For Jamboree

Eighty Scouts, Explorers and leaders, members of the Rip Van Winkle Council, B.S.A., contingent to the 6th National Jamboree, will participate in a "Pre-Jamboree Training Camp" to be held at the Tri-Mount Scout Reservation this wekend, June 26-28.

Purpose of the Pre-Jamboree Encampment according to Sherwood Lasher, Kingston, chairman of the Council Jamboree Commitee, is to practice patrol cooking — Jamboree style, get used to setting up and taking down the new Jamboree tentage, and complete the organization of Jamboree patrols and troops. Lasher emphasized that parents and friends of Scouting are cordially invited to witness the Jamboree Scouts in action throughout the weekend encampment at Tri-Mount.

Members of the 80 boy contingent will start arriving Friday afternoon, at which time they will be issued the special Jamboree Troop and patrol camping equipment which they will be using at the actual Jamboree scheduled to be held at Valley Forge National Park, July 15-24.

The Jamboree Scouts and Explorers will then set up their patrol campsites to conform as closely as possible to the standard campsite layout to be used at Valley Forge.

Friday night the Jamboree contingent members will gather in the Camp dining hall to participate in an orientation session to be conducted by Jamboree Troop leaders Robert Tremper, Ulster Park; Anthony Zinnanti, Catskill; and Kenneth Magyar, Saugerties, a member of the Region 2 Jamboree Staff. Lasher, chairman of the Council Jamboree Committee, also will participate in the program.

A full day of Jamboree activities will be held Saturday including: practice in Jamboree campmaking, Jamboree field sports, practice in marching formations. The program for Saturday will conclude with Troop Campfires conducted by the individual Jamboree Troop leaders.

Following religious services, to be conducted in Camp Sunday morning, the Scouts and Explorers will participate in a final pre-jamboree orientation session to be conducted by Jamboree officials. The enforcement will conclude Sunday afternoon following closing ceremonies to be held on the Camp parade ground.

Lackawanna Asks For Aid to Save Passenger Service

NEW YORK (AP)—The Erie-Lackawanna Railroad said Monday it needs financial help from public agencies or it will have to give up passsenger services.

In letters to 204 mayors, congressmen, senators, legislators, governors and freeholders representing its North Jersey - New York service area, Erie-Lackawanna chairman William White said the railroad had suffered losses of more than $100 million since 1957.

The road's commuter service had risen to $7.2 million a year, White said, with the state of New Jersey granting $2.2 million to partially alleviate the loss.

The Erie - Lackawanna now carries 35,000 commuters each way daily except weekends.

Answer Is Filed To Vote Appeal

PHILADELPHIA (AP) — Attorneys for Genevieve Blatt, Pennsylvania's secretary of internal affairs, have filed an answer to an appeal against throwing out the so - called blank space votes in the contest for the Democratic nominee for U.S. Senate.

The appeal had been filed last week by Miss Blatt's opponent in the close race, Justice Michael A. Musmanno of the State Supreme Court.

Counting of the votes in the 15 wards where blank space voting occurred would give Musmanno a plurality of 1,215 in those wards. Miss Blatt is presently leading in the contest by 636 votes.

Chief Justice John C. Bell of the State Supreme Court has promised an early decision on whether the high court would hear the appeal against a ruling by Judge Vincent A. Carroll.

Five Drivers Fined

Kunz, Ridgewood Avenue, Rolling Meadows; Anita Kantor, 31, of 15 Chestnut Street, Rolling Meadows, and Robert Playford, 19, of 80 Prospect Street.

Outlook Clouded On Rights Bill Vote in 10 Days

WASHINGTON (AP) — The prospect of final congressional action on the civil rights bill within 10 days was clouded slightly today.

President Johnson reportedly has told House Democratic leaders he wants his top - priority poverty bill passed before the House adjourns for the Republican presidential convention.

This could clash with a pre-convention recess the Republicans have been counting on. Their platform committee meets in San Francisco the week before the convention starts July 13, and many congressmen are on it. Others want to testify.

Charles A. Halleck of Indiana told reporters Monday that Republican members of the House Rules Committee might not be so inclined to cooperate in sending the civil rights bill to the House floor if they are denied the courtesy of an early recess.

Report 2 Perish In Canoe Mishap On Fishing Trip

CHIBOUGAMAU, Que. (AP) —Two members of a four-man fishing party from South Dayton, Cattaraugus County, N.Y., perished after their canoe overturned on Lake Mistassini last week.

Provincial police said Monday night Elmore Phillips, 28, was drowned and his body was not recovered. John Astry, 30, died of exposure, police said.

The plight of the men was learned after a chartered aircraft arrived to carry them out of the northern Quebec area, where they had been since June 15.

Kenneth Latshaw, 38, suffered from frostbite during three days of snow. He was taken to a hospital in Chibougamau, which is about 300 miles north of Montreal. The fourth man, Raymond Luksch, 38, was not injured.

Police planned a further search for the body of Phillips. Lake Mistassini is 75 miles north of here.

RR Man Stricken Fatally

WELLSVILLE, N.Y. (AP)—An Erie-Lackawanna Railroad fireman was stricken fatally today in the cab of a passenger-train locomotive as the train neared Wellsville.

Ralph Gray of Hornell was pronounced dead on arrival at a hospital. He was believed to have suffered a heart attack.

The engineer, Leo Pruner of Hornell, brought the train to a stop without difficulty, a railroad spokesman said.

The train had departed from Hornell.

Girl Scouts Hold Ceremonies, Plan Summer Program

The Woodstock-West Hurley Girl Scout Neighborhood is bringing to a close its 1963-64 season, while plans go forward for summer activities in the out-of-doors.

Brownie Troop 90, Mrs. Peter Paulker, leader, held its Flyup Ceremony at Overlook Methodist Church Hall with the parents of its 10 girls as invited guests. The Brownies were presented with membership stars and flyup wings, and then crossed the Bridge to Junior Girl Scouting where they were welcomed by Mrs. Robert Rifenberg and Mrs. George Kittner, who will be leaders of Troop 96.

At a Flyup Ceremony held at the Woodstock Reformed Church, Mrs. Rifenberg and Mrs. Kittner also welcomed five members of Brownie Troop 82. Mrs. George Smith, leader, presented stars and flyup wings to 17 members of the troop who also served refreshments to their mothers.

In the West Hurley Firehouse, members of Brownie Troop 89 received their stars and flyup wings from Mrs. John Blatter, and then crossed the Bridge to Junior Girl Scouting and received their pins from Mrs. David Fox of Troop 79. The Brownies presented thank you notes to Mr. and Mrs. Watson Goodrich for the American Flag, to Mrs. John Vilas for the Brownie painting used during Girl Scout Week, and to Mrs. C. Anderson for her work as Cookie Chairman. Mrs. Fox spoke of the new program in Junior Scouting and explained the ways in which parents can help.

Junior Troop 176 presented a Scout's Own on conservation at a Court of Awards attended by their parents in the West Hurley School. Each girl earned the Drawing and Painting Badge, presented by Mrs. Sally Vilas, as well as their membership stars. Thank you gifts were presented by the girls to Mrs. M. Hutchinson, Mrs. F. Dutcher, Mrs. M. Williams, Mrs. Vilas, Mrs. William Fisher and Mr. H. Every. Refreshments were served by the mothers while an art exhibit was enjoyed.

Junior Troop 173 will hold a Court of Awards at a cookout at the Glenford Firehouse. The girls have earned a variety of badges as well as the Sign of the Arrow.

Brownie Troop 141 held its Flyup ceremony at the home of Mrs. Howard Young, Zena. The flyups were welcomed into Junior Scouting by Mrs. Paul Perlman, Neighborhood troop organizer.

Members of Junior Troop 175 are planning an overnight at Camp Mountain Pals accompanied by Mrs. Paul Perlman.

Junior Troop 174 plans a summer of outdoor meetings with Mrs. Gloria Criscamagna, leader.

Many girls from the Neighborhood will be enjoying the summer program at Camp Wendy in Wallkill.

Girls in the third grade in September may enroll in a Brownie Troop now by calling Mrs. William Fisher, Glenford, the Neighborhood chairman.

The Neighborhood Service Team wishes to thank all leaders and troop committee members who have done so much to make scouting enjoyable and worthwhile for the girls in this area.

Lecture-Recital In Guild Hall

H. A. Schimmerling will conduct "a musical journey" across Two Bridges of Slavonic Folkmusic in the lecture-recital taking place in the Guild Hall at 3:30, Sunday, June 28. The event will be the first presentation in music by the Performing Arts of Woodstock, the young organization which a short month ago won acclaim for its first dramatic offerings.

June Pauker, well-known throughout the Hudson Valley as a gifted singer in many languages, will share the recital stage. She will picture in their songs the spirit, the expressions, and the life of the people who have created the Slavic folk music.

The program promises to be a gay and entertaining musical adventure.

A visual prelude to Sunday's lecture-recital may be had by viewing exhibits in the window of Victor Basil and of the 7-Arts Gallery, both near the Village Green and also in the showcases of the Gilded Carriage, 95 Tinker Street. All the display spaces have been generously donated for the week's use by Mr. and Mrs. Victor Basil of Woodstock. The literary material shown is from the H. A. Schimmerling Library. The artifacts are by courtesy of Mrs. H. A. Schimmerling, Mrs. Bohumir Larys, and Richard Crist, all of Woodstock.

Top Twenty Categories Of Antiques at Show

The top 20 categories of popular antiques will be on exhibition and sale at the Colony Arts Center, Rock City Road, Woodstock, on July 3, 4 and 5.

The categories include china, glass, books, Civil War items, jewelry, lamps, furniture, prints and pictures, furniture, cards, buttons, silver, toys, dolls, military antiquities, tools and utensils, coins, stamps and miniatures.

The list of favorite antiques was compiled from the want lists in the leading antique trade journals and recent sales reports of antiques shows throughout New York and the New England area. All of the 24 dealers participating in the Woodstock show at the Colony Arts Center are offering special items in these popular fields.

Anyone who has individual pieces or collections in these antique categories and wants to sell them will find a ready market at the Colony Arts Center show. All of the exhibitors have indicated an interest in buying from the customers as well as selling to them.

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — Stability of wholesale prices — a rare thing during business expansions — has been a mark of the current upswing. But new pressures may be building up to tip the balance.

Already there have been considerable fluctuations in some commodities. Some prices have risen, particularly for industrial materials, because demand has caught up with supply. Others have been raised as a result of recent wage contracts. And more such negotiations are in the offing.

But so far, weakness in other commodities has kept the overall price index almost level.

The cost of living — or consumer price index — hasn't been so accommodating. It has held to a fairly steady if slow upward course, due mainly to advancing charges for services.

Since the present business upswing started early in 1961 the Bureau of Labor Statistics wholesale price index — based on the 1957-59 average as 100 — has moved between 99.5 and 101.2. It now is right in between, just slightly above 100. The consumer price index in April was 107., from the same base.

Individual commodity price changes have been marked during the last three years, however.

Changes ranged from gains of 4.4 per cent for lumber and wood products and 4.3 per cent for tobacco and beverages to decreases of 3.6 per cent for chemicals and 4.8 per cent for fuels and power.

More recent price increases have been listed for various metals. Coal prices have risen at many mines after the latest wage increase.

In most previous periods of business expansion price changes have been much quicker and larger. This was particularly marked in the 1955-57 boom.

Since then, however, capacity to produce has become so large that it acted as a damper on wholesale price fluctuations. This was true during the last previous expansion period, 1958-60, although industrial wholesale prices did rise 3 per cent in that period. This was offset by a drop of 15 per cent in the index for farm products.

In the current expansion, abundant capacity to produce also has acted as a brake on commodity prices. This surplus of facilities has kept competition keen in many commodity markets.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Henry Siesar, who has written more television shows for Alfred Hitchcock's television series than any other author, has figured out a way to have his cake and eat it tooo.

Three days a week Slesar concentrates on his job as creative director of a large New York advertising agency. The other four days belong to his flowering career as a fiction writer.

"I keep my advertising job," said Slesar "because there is no security in writing."

He wrote—and promptly sold—his first short story about eight years ago when he was at home, ill, and had nothing else to do. A short time later, Joan Harrison, producer of the then-half-hour Hitchcock show bought one of his published stories. Since then, he has sold close to 40 stories and scripts—half-hour and, later, hour-long—to the show. He also has turned out two or three hard-cover whodunits, other short stories and currently has two ideas for series under consideration by a network and a film studio.

Where does he find his ideas?

"If you write, you are always on the lookout for something—maybe only a line that is overheard—that will give you an idea.

Slesar's most successful short story—it has been republished often in anthologies and made into a Hitchcock progam—developed from a remark he overheard in a hotel restaurant. An elderly woman said to her companion, "I just don't know what is going to become of Alice. She just sits in that old house and refuses to leave."

Slesar worked and worked around that remark, finally coming up with "The Right Kind of House," a real thriller with a snapper ending about an elderly woman who remained stubbornly awaiting a buyer of a decaying old house on which she had put a ridiculously high sales price.

CBS signed Barbra Streisand Monday to a 10-year, $2-million contract. The 22-year-old singer-actress, who is the brightest new star to emerge in several seasons, will appear in a series of specials next season — perhaps starting with a one-woman show in the fall.

Dear Abby . . .

Keep Him In Sight!

Abigail Van Buren

DEAR ABBY: I am 19 and my husband is 28. We have two children. My husband has always been a sensible man, until he got mixed up with a character from work. This guy is 43 and thinks he is 18. He goes to the beach every weekend with his portable radio and tries to pick up girls young enough to be his daughters. My husband has been going to the beach with him and I don't like it. I told my husband to stay away from this character and it has caused lots of arguments between us. What would YOU do?

DISGUSTED

DEAR DISGUSTED: I'd go with him, and take the kids. One of them is sure to call him "Daddy."

• • • •

DEAR ABBY: Does giving a girl a pearl ring for her little finger mean that you are engaged to her? I gave a girl a pearl ring and told her she should have the jewelry store make it fit her LITTLE finger. Well, she is wearing it on her ENGAGEMENT finger and she's telling everyone we are engaged. I always thought that a diamond ring was the only kind that meant engagement, but now people are telling me that a pearl ring could mean the same thing. I like this girl a lot, but I don't want to be engaged to her. What do I now?

WORRIED

DEAR WORRIED: A pearl ring (or a paper ring from a cigar) can mean engagement, if the man prposes marriage to the lady and she accepts. You had better tell this girl that you were interested in only her little finger—not in her whole hand!

DEAR ABBY: A good friend of mine had to accompany her husband on an emergency trip, and she asked if my husband and I would chaperone her teenage daughter's house party. I said we would be glad to. When I asked her for instructions with regard to our responsibilities as chaperones, she said, "Oh, you don't have to do a thing. Just stay out of sight!" Will you please tell me how anyone can "chaperone" a party and stay out of sight? My husband and I sat upstairs in the bedroom and watched television the whole time, while the kids tore the place apart downstairs. I would like your opinion of what a chaperone's responsibilities should be.

"OUT OF SIGHT"

DEAR OUT: A Chaperone should first confer with the hostess to be certain that she understands what the "rules" are. This includes the do's and don'ts of conduct and what time the party is to end. It is not necessary for the chaperone to be present every moment. But she should check periodically to be sure the rules are being followed.

• • • •

CONFIDENTIAL TO JEFF: Keep your words soft and sweet. They taste better if you have to eat them.

Integration Heads To File Test Suits On Rights Law

CHICAGO (AP) — Dr. Martin Luther King Jr., said Sunday that integration leaders will file court tests of the Senate - approved civil rights bill as soon as it becomes law.

King said the Southern Christian Leadership Conference which he heads, will make court tests of the public accommodations section of the bill in Montgomery, Birmingham, Gadsden, Selma and Tuscaloosa, Ala., Albany, Ga., and St. Augustine, Fla.

He also told a news conference that he does not agree with Sen. Barry Goldwater, R - Ariz., that the civil rights bill is unconstitutional. Goldwater, voted against the bill in Friday's Senate action.

Wagner Welcomes 200 Classified Ad Managers

NEW YORK (AP) — Mayor Robert F. Wagner welcomed more than 200 newspaper classified advertising managers to the city Monday at the opening of their annual convention.

The mayor, who was cited for his work in settling the 114-day newspaper strike last year, said he was surprised that classified advertising accounts for one-third of lineage and "that more money was spent last year on newspaper classified sections than on magazines, billboards or radio."

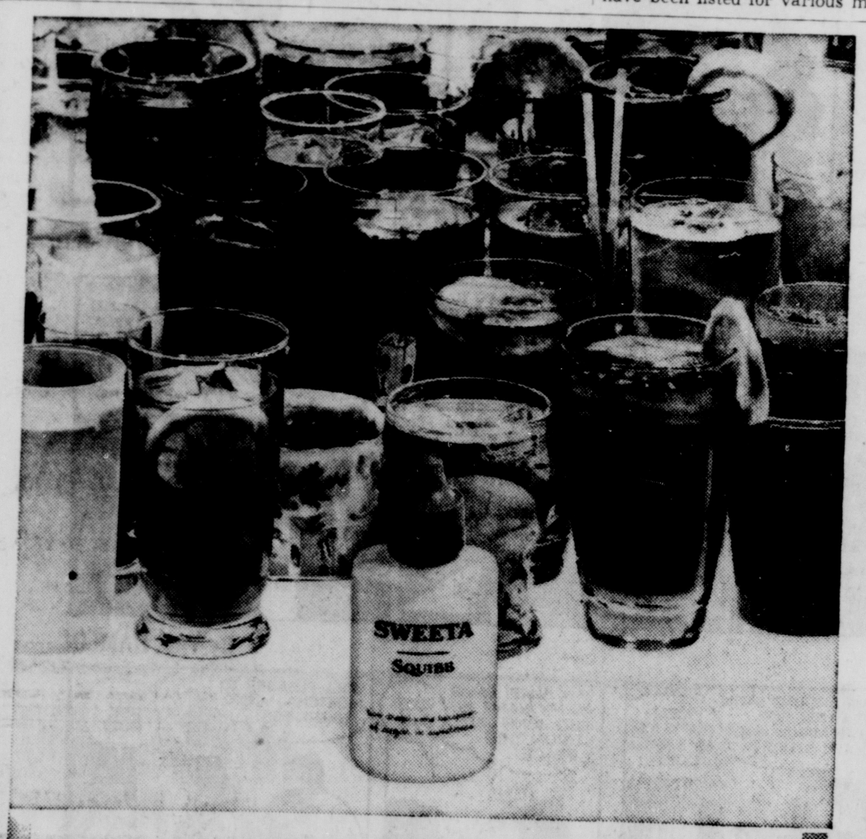

The mayor told how the record of one's life often is outlined in the classified sections of newspapers—with birth, marriage nd death announcements. He said that, in these and other varied ways, "your industry affects people and reflects their lives."

Court Won't Reconsider

WASHINGTON (AP) — The Supreme Court Monday refused to reconsider its June 1 decision that the Aluminum Co. of America must divest itself of the Rome (N.Y.) Cable Corp.

Alcoa and Rome joined in a petition for reconsideration.

Timmy — Sure, sir, I brought it as soon as I could. We only killed the pig yesterday.

Today in History

Today is Tuesday, June 23, the 175th day of 1964. There are 191 days left in the year.

Today's highlight in history:

On this date in 1683, William Penn made an agreement with the Indians for the purchase of Pennsylvania.

On this date

In 1722, Charleston, S.C., was incorporated.

In 1780, the battle of Springfield, N.J., was fought.

In 1931, Wiley Post and Harold Gatty started their flight around the world.

In 1947, the Taft-Hartley Act became law over President Harry S. Truman's veto.

Ten years ago — President Dwight D. Eisenhower announced his opposition to a federal pension for Alger Hiss, convicted of perjury in denying he gave secret information to a Communist spy ring.

Five years ago — Dr. Klaus Fuchs was released from prison in England after serving more than nine years of a 14-year term for giving atom bomb secrets to the Russians.

One year ago—President John F. Kennedy assured the Germans in a speech at Bonn that the United States would remain in Europe "so long as our presence is desired and required."

No Topless Suits Allowed

NEW YORK (AP) — Women who wear topless bathing suits on the city's beaches will be arrested, says Parks Commissioner Newbold Morris.

A woman wearing such a suit Morris said Sunday, can expect a policeman to come up with a blanket, cover her, take her to a police station, and give her a summons.

Life Insurance Queries, Answers

As a public service in cooperation with the Eastern New York Chapter of the American Society of Chartered Life underwriters, the following question and answers on life insurance are presented:

Question — The news reports on the new Federal income tax law speak of a future tax on group life insurance. I have a $35,000 policy at the office. Will I have to pay a tax on this?

Answer — No. Your $35,000 involves no income tax. The new Federal income tax law, now in effect, does apply a tax on group life insurance provided by an employer in amounts in excess of $50,000, but nothing below that. At one time, in the consideration of the measure, a $30,000 limit was in the bill but the final figure was $50,000.

The tax applies to the premiums paid by the employer, classifying them as taxable income for the employe for amounts in excess of the premiums on over $50,000 of insurance. The amount of this premium per $1,000 was not stated in the tax bill but was left to the Internal Revenue Service to establish. The rate will be a measure of annual renewable term insurance, going up each year with advancing age.

One exception is made — for persons over 65. The premiums paid by employers are not regarded as taxable income for the employe, if the latter is 65 or over, whether he is still working or is retired.

Kane Will Have Columbia Support For Court Post

Supreme Court Justice T. Paul Kane of Schoharie County, who was appointed by Governor Rockefeller to fill a vacancy created by the death of Justice Kenneth L. MacAffer, will have the support of the Columbia County delegates to the Third Judicial District convention at Albany July 28.

Justice Kane will be opposed by Edward S. Conway, Albany County chairman.

One of the Columbia County delegates who prefers to remain anonymous said Columbia County intends to "break once and for all the stranglehold that Albany County has held on Supreme Court posts over the past decade."

Columbia County's last Supreme Court justice was the late Daniel V. McNamee of Hudson who served in the 1930's.

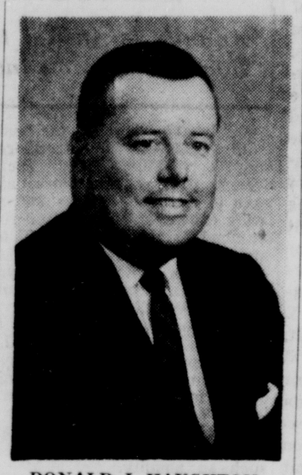

The Third Judicial District comprises the seven counties of Sullivan, Ulster, Greene, Schoharie, Albany, Columbia and Rensselaer. Presently the justices of the district are four from Albany County, three from Ulster, two from Rensselaer County, two from Sullivan County and one from Schoharie County. Columbia County and Greene Counties are not represented on the bench.

Ford Gets Quick Reply From Union On Coming Talks

DETROIT (AP) — Hard bargaining between Ford Motor Co. and the United Auto Workers in their impending new contract talks appeared likely today in the wake of clashing preliminary stands by both sides.

The union charged that Henry Ford II could not understand the worker's position. This was the UAW's reaction to Ford's speech Monday in Coronado, Calif., in which he said willingness to accept a strike was a part of "free and responsible collective bargaining."

Ford, board chairman of the firm, said that union demands could endanger the national economy.

"From his lofty position, it is understandable Mr. Ford can't make out the American scene below of workers producing more than ever yet being shorted in their share of the prosperity they are creating," said Ken Bannon, director of the union's Ford department.

The UAW issued Bannon's statement late in the day, presumably after the union had taken time to study the automaker's remarks.

Negotiations between Ford and the UAW formally open July 1, simultaneously with General Motors and Chrysler new contract talks. The present three-year contracts between the union and the Big Three automakers all expire Aug. 31.

The UAW has not announced its specific demands though UAW President Walter P. Reuther has indicated them in broad terms.

Ford, in his speech, said that from "what we read" it appeared that management is to face union demands that are "out of touch with reality."

Reuther has set a 4.9 per cent annual increase as a minimum economic goal for his union, but has not broken this down. The union has called for more liberal pensions, a shorter work week, and higher wages.

Boston Doctor Is New AMA Leader

SAN FRANCISCO (AP)—Dr. Norman A. Welch of Boston takes over the presidency of the American Medical Association tonight.

Dr. Welch, an internist, succeeds Dr. Edward R. Annis of Miami, Fla.

A graduate of Tufts College Medical School, Dr. Welch is consultant physician to five Massachusetts hospitals. He has been president of the Massachusetts Medical Service—Blue Shield—since 1950.

The AMA is holding its 113th annual convention in San Francisco.

Sees Police Needs Coming for Fishkill

Supervisor Lyndon Hickman of the Town of East Fishkill contends that the township will need a police department within five years.

Hickman noted that the town's population nearly doubled between 1950 and 1960, from 2,565 to 4,778, an increase of 2,213. With construction of the East Fishkill IBM Corporation Components Division plant, the growth in the township is estimated to have been at a more rapid pace in the last four years.

The comment of Hickman came as he spoke of the proposed $228,000 town hall, near Hopewell Junction, is constructed.

LAWS ABOUT DOGS

I am interested in trying to do something about the laws in this state on the keeping of animals, mainly dogs.

We have been bothered by dogs running loose ever since we moved to New York and this summer is even worse than before. It got to the place that we were having dog fights in our yard and I was afraid to let my three year old daughter out to play.

When I called the authorities I was told that nothing could be done as long as the dogs were licensed. (Well needless to say I am not about to get out in the middle of a dog fight to find out which dogs have current licenses.) The authorities also told me that if one of my family were to get bit by a dog then we would have grounds for a law suit, but this certainly would not save us from the discomfort of rabies shots if the dog had rabies.

I think that a law should be passed to keep all dogs in their own yards either in pens or on leashes whether licensed or not.

I would like to know the steps that one would have to take to get such a law into effect.

Incidentally; I have a small dog which I have tried several times to keep on a leash in my yard and the other dogs have just malled her and hurt her because she cannot get away from them when she is confined.

Thank you,
MRS. RAYMOND POLONE

P. S. — The dog that was causing all the dog fights did not have a current license and has been picked up, but if it had had a license nothing could have been done.

San Diego Has Third Quake in Two Days

SAN DIEGO, Calif. (AP)—An earthquake shook San Diego Monday night for the third time in two days.

Chandeliers swayed, windows rattled and several burglar alarms started clanging when the quake hit at 9:56 p.m.

Dr. Charles Richter of the California Institute of Technology seismology laboratory at Pasadena, 130 miles to the north, said the quake probably was centered ventose to San Diego.

The city had a sharp quake Sunday morning and a series of light tremors just after noon Monday.

To Confer on Senecas

WASHINGTON (AP) —House and Senate conferees will meet Wednesday in a third attempt to resolve differences in bills to compensate the Seneca Indians for land to be flooded by the Allegheny River reservoir.

The House approved $20.15 million in payments to the Indians; the Senate, $9.13 million.

2 Dads Honored, 1 Posthumously

Fathers Day, 1964 will long be remembered by two Mid-Hudson Valley families. As the result of a Montgomery Ward contest to select a dad who would be King For A Day, the families of John Schallenkamp, Rosendale and Adrian Lemon, Blue Mountain met.

Local children who entered the contest were required to write a composition of 25 words or less, telling why their dad was the greatest.

Little Karen Schallenkamp, age 11, wrote, "In February Daddy gave his life when he went through fire to try and save my sister. They both died. He was a brave man." In a postscript she continued, "If I win a prize I would like a ride for me and my brothers to the cemetary on Fathers Day, as we don't have a car. I'd like something pretty to put on Daddy's grave."

Rodney Lemon, age 10, wrote, "My Dad is the greatest because eight years ago when I was two years old he came to a rehabilitation hospital and picked me to be his fourth child. He didn't care that I was crippled." Rodney's postscript was "If my day wins, could you give the bike to some boy who does not have a dad."

Rodney and Karen met, and little Rodney gave the bike to Karen. Sunday morning, Rodney's dad took both families to church and to visit the grave of John Schallenkamp. There, in a touching ceremony the two little children placed a beautiful floral piece on the grave.

Earn Their Welfare Pay

BINGHAMTON, N. Y. (AP)—The city has put 22 men to work, earning their welfare payments.

A spokesman said Monday the jobs include maintenance of streets, public buildings and parks.

The state law authorizing cities, towns and counties to sponsor work-relief programs became permanent in 1960. Thirty-nine welfare districts have adopted the programs.

3rd Fatal on Job

WARRENSBURG, N. Y. (AP) —Henry M. Williams, 62, was injured fatally Monday when the water-tank truck he was driving rolled backward down a grade and overturned at a Northway construction site.

Sheriff Robert Lilly said Williams, of Ghent, was the third person within two months to die during construction of the highway in Warren County.

Atkins Is Elected YW Board Chairman

A. Raymond Atkins was elected chairman of the Board of Trustees of the Y.W.C.A. at a recent meeting of that board held at the building at 209 Clinton Avenue. Atkins succeeds Deweese DeWitt as chairman of the Board, the latter having been a member of the Board of Trustees for 12 years.

Attorney Robert MacKinnon of Hurley was elected to the Board of Trustees to replace Chairman DeWitt.

Other members of the Board of the local Y.W.C.A. include Mrs. Frank Thompson, Harlow DeForest, J. Ellis Griffith, George Chilson and Mrs. Henry P. Eighmey, president of the Board of Directors of the Y.W.C.A.

Awards Presented At Final Meeting Of Phoenicia Cubs

Awards, advancements and inductions rounded out the final meeting of Phoenicia Cub Scouts Pack 60 last week, with the annual "Olympic" games the highlight of the occasion.

Cubmaster James Heffernan presented 12 awards. John Rogerson received a silver arrow under wolf; Ross Rogers, bear badge; Peter Rogerson, silver arrow under bear; Kris Wood, Daniel Schutis and Randy Smith, lion badges; Kris Wood and John Ford, gold arrow under lion; Randy Smith, Daniel Smith, Alberto Mousset and Howard Rubin, Webelos badges.

Charles Stroh and James Van Wagner were initiated as bobcats.

Cubmaster Heffernan also announced that plans have been finalized for the Pack trip Saturday, June 27. All Cubs are to meet 9:30 a. m. at the parish hall parking lot. They are to bring their own lunches and must be in uniform. Parents have been requested to provide transportation.

Supervisors Warned About Water District

Supervisor Thomas D. Mahar, (D-Town of Poughkeepsie) chairman of the Dutchess County Board of Supervisors has warned Poughkeepsie city officials that the board can no longer delay the formation of a County Water District.

Mahar said he would appeal to Mayor Victor Waryas and the Common Council to make every effort to reach a decision as soon as possible. He said, "This issue has been too long unresolved."

The Board chairman contended that a county water supply system is essential for two reasons: (1)—To protect the health of the community, and (2)—To obtain new industries. Mahar predicted that the Board of Supervisors will take the first steps to form the district shortly after a hearing on July 13, and he expressed the hope that the City of Poughkeepsie officials will have reached a decision to sell its surplus water to the district by that time.

Driver Figures Speed Fine Saved Him $10

ALBANY, N.Y. (AP)—Harlan Weaver will tell you speed pays.

The speedometer on Weaver's automobile was stuck at 80. A garageman said it would cost $20 to repair.

Monday Weaver was caught in a radar trap and fined $10. But the radar apparently corrected an electrical fault, and the speedometer works perfectly now.

Weaver figures he saved $10.

MILLION-DOLLAR JAGUAR—NOT FOR SALE!

At the time Rome fell, another city, another great civilization was rising—half way around the world.

The center of the first Mayan Empire, Chichen Itza, lifted its great pyramids above the forests of the Yucatan Peninsula on the east coast of Mexico in the fifth century, A.D.

Deep within the largest pyramid is a chamber dominated by a throne in the shape of a red jaguar, spotted with inserts of green jade. The Mexican government refused $1,000,000 for it 30 years ago!

Far to the north stand the remains of another ancient city, Teotihuacan, which housed 250,000 people in 700 A.D.

And only 35 miles from there is a modern capital of today's world—Mexico City. Here, the tall buildings are examples of the best in modern architecture. Commerce and industry, theater and the arts, education and medicine, people and customs—all are of today's world.

Knowledge of our modern neighbor is important today. Send for the free 16-page booklet, "Know Mexico," Box 1900, New York 19.

Progress Noted On Negro Rights Of Servicemen

WASHINGTON (AP) — The Pentagon's civil rights chief today reported some "spectacular changes" in treatment of Negro servicemen in areas around military bases.

Alfred B. Fitt, deputy assistant secretary of defense for civil rights, indicated he expects the new civil rights bill to help in scoring further gains against racial discrimination affecting servicemen.

"Our people probably use more public accommodations than any other segment of the population," Fitt said in an exclusive interview with The Associated Press.

He referred here to a section of the new bill providing remedies for persons barred on racial or religious grounds from such public accommodations as hotels and motels, restaurants, or places of entertainment.

The Pentagon's year-old drive to eradicate discrimination against servicemen has relied largely upon persuasion, with base commanders generally dealing with local officials on a case-by-case basis.

"There's been very gratifying progress," Fitt said, "but a good deal remains to be done."

He stressed that in using the word spectacular to describe some gains so far, he meant instances where rigid patterns of segregation had been broken even to a limited extent for servicemen.

Students Range

diploma through night work. Those "drop-outs" who have completed two years or more of high school work are encouraged to work for the full high school diploma through attendance at the Adults Education program classes, Director Klein said.

Praises Teachers

Much of the credit for successful work in obtaining high school diplomas through the Adult Education program, is given by Mr. Klein to the competent instructions given by the teachers who conduct the classes.

Particular credit is given by the "students" to Mrs. Mildred DeWitt who carried much of the teaching load and to Philip Furnari, Keith Kempton, Mrs. Bella Crook, Mrs. Albert Kurdt, Leonard Kronick and Victor Nippert who taught courses in the Adult Education program. From the director of Adult Education and his staff, most of the credit for achieving their goal and being awarded a high school diploma, goes to the hard work and the persistent efforts of the group.

On September 14 there will be new registration for people interested in any phase of Adult Education and particularly those who do not have a high school diploma. Anyone interested may call the Adult Education Department of Kingston High School for information.

Financial and Commercial

NEW YORK (AP) — Motors weakened in a mixed stock market early this afternoon. Trading was moderate.

Gains and losses of most key stocks went from fractions to about a point.

The auto stocks, which began to falter Monday when Henry Ford II implied that his company is willing to risk a strike, lost ground.

Rails, airlines and building materials kept a slightly higher trend but steels worked irregularly lower. Chemicals, farm implements, tobaccos and electronics were mixed.

The market was irregular from the start and seemed to lack any incentive for a renewal of its recent recovery drive.

The Associated Press average of 60 stocks at noon was unchanged at 309.3 with industrials unchanged, rails up .5 and utilities off .3.

The Dow Jones industrial average at noon was up .39 at 826.77.

Xerox fell 3 points, apparently in further reaction to the threat of additional competition in the office photocopy field. IBM gained a fraction.

Prices on the American Stock Exchange were generally higher.

Oppose Hoffa's Plan

NEW YORK (AP)— A major revolt against Teamsters Union President James R. Hoffa's plan for a nationwide contract in the car-delivery industry shaped up today with locals from Tarrytown, N.Y., to Baltimore reported out on strike.

The East Coast locals had rejected the pact earlier this month, but the international union ordered another vote. Scattered reports indicated the members voted overwhelmingly against it Monday night.

Hearings on Bus Applications Are Scheduled July 1

Public hearing by the Common Council's Railroad and Bus Committee is to be held in the city court room, City Hall, starting at 7:30 p. m., July 1, on the application of the Urban Transit Corp., to extend bus service to the Town of Ulster, and on another by State-Wide Airport Transit Inc., to use city streets for its service between here and New York airports.

Urban Transit, recently denied permission to extend service to the Town of Ulster on a temporary basis, now seeks a permanent permit from the Public Service Commission.

Service to Airports

State-Wide seeks to operate from the Governor Clinton Hotel to the airports in the New York metropolitian area.

It was announced Saturday that a limousine service from Kingston to the John F. Kennedy and LaGuardia airports is due to start Monday, June 29. It provides service for Ulster, Orange and Rockland counties .

Greenwald's Travel Service, 286 Fair Street, notes that stops below Kingston will be at Holiday Inn, Newburgh; Motel on the Mountain, Suffern, and Howard Johnson's, Route 59, Spring Valley.

Would Run to Ulster

Urban Transit, which operates city bus service, also requires permission from the Common Council to operate over certain city streets in extending its service as far as Boice's Lane, Town of Ulster.

The council's Railroad and Bus Committee is headed by Alderman Edward J. Schrowang (R) First Ward. Its other members are: Donald Tucker (R) Fourth Ward, and Peter J. Mancuso (D) Eighth Ward.

Ulster Red Cross

coverage in many areas, he pointed out.

President Stall, of the Chest board of directors, said, "The Chest welcomes this affiliation in keeping with its policy of providing united fund raising efforts in the community, and also a more unified means of budgeting and planning for the community's health, welfare and recreational needs.

Grows in 10 Years

"This is another major step in the continued growth of the Ulster County Community Chest, which was organized 10 years ago. Then, it served only the Kingston area and included six member agencies. It's first campaign produced some $58,000. Today, the Chest covers a large area of Ulster County, has double the number of agencies, and last fall raised a record $174,000.

"Another benefit of united campaigning is that it frees the agency volunteers and staff members to provide more and better programs because they do not have to spend so much of their time in the fund raising effort.

"It is the public—the contributors—who have most often expressed a desire to minimize the number of separate fund drives. The future success of this affiliation will depend entirely upon the support received from the public. I am certain every one will respond generously to this combineed fund raising effort when the Community Chest campaign is conducted this fall," he said.

Markle Pays $200, Carle Coming Up In Policy Case

Two stops on Broadway Monday afternoon by local police resulted in the arrest of two men charged with possession of policy slips allegedly used in the numbers game.

They are Earl E. Carle Jr., 27, of Box 811, Tillson, who was arrested at Central Lunch, 486 Broadway, and Arthur E. Markle, 45, of 178 Downs Street, arrested at Markle's Cigar Store, 656 Broadway. They were released in their own recognizance pending city court hearing today.

Markle pleaded guilty before Judge Joseph D. Saccoman and was given the choice of paying a $200 fine or spending 30 days in jail. The fine was paid.

Carle is due in court Wednesday.

Participating in the arrests were Lt. Lemuel Howard, Detectives Charles McCullough, Albert Hutton, Gurnsey Burger, and acting Detective Floyd Krom.

The arrest of Carle was reported at 12:55 p. m., and that of Markle at 1:15 p. m.

Assistant District Attorney Robert A. MacKinnon appeared for the prosecution today.

Bomb Scare Delays Plane

MADRID, Spain (AP) — A bomb scare delayed for almost an hour today the U.S. presidential plane carrying Greek Premier George Papandreou to Washington for talks with President Johnson. It stopped here to refuel.

The U.S. Embassy said it received a warning by radio from Athens that "there mightbea Athens that "there might be a bomb aboard."

Security men made a check with negative results.

Dragging Resumed For Missing Girl, 8

Dragging operations resumed today for Lynne Capwell, 8, of Athens, believed drowned Sunday in the Hudson River near Four Mile Point between Coxsackie and Athens in Greene County.

State Police at Leeds substation said troopers, SCUBA personnel and volunteers resumed the search about 8:30 a. m.

The girl went with her family and some friends to the swimming spot Sunday afternoon. Guy Capwell, the girl's father, said that an unidentified child told him his daughter disappeared from the surface shortly after entering the water. Troopers and volunteers conducted a search in a radius of approximately two miles of the site but found no sign of the girl. Dragging operations continued Sunday night through 3 a. m. Monday. They were resumed early Monday morning, but to no avail.

Letter Dated June 19

Lodge's letter of resignation was dated June 19 and Johnson's letter of acceptance with regret was dated today.

Lodge said he was resigning "entirely for personal reasons" and the tone of his letter indicated no policy disagreements was involved.

Johnson said the country had been fortunate to have had Lodge's dedicated service in the delicate South Viet Nam post.

And, he said, he was fortunate in getting Taylor and Johnson to go to Viet Nam.

In this connection, Johnson commented that Taylor has displayed outstanding qualities of leadership in the past, dedication to democracy and knowledge of the ways of Communist subversion and aggression.

Deputy ambassador Johnson will go to South Viet Nam and head up the U.S. mission until Taylor arrives.

Home by Week's End

Replying to questions, the President said he did not know Lodge's future plans, but that he probably would be home by the end of the week. He said newsmen could ask Lodge that question.

Johnson was asked whether he thought Lodge might become the Republican presidential nominee. He replied that he was not an expert of the Republican convention and in turn asked the questioner:

"Do you have any idea who I might be running against?"

Asked whether this was a formal announcement of his own candidacy, Johnson merely grinned.

While no one doubts that Johnson will be the Democratic nominee, he has never formally announced that he will seek a four-year renewal on his White House lease.

Youths Caught in Act

Two local youths were caught Monday afternoon in the act of taking parts from cars at the Fred Perry Jr., car lot in East Kingston. One of the youths, 14-years-old, was from Kingston and the other, 15 years old, was from East Kingston. Ulster County Investigator Thomas Mayone reported the youths were caught in the act. They had already removed a radio from a car and were in the act of taking a heater when caught. They were found on the car lot about 5:30 p. m. Both will be petitioned into Family Court.

Firemen checked a blaze at the city's refuse disposal area off Ulster Street Extension Monday night. Units from Union, Cordts and the Wicks Company responded to a call at 9:25 p. m. and remained there until 10:33 p. m.

All herons fly with their necks drawn in and their feet extended.

Conservatives Are Organized At County Parley

Elwood L. Pierce of West Hurley was elected county chairman of Ulster County Conservative Party at a recent party convention held at Gov. Clinton Hotel.

Frank S. Meyer, noted author and lecturer and senior editor of National Review magazine addressed the group on the highlights of the conservative movement over the past 30 years. Meyer, a resident of Woodstock serves as a member of the county committee and state committee. He stressed that no matter who is nominated for president this year, the conservative effort will continue.

Joseph Rauner of Ellenville was named vice chairman; Charles A. Holland, Wallkill, treasurer; Mrs. Ronald Drowns, Kingston, recording secretary; Mrs. Jean C. Rickard, Mt. Tremper, corresponding secretary. Mrs. Rickard is the wife of Eric M. Rickard, the party's candidate for assemblyman from Ulster County.

District vice chairmen named include Worthington L. Rider of Kingston; Harry S. Hoffman Jr., Saugerties; LeRoy Sluder, Napanoch, and Donald Kiley, New Paltz.

Brokerage Firm's Man Sought in $700,000 Loss

NEW YORK (AP)—The office manager of a New York Stock Exchange member firm is being sought in an embezzlement that may total $700,000.

Named in a warrant is Jeremiah T. Moran, 61, for two decades an employee of Burnham and Co., which disclosed Monday it had been the victim of embezzlement.

The police alarm said Moran, a frequenter of race tracks, is wanted for grand larceny of $375,000. A detective said that much was known to be missing and the figure may reach $700,000 when additional records are checked.

Burnham said its $25-million insurance policy more than covered any loss.

Moran was last seen leaving the Wall Street offfice Friday.

which began in Denmark on June 16. He arrived in Sweden on Monday.

Because of previous threats, police operations and restrictions were decidedly more severe in Sweden than in Denmark.

Police were told to shoot anyone making a threatening move toward Khrushchev. They reportedly were told to fire "even if you are in a crowd."

Swedish police normally are permitted to shoot only after being fired on.

Farm Help Told In Achieving Watershed Aims

Watershed programs are of growing importance to both farm and city, J. J. Sugden, chairman, New York Agricultural Stabilization and Conservation State Committee, said recently. And cost-sharing assistance, available through the Agricultural Conservation Program, in most cases is an important factor in getting watershed farmers to commit themselves to carry out the needed land-treatment measures and in speeding up their application.

The chairman pointed out that, in addition to direct agricultural benefits, water-shed programs (1) adequate supplies of clean water, (2) less damage and expense from floods and erosion and from stream and reservoir siltation, and (3) better, more accessible recreational facilities.

The backbone of any watershed program, he stressed, is the timely establishment by farmers, ranchers, and woodland owners of needed conservation practices on the land in the watershed. Public Law 566, under which the largest number of watershed programs now organized have been developed, provides that Federal assistance for works of improvement will be available only if the owners of not less than 50 per cent of the lands in the drainage area above each proposed retention reservoir in a project enter into agreements to carry out the recommended soil-conservation measures and farm plans .

Since the watershed plans provide no P.L. 566 funds for land-treatment measures except in certain critical situations, ACP assistance has been invaluable in helping accomplish watershed conservation objects, Sugden said.

Watershed activity during 1963 in New York State, to which ACP cost-sharing assistance contributed importantly, included upstream watershed protection and flood-prevention project, and locally organized tributary or community watershed efforts.

In 1963, New York State had 15 organized watersheds, in which 1496 farms received ACP assistance in carrying out conservation practices. ACP cost-share assistance and farmers' contribution for such practices amounted to about $700,000, during the year.

Throughout the country, land-treatment measures were performed during 1963 alone in about 1,200 organized watersheds by the owners and operators of more than 132,000 farms and ranches. Farmer-and-ACP investment in watershed conservation work for the year amounted to about $43 million.

doned hope of reform within our Republican Party. It is because of this that I must decline the Conservative nomination.

"To all those who so generously supported my candidacy, I would like to say that I fully intend to remain active in area politics. Together I feel we have added much to our Republican Party and demonstrated that the need for wide independent participation in the selection of candidates is not only needed but deserved by a large element of the Republican Party. I intend in the future to take the same interest in the welfare of our Republican Party that I took during the Primary campaign," Newcombe said.

"Again, I would like to thank the Conservatives who voted for me. But it is an honor I must decline."

Annuity Is Answer to Boost Widower's Income

Q) "I have $30,000 in the bank. I am a widower without children and receive $105 a month Social Security. I'm 72, no work, and have to draw on savings for my living expenses. What do you recommend as the best method for survival?" J.L.

A) I have the deepest sympathy for someone who is alone and in your difficult position.

An annuity would appear to be your best method for survival.

You appear to have no direct heirs, so a straight-life annuity seems most suitable for you. I would consult with an agent of a major insurance company and ask what they would pay you on such an annuity.

I would leave $10,000 in the bank for emergencies and put $20,000 into the annuity, which at your age should pay you at least $160 a month.

With your interest from $10,000 savings and your Social Security you should have a monthly income of $300 — on which you can live in moderate comfort.

Q) "We are interested in growth. We are both 55, and my income is in five figures. Insurance is adequate, equity in home substantial, and we have $15,500 in savings. Among stock holdings we are concerned about are American Hospital Supply, Chemical Products, American Research, and Dean Foods. Have you any suggestions about these stocks?" C.P.

A) It is always pleasant to encounter anyone as well established financially as you appear to be.

American Hospital suffered a slowdown in growth in 1962-63 through expenses in connection with a new division, but I believe the rising pattern will be renewed and I would hold these shares.

Chemical Products showed sharply lower earnings in 1963 than in the previous year. I don't believe this is a growth situation and I advise you to switch into Consolidated Foods.

The statements about Chemical Products apply equally to Dean Foods, and I would switch this stock into Pacific Gas & Electric.

American Research invests in young scientific enterprises, and I would hold this stock for long-term gains.

Pope Says Church Studies Problem Of Birth Control

VATICAN CITY (AP)—Pope Paul VI said today that the Roman Catholic Church is studying the birth control problem in the light of new developments. But he said Church bans on contraceptives remained valid for the present.

It seemed clear that he was speaking of contraceptive pills, although he did not mention them specifically.

The Roman Catholic pontiff discussed birth control in a general speech on Church and world affairs to a group of cardinals.

His words came amid growing discussion among Roman Catholics about the use of contraceptive pills. There have been suggestions that they might be used to regulate the menstrual cycle so the rhythm method could be used with greater precision. The Church rejects contraceptive devices but permits the rhythm system.

Pope Paul said he hoped the studies would soon be concluded.

"But let us say frankly," he said, "that we have not yet sufficient reasons to consider overcome, and therefore not obligatory, the rules given by Pope Pius XII in this connection.

Pius in a 1958 speech said pills should not be used to prevent pregnancy. But he added that they could be used to check uterine ailments if they were prescribed by a doctor without the intention of preventing pregnancy.

U.S. Jet Defies

stops at Keflavik, Iceland, and Prestwick, Scotland, will continue. Other flights are scheduled to depart Wednesday and Friday.

"Our position is that we have not been notified that these flights are unlawful and until we are, we will continue them," the spokesman said.

"We don't negotiate with the Soviet government, the State Department does. The State Department and the West Berlin government gave their approval and until the State Department withdraws its approval, we will continue to operate jet flights into Berlin."

Warned in Past

State Department officials in Washington did not regard the Communist warning as ominous. They pointed out that the Soviets had given similar warnings in the past.

Up to May 30, when the New York-Berlin flights began, Pan American had been making flights to Berlin that originated in West Germany. These flights were set up with Soviet agreement after World War II to supply occupation forces in Berlin.

The Soviet Union claims, however, that any flight originating outside West Germany is not essential to the Berlin garrison, and not covered by the postwar agreement.

Other lines flying to West Berlin are British European Airways and Air France. The French flights originate in Paris and stop at Frankfurt en route to Berlin. The British airliners fly direct from London.

Four Going From YMCA to Annual Silver Bay School

The 9th annual YMCA Leaders school for high school age boys at Silver Bay on Lake George will open Monday, June 29 and four boys will be in attendance from the Kingston Y, Secretary Louis H. Schafer reports.

Justin Beck, a senior at Kingston High, who is making his fifth trip to the school, will act as supervisor for the three boys during their study period. The boys are Lary Flowers, returning for his second year; Riccardo Esposito and Alen Van Heusen making their first trip.

The leader's school will have more than 200 boys from the Eastern Seaboard YMCA, of which New York State is a part. The school is under the direction of the New York State YMCA State office and will be guided by Ray Williams associate state secretary in charge of physical education. Williams is a graduate from Williams College, a college that specializes in YMCA work.

Class sessions are from 7 to 8 a. m., 2 to 4 and 7 to 8 p. m. Many are devoted to fellowship so that the boys can get acquainted with YMCA leaders from the other YMCA's. Some of the subjects and skills to be taught are:

Teaching techniques and methods on all gym apparatus. Techniques of leading in physical fitness calisthenic drills. Theory session on: "A leader and His Career." Proper handling of boats and canoes. (Life saving and safety factors). New developments in aquatics. (Different swimming maneuvers and strokes). Leadership in supervised games and activities for all. Physical fitness tests and measurements and their evaluation. Water Skiing. (Sport vs. Bad Points). Brainstorm session on building and strengthening the local Leader's Clubs.

The school's gymnasium, waterfront and academic instructors are by certified YMCA physical and youth directors from associations in Westside Y and Harlem Y in New York City; Newark and Orange, N. J.; Baltimore, Md., and Westfield, Mass. The local boys are sent to the school annually by the Kingston Lions Club at Silver Bay. The arrangements for this unique leadership are handled by Secretary Schafer and Charles H. Sims, physical director.

Yanks Reach Thai To Aid Stockpile

BANGKOK, Thailand (AP)—About 50 soldiers of the U.S. 25th Division were reliably reported today to have arrived in Thailand to help stockpile military equipment due here this week.

Military informants said another 60 to 70 men were expected to follow for the operation, described as a buildup of American strength in this strategic Southeast Asian country.

Five U.S. ships carrying trucks, armored personnel carriers, signal equipment, ammunition and construction gear are en route to Thailand. The first vessel is scheduled to dock in Bangkok tonight.

NEW PALTZ NEWS

Mabel DePuy—Telephone AL 6-7719

Two Teachers Resign; Five Join Faculty

NEW PALTZ—At the recent meeting of the New Paltz Central School Board, two teachers resignations were accepted with regret: Mrs. Susan Benton, third grade teacher and Charles Maben, junior high school science teacher. Mrs. Benton is moving away, and Mr. Maben has accepted a position at Onteora.

Five new teachers were hired, Joseph DiBlanca was hired for the new position of seventh grade mathematics and science teacher. Mr. DeBlanca comes from the Monroe - Woodbury School, and replaces Michael Landes who recently resigned Mr. DiBlanca's salary will be $5,700.

Albert J. Fiore was hired as a 12th grade social studies and economics teacher at a salary of $5,200.

Mrs. Elvira Hauer was appointed a third grade teacher at a salary of $5,400. Mrs. Hauer has four years experience as director of teenage program with the YWCA. She also completed her student teaching in the first and fourth grades at the Duzine School.

William Rehling was hired at a salary of $6,200 to teach the special class. Mr. Rehling worked for five years as director of the Highland Training School for Boys.

Mrs. Patricia Olmstead, who has been substituting for the past six months was given a permanent appointment to teach the fifth grade at a salary of $5,400.

Frank Hamilton, clerk of the board of education was granted permission to attend the 20th annual Institute for School Board Clerks to be held at Syracuse University from Aug. 9 through 12.

William Pitsing of Gardiner was appointed head custodian of the central school. Mr. Pitsing qualified for the position as a result of an examination taken last winter.

It was decided to pay teachers extra salaries for those who are required to coach the various sports on a basis scheduled by the board. Prior to this faculty members acted as coaches to various sports activities at no extra salary.

The board approved the tri-county vocational study program. Dr. Francis Cornell of White Plains, of the state education department, is making a study of this proposed program for state financial assistance. The program is a state-wide survey broken into three county areas for vocational study. The survey is mandatory by the state before any further action can be taken on vocational education. The cost of a tri-county survey is estimated at $24,000 with each county paying an equal part. The cost to New Paltz Central School is anticipated at about $702 and the state will reimburse the district five-eighths of this amount.

The final payment of $5,147.82 for the electrical work on the Duzine School was approved, also to transfer $64,186.86 from the Franklin National Bank to the general fund, and to transfer $13,572 from the bond construction fund to the general fund.

Computer Programmer

Michael Landes, who recently resigned as mathematics teacher at the New Paltz Central School, has joined the College Park, Md., Facility of Electro-Mechanical Research, Inc., (EMR), as a computer programmer. The primary activity of this facility is the integration of complex electronic and electro-optical equipment in satellites under the cognizance of the NASA Goddard Space Flight Center, Greenbelt, Md.

Landes received the bachelor of science degree in mathematics education from New York State University at New Paltz, in 1962 and has been working toward the master's degree in the same field. He is a member of Kappa Delta Pi honorary education faternity and Nu Pi Sigma science and mathematics honor society.

Monument to Vegetable

HIRSCHHORN, Germany (AP)—One of the only vegetables honored with a monument is the potato, which is commemorated here with a plaque that reads: "To God and Francis Drake, who brought to Europe for the everlasting benefit of the poor, the Potato."

The potato, acknowledged as a native of the Americas, was known as a staple in the Indian diet long before white settlers set foot there.

Compare Auto Insurance Rates... You'll Switch to EMPIRE

Rates shown are for minimum requirements under New York State law for 1-AO classification, $10,000/$20,000 personal injury, $5,000 property damage and uninsured motorist coverages. All rates are after discounts. An additional 10% discount is given on compact cars.

Interested in saving money? Take one minute right now and compare Empire's low cost auto insurance with your present rates. You may find you are paying much more than you should!

With Empire Mutual you receive a 15% discount. This is *in addition to the 10% discount* allowed to eligible drivers under the Safe Driver Plans in use by Empire and many other companies. And, *you get both reductions—nearly 25%—in advance!* You don't have to wait a year to get back your own money. (Own a compact?—take another *10% advance discount* from rates shown.)

Empire rates not only start low, but they stay low. Most companies increase your rates even for a minor accident. Not Empire . . . *an accident loss of $100 or under does not affect your Empire rates.* Neither do collision or medical payment losses.

New York residents insuring with Empire are *guaranteed against cancellation for five years*—even with a number of accidents—under Empire's Certified 5-Year Renewable endorsement, as long as you and the members of your family abide by the law and the terms of the policy.

Important, too, are the personal services of an agent or broker which are yours when you insure with Empire. He gives you impartial advice and represents you when you need help.

Rates that start low and stay low, coverage that is guaranteed for 5 years against cancellation, personal services of an agent or broker, and fast claim service . . . these are the reasons why more people insure with Empire every year. Why not join them and save for yourself?

SOCIETY EDITOR GREETS FDR JR.—Under Secretary of Commerce Franklin Delano Roosevelt Jr., meets with Freeman Society Editor Dorothy A. Narel prior to the Ulster County Democratic Committee dinner at the Fallsview Hotel in Ellenville. Roosevelt, who was the guest speaker, was introduced to the filled dining room by Aaron E. Klein, Ulster County Democratic Chairman. Roosevelt told Mrs. Narel that the choice of a vice president in the upcoming national election is up to the convention delegates, the Party and the wishes of President Lyndon B. Johnson. He did, however, leave an opening by stating he would serve if asked to do so. About the Senatorial post Roosevelt stated he has not sought it. He emphasized there were many capable candidates who could serve. In line with this statement he mentioned Mayor Robert Wagner of New York, former New York State Governor Averill Harriman and Congressman Sam Stratton, among others. (Rondout Valley photo)

ALL THEIR FRIENDS ARE WELCOME

Q: An item appeared in our local newspaper the other evening stating that Mr. and Mrs. John Smith were holding open house in honor of their 50th wedding anniversary on such and such a date and the hours and that all their friends were welcome. I met the anniversary couple on several occasions but do not know them intimately. On the strength of this invitation, would it be proper for me to go to the house on that day and extend my best wishes to the anniversary couple?

A: Unless you know the anniversary couple so slightly that they will not know who you are, you may go to the house to give them your best wishes on their anniversary.

Answering an "And Family" Invitation

Q: We have received an invitation to a wedding reception addressed to Mr. and Mrs. John Jones and Family. There are five in the immediate family—mother, father, two daughters and one son. Will you please tell me how this invitation should be answered?

A: Correctly, it is answered as follows:

Mr. and Mrs. John Jones
Misses Mary and Alice Jones
and Mr. Henry Jones
accept with pleasure
etc.

Not Going to the Wedding

Q: We have received an invitation to the wedding and reception of the daughter of one of my husband's business associates. We are not going but would like to know if we are required to send a present just the same?

A: No present is required.

The Emily Post Institute booklet entitled, "Formal Wedding Procedure," includes details on the wedding procession, the receiving line and other helpful wedding information. To obtain a copy, send 10 cents in coin and a self-addressed, stamped envelope to Emily Post Institute, in care of The Kingston Daily Freeman.

Streib-Turner Nuptials Are Announced; Vows Are Taken in St. Peter's, Rosendale

Miss Lorraine Kathleen Streib, daughter of Mr. and Mrs. Bernard Robert Streib of 106 Main Street, Rosendale, exchanged marriage vows with Floyd James Turner, son of Mr. and Mrs. Floyd Turner of Mohonk Road, High Falls.

The double ring wedding ceremony took place on Saturday, June 20 at 2 p. m. in St. Peter's Church, Rosendale. Officiating was the Rev. Joseph Irwin.

Two vases of white gladioli, pompons and mums decorated the church for the occasion. The pews were marked with white satin ribbon.

The bride was given in marriage by her father. She wore a gown of white organza posed over bridal taffeta fashioned with a fitted bodice, three quarter length sleeves and a bouffant skirt trimmed with reembroidered Alencon lace. The gown swept back into a chapel length circular train. The silk illusion veil was shirred to a stylized bridal crown. She carried a cascade of white roses with ivy.

The bride's sister-in-law Mrs. Dorothea Streib of Brooklyn was matron of honor. Attendants were Dawn Turner of High Falls and Mrs. Robert Gerdes of Staten Island. Kathleen Porzelt was the flower girl for her cousin.

Robert Gerdes of Staten Island was best man for the bridegroom. Ushering were Bernard Streib Jr., of Brooklyn, the bride's brother, and Harry Turner of High Falls, the bridegroom's brother.

Approximately 70 guests were received at a reception given in The Alpine, Rosendale.

The bride was graduated with the Class of 1964 from Rondout Valley High School.

The bridegroom, an alumnus of Rondout Valley, Class of 1963, is employed by Walter Davenport and Sons of High Falls.

Local Girl to Sing With Jazz Sextet; Assigned to Algiers

Miss Marjorie Ann Lowrey, daughter of Mr. and Mrs. Arthur Lowrey of 96 Gage Street is a vocalist in a group known as the Modern Jazz Interpreters who will be serving as good will ambassadors in Algeria.

A sextet, the Interpreters won their assignment to appear at the United States Exhibition in Algiers June 27 through July 23 because of their showing in the April Collegiate Jazz Festival at Notre Dame University.

Miss Lowrey is a senior at West Virginia State College majoring in business education.

Anne Rita Simrany, John Thomas Dunn Married June 13th

In St. Catherine Laboure Church, Lake Katrine, Anne Rita Simrany, daughter of Mr. and Mrs. E. Simrany of 89 Wrentham Street, this city, exchanged marriage vows with John Thomas Dunn, son of Mrs. Albert Dunn of 4 Tietjen Avenue, this city, and the late Mr. Dunn.

Officiating was the Rt. Rev. Msgr. James McNally, pastor. Mr. and Mrs. James Sweeney provided traditional wedding music.

The altar was decorated with white pompons and chrysanthemums with white gladioli.

Given in marriage by her father, the bride wore a gown of French lace over bridal taffeta. It was fashioned with a circlet neckline, fitted bodice, long tapered sleeves and a bell-shaped skirt. Her veil of silk illusion was shirred to a queen's crown of seedpearls. The bride carried a bouquet of white roses with pompons.

Miss Nanci Welsh, of Saugerties, the bride's cousin, was maid of honor. She wore a short pink organza over taffeta gown, a silk illusion face veil and carried a bouquet of delphiniums with white pompons.

William McDermitt of Colonial Gardens was the best man.

Approximately 80 guests were received at a reception held in Moose Hall.

The bride is a graduate of Kingston High School and is employed by Metropolitan Life Insurance Company, Hall of Records. The bridegroom attended Kingston High School and is employed by Utility Platers, Kingston.

Mr. and Mrs. Dunn will be at home at 130 Elmendorf Street, this city.

We the Women

By RUTH MILLETT

A news item from Rome states that due to new parking rules some 70,000 more Roman wives will get to use the family car all day, since their husbands can no longer leave a car parked on the streets during working hours.

The ladies are delighted and are enrolling for driving lessons and lining up to get drivers' licenses. BUT THEY'LL BE SORRY.

They'll find out in short order just what it means to have the family car all day. It means they'll soon turn into chauffeurs: driving their husbands to work in the morning, and picking them up at night, running the family errands—instead of depending on their husbands to do all such chores.

And it won't take their children—used to walking or riding bikes to schools—long to catch on to the idea that it's ever so much easier to be driven to school.

And consider how the women's clubs will flourish when all those women have a way of getting around to meetings. In no time at all the women of Rome, used to a leisurely pace, will be running themselves ragged just like American women have been doing ever since they first took over the family car, or decided a second car was a family necessity.

The automobile freed the American woman from the home, all right. But since she got behind the wheel she has never been able to figure out a way to free herself from the time-consuming job of chauffeuring, hauling and errand running.

The woman who takes over the family auto soon lives by the clock. Her days, instead of being divided into morning, afternoon and evening, are cut up into little pieces measured in journeyings. They'll be sorry, those women of Rome who are lining up so happily to get their drivers' licenses. They just don't know what they're letting themselves in for, do they?

CLINTONDALE NEWS

CLINTONDALE — Clintondale firemen and other volunteers have started the job of tearing down the old Anthony Sutton house, later the property of the school district, to make way for a play area for children of the community. The Clintondale school district purchased a house several years ago and used it for a dwelling for the principal. Later two class rooms were established in the house. When the Clintondale schools were absorbed in the Highland District and the two buildings left empty the district gave them to the Clintondale Fire Department which plan on making a hall out of the main building and tearing down the smaller house to make way for the playground.

The Rev. Jesse Stanfield of the Friends Church took part in the baccalaureate service at Highland High School Sunday evening. The Rev. Arthur Paltridge, pastor of the Clintondale Methodist also participated along with other area clergymen.

Tobia Capozzi of this place has been a patient at Vassar Hospital.

Mrs. and Mrs. Donald J. Smith celebrated their fourth wedding anniversary June 12.

Clintondale Grange staged a tableaux at the Lake Katrine Grange Saturday night when the first and second degrees were conferred. Mrs. Mort Steinhauser, lecturer of the Clintondale Grange and chairman of the community progress program reports that plans are under consideration for building a permanent memorial honor roll on the Grange property.

Mr. and Mrs. Peter Gaffney, Mr. and Mrs. Frank Gaffney, Mr. and Mrs. Robert Gaffney, Mr. and Mrs. Francis Geffney and family, Mr. and Mrs. Peter Guido, all of this place were among the 90 to attend the Gaffney family reunion at Pantony's Sunday.

William G. Ronk, formerly of Clintondale, now of Highland has been chosen to attend the State 4-H Congress at Cornell University, June 24, 25 and 26.

Mr. and Mrs. Donald Smith entertained the latter's parents, Mr. and Mrs. Charles Sager of Troy Sunday.

Miss Martha Sutton who attends college at Richmond, Ind., is spending the summer with her parents, Mr. and Mrs. Harold Sutton.

Vincent Vitale Sr. was a visitor in Highland Saturday.

Melvin Hurd and William Coy attended the meeting of the New Paltz Migrant Committee last week at the New Paltz Reformed Church to discuss plans for the program to help the migrant workers and their families this fall. The Rev. Charles Milton of Hartford, Conn. migrant chaplain, will arrive in New Paltz in September.

Clintondale Fire Department sponsored a social at McCabe's Hotel Saturday night. This marked the end of their drive to raise money for the building fund. The firemen, in their new uniforms, will parade in Hyde Park July 4 and New Paltz July 11. They will also take part in the big parade of the Ulster County Volunteer Firemen's Association at Rosendale Saturday, Aug. 8.

Ann Louise Harries who attends Guilford College, N. C. is spending the vacation with her parents the Rev. and Mrs. Jesse Stanfield.

Mrs. Hattie Elliott, Main Street, is recovering from surgery at St. Francis' Hospital, Poughkeepsie.

The Rev. Arthur Paltridge has been returned to the Clintondale and Modena Methodist Churches for his second year. The appointment was made by Bishop Lloyd C. Wicke, at the Methodist Conference held at Drew University.

A number from here attended the 18th annual beef barbecue at the Temple of Adonai Lodge F&AM Highland Sunday afternoon. Howard Setterlund is master of Adonai Lodge and served on the barbecue committee.

There will be a 9:30 a. m. service in the Methodist Church Sunday with the Rev. Arthur Paltridge delivering the message.

The Rev. Jesse Stanfield was in New York City Monday.

Private Thomas Casper, husband of Mrs. Jean Thorn Casper of this place, is home on two weeks furlough from Fort Clayton, Panama Canal Zone.

Miss Juanita Gibbons, daughter of Chief Petty Officer and Mrs. John Gibbons was valedictorian for the graduating class at Highland High School this year. Miss Gibbons was a consistant honor student.

Emmett Hyatt of Brookside Avenue celebrated his birthday last Wednesday.

Several from here were in Modena Sunday to help Mr. and Mrs. Freston Paltridge celebrate their 50th wedding anniversary.

Theodore Harries, who was graduated from Oakwood School of Poughkeepsie is spending the summer with his parents the Rev. and Mrs. Jesse Stanfield of Crescent Avenue.

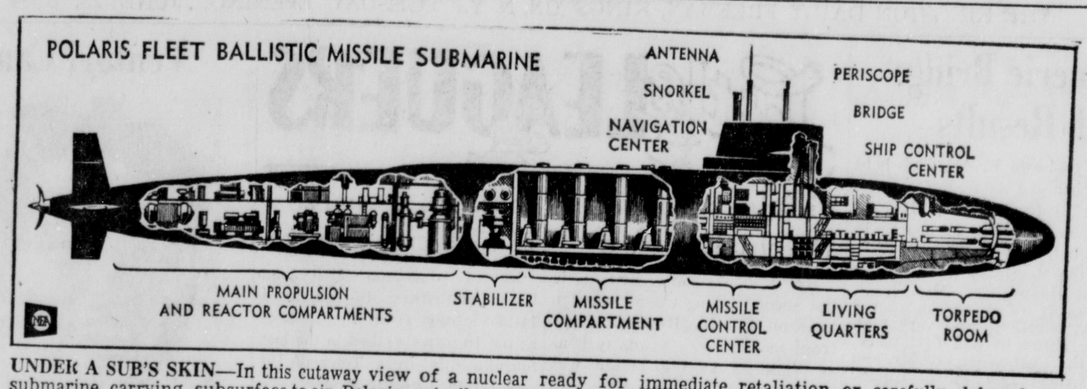

Formosa Checks Planes

TAIPEI, Formosa (AP)—All Civil Air Transport planes were grounded in Formosa Monday for a three-day safety check.

The Ministry of Communications issued the order after the crash of a CAT twin-engine in central Formosa Saturday, killing all 57 persons on board, including 20 Americans.

FINAL SAY—Robert B. Meyner, former governor of New Jersey, has been named administrator of the Cigarette Advertising Code. In this position, he will have final authority in determining whether advertising complies with code standards.

UNDER A SUB'S SKIN—In this cutaway view of a nuclear submarine carrying subsurface-to-air Polaris missiles, the various physical components are shown. The Navy now has 13 Polaris submarines at sea with a total of 208 missiles ready for immediate retaliation or carefully delayed response. When armed, each sub carries 16 missiles in its belly, just aft of the missile control center. Current plans call for a 41-ship force of Polaris subs.

Cuba Orders 500 Additional Buses From Gt. Britain

LONDON (AP)—Cuba placed an order Monday for 500 more British buses—a further installment of a deal that provoked American displeasure earlier this year.

Cuban government officials signed the contract here with Leyland Motors, Ltd., the firm which previous agreed to supply 450 buses to Fidel Castro's government.

The original deal for 450 buses at a cost of $11.2 million specified that Cuba should have an option on an additional 1,000 buses.

The initial contract, concluded in January, was criticized by the U.S. State Department.

Pummel Vietnanese

BANG LANG, South Viet Nam (AP) — Two Vietnamese paratroop battalions suffered their heaviest casualties of the war in Viet Nam Sunday as they charge through a Viet Cong suicide squad and routed dug-in Communist forces.

The fighting took place in a swampy corner of the Plain of Reeds 45 miles southwest of Saigon and followed the loss of three American soldiers and 60 Vietnamese in a Viet Cong human wave attack northwest of Saigon Friday.

A wounded U.S. Army officer and two enlisted men were feared captured when the Viet Cong overwhelmed a Vietnamese special forces company.

"The show of confidence will reflect on the play of our ball club—no doubt about it," said Manager Bobby Bragan after he received a new contract from Milwaukee.

If the Braves' first game under Bragan and his new contract is an example of what he meant, the reflection is more weird than you see in a fun-house mirror.

Two hours after Bragan accepted the written vote of confidence Monday, the Braves dropped their seventh straight game, 10-9, to the Los Angeles Dodgers.

True, the Braves exploded for 15 hits, including five home runs, but they still couldn't erupt from the slump that has dumped them into ninth place in the National League, their worst position in the standings since they moved to Milwaukee 12 years ago.

In the American League, the New York Yankees continued their mastery over Chicago, dumping the White Sox 6-5. The Yankees had beaten the White Sox nine previous times without a defeat this season. In the only other AL contests, Los Angeles downed Washington 5-2 and Cleveland and Minnesota battled to an 8-8 tie in a game ended by rain in the 11th inning.

San Francisco whipped Cincinnati 6-2 in the other National League game.

Milwaukee led 5-3 until the Dodgers rallied for six runs in the seventh inning. Wally Moon ignited the burst with a pinch double and Dick Tracewski ended it with a two-run single. Tracewski singled in two other runs, the one in the ninth proving to be the winning tally.

Lee Maye, Joe Torre and Gene Oliver clouted two-run homers for the Braves while Hank Aaron and Denis Menke hit solo blasts.

The Yankees survived Chicago's three-run surge in the ninth for their fifth consecutive triumph. Steve Hamilton scattered six hits through eight innings. Hal Reniff started the ninth, and the White Sox quickly loaded the bases and scored one run.

Bill Stafford replaced Reniff and retired the side, although two more runs scored on force plays. Hamilton scored New York's last run in the eighth on Roger Maris' sacrifice fly.

Pinch hitter Willie Smith, a pitcher-outfielder, slashed a single in the seventh inning that broke a 2-2 tie and sent the Angels on to their sixth straight victory. The hit was the seventh for Smith in 13 pinch-hitting appearances. Mike Brumley collected three hits and an RBI for the Senators.

Larry Brown homered in the eighth for the Indians, sending their game with the Twins into extra innings. Cleveland came to bat in the 11th when rain struck. After a delay of an hour the game was called.

Harmon Killebrew and Bob Allison each drove in three runs for the Twins with Allison hitting his 17th homer with one aboard.

Willie McCovey smashed a grand-slam homer for the Giants in the sixth after dropping a fly ball for a two-run error in the fifth. Cincinnati starter John Tsitouris had a no-hitter until the sixth, when pinch hitter Chuck Hiller singled.

Two Win Letters For Track Action On Ithaca Squad

Two athletes from the Kingston area have been selected by Coach Mearl Greene of the Ithaca College varsity track team to receive letters.

The winners include Leonard Muhlich, Chichester Road, Phoenicia and Lew R. Faxon, 8 Ferry Street Saugerties. Both competed in the recent meet of the New York State Track and Field Association.

Muhlich placed fourth in the 100 yard run and also competed during the season in the 220 yard run and the 440 yard relay. Faxon saw action in the 880 yard run and the mile relay.

The Ithaca team won four meets, lost four and tied one. The Bombers were close to victories in three of the four meets they lost, being defeated by Buffalo University by one point, by Brockport by 4 and Rochester by 7.

They placed 8th among 15 teams represented at the meet, defeating Mansfield, Oswego, Roberts Wesleyan and Harpur and tying Cortland.

The area lettermen are enrolled in the School of Health and Physical Education at Ithaca College.

Sign Contracts

CHICAGO (AP)—Earl Leggett and John Johnson, a pair of massive trackles who anchored the brilliant defense of the Chicago Bears last season, have signed their 1964 contracts, owner - Coach George Halas announced today.

Sickler's Routed 16-8 by Ramsey

Keith Nickerson's homer in the second inning wasn't enough to stop Charles Ramsey Corp. from scoring twice as many runs as Sickler's as the latter was beaten 16-8 in an American Little League match last night.

Nickerson's ace drove in three runs, but that was the end of the action for Sickler's. In the fifth Ramsey's Ed Brown led off with a single, Ed Koeppen walked and Wayne Fataum hit a base-clearing single.

The winners cinched the game in the sixth with singles by Ed Koeppen and John Lukasewski, who drove in the final tallies.

Wayne Fatum had three safeties in four trips to the plate, and hurler Vince Hart doubled for the winners. Dave Kordzikowski and Mike Felice hit doubles for the losers.

Tony Gallo, replacing Hart, waved four and walked 6. Steve Hogan, subbing for Mike Felice and Phil Bahl at the mound, struck out 3 and fanned 4.

Tigers Rip 20-4 Win in Rondout

Tigers manufactured a minimum of two runs an inning in blasting a 20-4 victory over the Braves in a Rondout Valley circuit game.

Tiger Skip Lyons clawed Braves' pitchers for three home runs in four trips to the plate in a nine-hit production by the winners. His battery mate, Tom Williams, rapped another round-tripper and a single in three appearances. Art Joseph rapped two-for-five for the winners while Tom Hartman stroked two singles in three trips for the losers. Williams, who held the Braves to three safeties, struck out nine batters and walked two. Jim White fanned 10 Tigers in relief of losing pitcher Dennis White, and issued six free passes.

The Tigers, last year's league champions, posted a 8-2 lead for three innings. They exploded in the top of the fourth for eight more. A three-run fifth frame gave them an 18-run lead. The Braves pushed two tallies across in their half of the final inning, but they were no help. The game was called in the fifth due to darkness.

The win gave the Tigers the championship for the first half season's play with 10 wins against no losses.

Mets Knock Cubs To Win 1st Place In Pee Wee Race

The Tigers were slugging all night long as they ripped the Red Sox 12-2, and the Mets and Cubs were going at each other right up to the end, with the Mets finally scoring an 18-13 victory, in St. Mary's Pee Wee League.

It was a run away for the Tigers as they outhit the Red Sox 14 to 3. Duane Carey and Mike Cline collected 4 hits apiece for the winners. The losers' main activity was a homer by Frank Denter which broke up a potential shutout triumph for hurler Cline. Carey and Rocco Secreto also homered for the Tigers. Frank Bailey hit a triple for the losers.

Braves Scalped By Esopus Mets

Mets walloped the Braves 8-2 with a strong finish on a one-hitter pitched by Don Fisher in Esopus Legion Hall.

Fisher and losing hurler Vin Provensano each fanned 11 batters. Provensano walked six while Fisher issued two free passes.

Fisher and his battery mate, Rich Freeze, each stroked doubles. Provensano gave up only two safeties in taking the loss.

Mets opened up with two runs in the top of the first inning. Both teams were scoreless until the top of the fifth when the Mets erupted for four tallies and added two more in the top of the sixth. The Braves pushed across a pair in the final stanza.

Venturi Cannot Play in British Open July 8-10

THE CHAMPION—Ken Venturi, tired and hot, musters a smile after winning the 64th U. S. Open Golf Championship in Washington, D. C. (AP Wirephoto)

NEW YORK (AP)—The transatlantic telephone cable hummed Monday for Ken Venturi, the new American Open golf champion—but it didn't do any good.

The austere Royal and ANCIENT Golf Club of St. Andrews refused to budge. Venturi can't play in the British Open July 8-10 at St. Andrews.

He didn't get his entry filed in time, and the Royal and Ancient let it be known—with regrets—that it plays no favorites.

"I telephoned the Royal and Ancient and told them of Ken's desire to play," said Joseph C. Dey, executive director of the U.S. Golf Association. "They were very nice. They didn't say 'no' immediately.

"They apparently discussed it, then they called back and said they were unable to accept his entry. Entries closed May 31."

In the throes of an extended slump, he probably would have found it hard to pay expenses. But winning the U.S. Open last weekend in Washington changed things.

"I'd love to play," Venturi said, "but I understand—rules are rules."

The U.S. Golf Association gives an automatic pass to the British champion in the American tournament. The British don't reciprocate.

Venturi and his pretty wife, Conni, left today for Cleveland and his next start, the Cleveland Open this weekend. Both were still reeling from the events of the last few days — the dramatic, come-from-behind victory in the sweltering Washington heat and the mad merry-go-round aftermath.

Venturi said he feared he might not be able to play the last round Saturday. He almost blacked out from heat prostration on the morning round and had to be accompanied by a doctor during the afternoon.

Mays Attracts Most Votes For National All-Star Team

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — Wonderful Willie Mays attracted the most votes as the San Francisco Giants and St. Louis Cardinals each placed two men on the National League All-Star team's starting line-up for the July 7 dream game with the American League at Shea Stadium in New York.

Mays, the Giants' brilliant center fielder, along with third baseman Ken Boyer and shortstop Dick Groat, were the only repeaters from 1963 in the voting of 270 players, coaches and managers. First baseman Orlando Cepeda was the other Giant selection on this year's starting team.

Commissioner Ford Frick, whose office conducted the balloting, said the complete squads, exclusive of the pitchers, will be announced next week.

To Announce Pitchers

The pitchers, who are selected by the All-Star managers, Al Lopez of the American League and Walt Alston of the Los Angeles Dodgers, will be announced Thursday, July 2.

Surprisingly, the National League starting line-up will not contain a single member of the league - leading Philadelphia Phillies, who did not place a man even on the runner-up list.

In addition to the four Giants and Cards, there were single representatives from the Chicago Cubs, Pittsburgh Pirates, Milwaukee Braves and New York Mets.

The NL's power packed line-up included Ron Hunt of the Mets at second base, Roberto Clemente of the Pirates in right field, league-leading hitter Billy Williams of the Cubs in left, and the Braves' Joe Torre behind the plate.

In all, little fault can be found with the starting squad. The only possible objection would be over the by-passing of Maury Wills of the Dodgers, who leads the league in stolen bases and whose .285 batting average through last Sunday is the highest among the shortstops. Wills finished third in the voting.

One from Unanimous

Mays, who boasts a .417 batting average in 14 All-Star games, missed by one getting a unanimous vote. He received 240 out of a possible 241 votes. Players are not permitted to vote for teammates. Curt Flood of the Cards, was runner-up with 17 votes.

Williams, batting at .373 after flirting with the magic .400 mark nearly all season, was the second highest vote-getter. He drew 237 votes to 17 for runner-up Will Stargell of the Pirates.

The closest race was for the shortstop berth. Groat squeaked by Leo Cardenas of Cincinnati, by five votes, 92 to 87. Boyer won by a surprisingly large margin over Ron Santo of the Cubs for third base honors, 172 votes to 84.

Last year, the entire Cardinal infield of Bill White, Julian Javier, Groat and Boyer, were in the National League's starting line-up.

This year, White finished a poor second to Cepeda, 75 votes to 172. Hunt, the Mets' fine sophomore, also got 172 votes to easily win second base honors over runner-up Bill Mazeroski of Pittsburgh, who had 52 votes.

Torre easily gained the catcher's berth with 203 votes to 24 for Cincinnati's John Edwards. An eyebrow raiser was Clemente's wide spread — 160 to 67 —over Milwaukee's Henry Aaaron for the right-field spot.

Did Not Repeat

Aaron, a veteran of 13 All-Star games, was one of the five 1963 starters who did not repeat. Others, in addition to White and Javier, were catcher Ed Bailey of the Braves, and left fielder Tommy Davis of the Dodgers.

With the exception of Groat, who was hitting a rising .275 through Sunday's games, every starter was in the .300 class. Mays, at .359, was the league's leader in home runs with 22 and runs batted in with 53.

All starters, except pitchers, must play at least three innings, unless injured. The National League won last year, but the American holds a 17-16 edge with one game ending in a tie since the All-Star inauguration in 1933.

Bragan Given New Contract

MILWAUKEE (AP) — The Milwaukee Braves are full of surprises off the field as well as on it.

Gripped in a seven-game losing streak which has plunged the club into ninth place, the Braves gave Manager Bobby Bragan a vote of confidence Monday with a new contract extending through the 1965 season.

Bragan told a news conference "the show of confidence will reflect on the play of our ball club—no doubt about it." He was right to a degree.

Two hours later the Braves went on a 15-hit spree, including five homers. That was something unusual. The final result wasn't. The Los Angeles Dodgers won the slugfest 10-9.

In reply to talk that Bragan's job was in jeopardy because of the Braves' worst position in the standings in 12 years in Milwaukee, President John McHale and board chairman Bill Bartholomay decided to add a year to the manager's contract.

"It is important that during this slump period we recognize that Bobby Bragan has put great effort into the building of this club and we are confident that his work will pay off this year and in future years," McHale said.

"We believe we have a good manager and don't want to back away from him when we're in trouble."

"It's beautiful, just beautiful" Bragan said. "This is one of the happiest occasions of my career. My relationship with the Braves is one of the greatest in baseball."

A former major league infielder, the 46-year-old Bragan served terms as manager of Pittsburgh and Cleveland. He was hired by the Braves after Birdie Tebbetts quit to go to Cleveland following the 1962 season.

Under Bragan last year, the Braves finished sixth with an 84-78 record. This season they are ninth with a 30-35 record.

Several American Upsets Open Wimbledon Tennis

WIMBLEDON, England (AP) —The dust settled today over a tirbulent opening to the Wimbledon tennis championships full of American upsets and threats at one stage to prevent champion Chuck McKinley from defending his singles title.

While Americans Frank Froehling and Dennis Ralston suffered first-round defeats at the hands of little known opponents, McKinley faced almost unbelievably possible disqualification because of a newspaper article.

The article had no direct bearing on the championships, was written six months ago by McKinley in collaboration with Gardnar Mulloy and Jack Kramer for a U.S. magazine and had been purchased without his knowledge by a British Sunday newspaper. It is to be published next week.

But it arrived at a time when Wimbledon authorities are bearing down on other tennis players who double as journalists and had publicly squabbled with former Wimbledon king Jaroslav Drobny and British Davis Cup star Mike Sangster.

Drobny withdrew from these 78th championships after being told he could not comment simultaneously on the play in a London evening newspaper. Sangster was forced to drop a piece he had written for publication next week — while the tournament is still on.

The management committee of the championships—18 earnest men—therefore sat down to decide if McKinley was guilty of a breach of the rules allowing his piece to appear.

They ruled eventually that chunky Chuck from San Antonio, Tex., was blameless since the article was a reprint of material already published. The word was put about that the 23-year-old McKinley was free to continue his title defense.

Even as the committee met, he went onto the famed center court, brushed aside his first-round rival, South Africa's Terry Ryan 6-2, 6-1, 6-3, and then stepped up to the players' restaurant for a cup of tea and a bowl of strawberries with his attractive wife Wylita.

Roy Emerson still remains the official favorite. He had an easy 6-1, 6-1, 6-0, win over Donald Dell from Bethesda, Md., and on current form, he and McKinley should meet in the final 10 days hence.

In the women's division, Australia's defending champion Margaret Smith, seeded No. 1, is everybody's fancy for the title and another successful step along the grand slam path.

She already has won the Australian, Italian and French championships.

The sharp opening shock for America was the defeat of Froehling and Ralston — both well below form and still getting used to the Wimbledon grass.

Ralston, seeded No. 5, succumbed 3-6, 3-6, 6-4, 7-5, 9-7 to Britain's Tony Pickard, a virtual hasbeen on the British scene.

The gangling Froehling lost another five-setter to Nicola Kanogeropoulos of Greece, 13-11 3-6, 6-2, 0-6, 6-4.

Pack Hanover Is Rated Favorite

NEW YORK (AP) — Pack Hanover was rated the 8-5 morning line favorite for Thursday night's $45,000 Transoceanic Trot at Yonkers Raceway after drawing the No. 2 post position in Monday's draw.

The Italian standardbred will seek to become the second straight winner of the 1¼ mile event from Italy. Firestar copped last year's trot, the second in the series. He will be driven by Sergio Brighenti.

Granit, a Soviet Union product drew the No. 1 slot in the eight-horse, all-foreign field. Russian horses competed for the first time last year, and there are two this year.

Granit, with Alexander Hirga in the sulky, was rated a 15-1 choice, while countrymate Legion, to be driven by Peter Vasilievich Grachkin out the three spot, will go off at 8-1.

Others in the race are No. 4 —Sprite Kind, Canada, the second choice at 7-2, handled by Roger White; No. 5—Philosophe D., France, Hans Sasse, 6-1; No. 6—Fury Hanover, Italy Gioacchini Ossani, 8-1; No. 7—When, New Zealand, Sacher Werner, 15-1; and No. 8—Oscar R. L., France, Henri Levesque, 6-1.

The first four finishers Thursday will compete against the United States' top quartet — Duke Rodney, A.C.'s Viking, Porterhouse and Su Mac Lad—in the $60,000 United Nations Trot over 1½ miles July 2.

New York State Harness Racing

By The Associated Press

Adios Ronnie said goodby to the field in the feature pace at the Yonkers Raceway and took the top prize offered in last night's New York harness racing circupit.

Driven by Hugh Bell, Adios Ronnie uncorked a speedy 2:00 4-5 mile to win the $10,000 pace by 1½ lengths over Cape Horn.

Adios Ronnie returned $4.70, $3.70 and $2.80.

Senator Burton was third.

Other feature race winners:

Vernon Downs — Cloverland Direct ($4.90) in the $1,400 Conditioned Pace, won the race by three lengths in 2:01.

Saratoga — Castleton Belle ($2.40) won the first division of the $3,000 Delmar Kiwanis Trot in 2:06 2-5. Volcano Hanover ($19.70) won the second division in 2:09 1-5.

Buffalo Raceway — W.D. Hal ($9.40) won the $1,700 one-mile pace in 2:04 2-5.

Monticello—Sky Clipper ($31) took the $2,000 Conditioned Pace, beating Meadow Prince by a head in 2:05 3-5.

Francisco Wreckers Worry Mauch the Most

By SANDY PADWE
Newspaper Enterprise Assn.

PHILADELPHIA (NEA) — Gene Mauch of the Philadelphia Phillies is the new boy genius of baseball, a spot he created for himself by taking only three years to make the five-year plan work.

It is easy to understand why Gene Mauch succeeded so quickly. For an 8 p. m. game, he is in dugout at 4:30 and his still boyish face (at 38) is lined with concentration by 4:35.

After he is done explaining how his team improved so rapidly due to a process called maturity, he switches to the National League pennant race, which fascinates him because it promises to be a seven-team battle.

"I've never seen so many good teams," he said, "or so many great players. Can you believe that Eddie Mathews, Henry Aaron and Warren Spahn can play on the same club and the club finish sixth? Or how about St. Louis, with the whole all-star infield, and they couldn't win it either last year.

"It's tougher this year. My club will have to play good baseball to win. So will teams like the Dodgers, Reds, Cardinals and the Braves.

"But those Giants. That's the team that scares you. With Mays, McCovey, Cepeda and Snider they can play a bad ball game and wipe out all those mistakes with one swing.

"Cepeda's the one who seems to ruin us all the time. Everyone says I'm so smart. Well, I'm so smart that three different times I've walked Mays intentionally and what does Cepeda do but drive in nine runs. That's what I mean about the Giants.

"As for my club, we haven't hit as well as we can. Since early in the season we haven't scored many runs, which may be my fault because the way the pitchers have been going I've been satisfied to play for one run on certain occasions."

Mauch ducked the inevitable question about his personal choice for the pennant winner with a smile that shattered his scowling image.

"I'll tell you this, though," he said. "Any team that can play .600 ball in the National League is really doing a job."

When Mauch made the statement, there was just one team in the National League playing .600 ball—the Philadelphia Phillies.

Swimming Slate Starts June 29th In Ulster Town

Supervisor Alexander J. Banyo, of the Town of Ulster, announced today that the town's swimming program will begin Monday, June 29.

He said there will be swimming on Mondays and Wednesdays at Spring Lake, or on Friday in case of rain on the other days. The swimming program is part of the Town's recreation program.

EMPLOYMENT

NOTICE TO JOB APPLICANTS
The Kingston Daily Freeman does not knowingly accept Help-Wanted advertisements from employers covered by the Federal Wage-Hour Law if they offer less than legal minimum wages. Most employes engaged in interstate or foreign commerce or in the production of goods for such commerce must be paid not less than $1.25 an hour and at least one and one-half times their regular rate of pay for hours worked after a maximum workweek of 40 hours, unless specifically exempt. Also, most employes in certain large retail, service, construction and other enterprises engaged in or producing goods for commerce, who have been entitled to a minimum wage of at least $1.00 an hour since September 3, 1961, must be paid overtime pay of not less than one and one-half times their regular rates for all hours worked after a maximum workweek of 44 hours, unless specifically exempt. If you are offered less by covered employers, or if you have questions concerning the Fair Labor Standards Act or other activities of the U. S. Department of Labor, call or write the Department's local office at 881 Gerard Ave., Bronx, N. Y. 10452 WYandotte 2-1235

Cementon Man Slated to Appear Friday on Charge

George M. Ascanio, 31 of Cementon involved in a highway mishap on Route 9W near Catskill Sunday night was issued a summons by State Police for failure to keep right and must appear before Town of Catskill Justice of the Peace George E. Carl on Friday.

Leeds troopers said Ascanio left the highway, crossed into the other lane and struck a utility pole. His wife, Sarah, a passenger in the car suffered contusions and lacerations of the face and body.

During the crash the car caught fire and Catskill Hose Company No. 1 responded and quelled the blaze.

Use Pool Water To Check Spread Of Camp Blaze

County fire fighters were kept busy Monday as flames destroyed a barn in the Town of Hurley, damaged a furnace in a May Park home an licked at grass in the Town of Ulster.

Hurley volunteers responded to the barn fire at 8:46 p. m. at the Jewish Community Camp off Hurley Mountain Road. Fire Chief Kenneth Cudney said that upon arrival of firemen, the building was completely engulfed in flames. He said that some 30 volunteer fire fighters, using water from the camp swimming pool wet the barn down through late evening and kept the fire from spreading to a house located about 75 feet away. The firemen returned to service at 12:29 a. m. today, according to County Mutual Aid.

Chief Cudney said a tractor had been removed from the barn before arrival of firemen. He said the barn, which measured approximately 40 feet by 40 feet, contained camp mechanical and maintenance equipment. There was no estimate of damage. The camp was closed today but was scheduled to reopen Wednesday.

Port Ewen volunteers under direction of Assistant Chief James Ellsworth responded to an alarm in the Larkin home in May Park at 4:25 p. m. Chief Wesley Clark said the fire which started in an oil burner in the cellar, was extinguished with a dry chemical extinguisher. Clark said the fire started when the burner overflowed. Firemen returned to service at 5:04 p. m.

Mutual Aid said that Ulster Hose battled a grass fire from 9:36 to 10:14 Monday night.

Injuries Are Fatal

SYRACUSE, N. Y. (AP)—George R. Mason, 23, of Syracuse was fatally injured and three persons were hospitalized today in a one car accident on the Jamesville - DeWitt Road near Syracuse.

The vehicle left the road, turned over and rolled down an embankment.

Injured were James [illegible]ll, 18, of Syracuse, Victory Bird, 18, of Syracuse, and Gerald Miller, 18 of Jamesville.

Realtors Quit for Summer

Last week's meeting of the Ulster County Board of Realtors was the last for the summer. There will be no meeting held during July and August. Election of officers will take place at the September meeting with installation of new officers in October.

Program Not Too Much Help to Addicts: Mayor

NEW YORK (AP) — Mayor Robert F. Wagner says the state's anti-addiction program "has made no susbtantial impact on the narcotics population."

Speaking at a luncheon of the National Association for the Prevention of Addiction to Narcotics, the Democratic mayor said Monday that the state Republican administration should engage in more research and cooperate more with the federal government in the fight against narcotic addiction.

Federal agencies "must be more involved, not only in helping pay the cost, but also in pursuing the cure," Wagner said.

C-H Fetes Jones On 40th Year

Frank Jones of 337 South Wall Street, district gas foreman of Central Hudson Gas and Electric Corporation, was honored Monday on the occasion of his 40th anniversary of service with the local utility.

He was cited for his long company career by Central Hudson President Lelan F. Sillin Jr. and was presented with a service emblem by Ernest R. Acker, company director and former board chairman at ceremonies in the utility's general office in Poughkeepsie.

Jones began his career on June 20, 1925 with the former Kingston Gas and Electric Company, a predecessor company in the Central Hudson System. He was advanced to assistant foreman in 1929 and served as a member of the district's gas distribution and maintenance crews until his promotion to chief gas streetman in 1943. He was named Kingston district gas foreman in January 1946.

Jones is a member of the Central Hudson Employees' Quarter Century Club.

'Wild Oats' Film At Gallery Friday

WOODSTOCK — On Friday, June 26 at 8:45 p. m. at the Kleinert Gallery, the foreign film "Wild Oats" starring Fernandel will be shown for the benefit of the Guild.

The next Group Show will start June 26 and the jurors for this show will be John McClellan of Woodstock and Edmund Feldman of New Paltz State University.

Auxiliary Urges Safest Boating Week in History

National Safe Boating Week, proclaimed by President Lyndon B. Johnson for the week of June 28 to July 4, pays tribute to keep boating safe.

In the Kingston area, the sixth annual Safe Boating Week observance will be spearheaded by the U. S. Coast Guard Auxiliary, Flotilla 10-12, Charles Kohl, commander.

The U. S. Coast Guard Auxiliary and Commander Kohl of Flotilla 10-12 urge every one to make this year and this year's Safe Boating Week one of the safest in observance of the Auxiliary's 25th anniversary.

In his proclamation of the 1964 observance President Johnson notes that the "education of the boating public in safe practices contributes to the enjoyment of the sport and reduces the liklihood of accidents."

Commander Kohl points out that while more than 38 million Americans go boating every year the fast-growing sport has not been followed by an alarming increase in boating accidents.

"Keeping these millions of 'skippers' safety - conscious throughout the year is the purpose of National Safe Boating Week," Commander Kohl points out.

This year more than 750 Coast Guard Auxiliary flotillas throughout the nation will join more than 350 U. S. Power Squadrons, 370 clubs affiliated with the Outboard Boating Club of America, the Red Cross, Marine dealers and other interested groups in celebrating National Safe Boating Weew.

Any boat owner who wishes his boat to be examined during Safe Boating Week may have this done by bringing the craft to the U. S. Coast Guard Auxiliary's dock, Dwyer's Boat Basin, where an Auxiliary member will make the check and issue the owner a decal.

Hay Crop Is Hit Hard by Drought Near Ft. Edward

FORT EDWARD, N. Y. (AP) —Drought - plagued Washington County dairy farmers, with about half of the year's first hay crop destroyed, have turned to the federal government for aid.

Through their county agricultural extension agent, the dairymen have asked for release of some soil bank and conservation acreage, reduced prices on government surplus corn and low - interest loans from the Farmers' Home Administration.

Agent Leslie Nuffer said Monday the requests were sent to the State Disaster Committee of the Agricultural Stabilization and Conservation Service of the U.S. Department of Agriculture in Syracuse.

Rensselaer County, farther to the south, has been hard hit, too, according to county agent Don Thompson. Farmers there also are asking permission to use some soil bank and conservation land for hay production.

A.A. Johnson, director of extension at the State Agriculture College in Ithaca, said the drought was scattered but seemed especially serious in the area north of Albany.

Nuffer said only 1.89 inches of rain fell in the eight-week period of April 25 to June 19, a deficiency of nearly five inches.

Nuffer set the loss thus far at 68,000 tons of hay, worth $1.7 million. He said most of the second and third hay crops and practically all of the corn could be saved if enough rain comes soon.

Rensselaer County, which normally has a hay surplus, has fallen off more than one-third in hay production, Thompson said.

But the milk output "seems to be holding steady because farmers are using grain normally saved for the winter, Thompson explained.

CHEST, RED CROSS AFFILIATE—Officials of the Ulster County Community Chest and Ulster County Chapter, American Red Cross sign statement of agreement formalizing the affiliation of Red Cross with the Chest. (l-r) James D. Hood, chapter chairman; William R. Stall, Chest president, and Wilbur R. Peters, chapter chairman-elect. The action followed intense negotiations and official ratification by both boards of directors. (Tom Reynolds photo)

12th Organization to Join

Ulster Red Cross Now In Community Chest

The Ulster County Community Chest, Inc., and Ulster County Chapter of American Red Cross will join their fund raising activities this fall in areas covered by the Chest campaign, it was announced jointly today by William R. Stall, Chest president, and Wilbur R. Peters, Red Cross Chapter chairman-elect.

Affiliation of the Red Cross chapter with the Community Chest was approved by the Red Cross executive board at the annual meeting at Williams Lake Hotel on June 3, and by the Chest's board of directors at a meeting on June 17.

List of Agencies

The Red Cross Chapter becomes the 12th member agency of the Ulster County Community Chest. The others are:

Association for Retarded Children; Kingston Boys' Club; Rip Van Winkle Council, Boy Scouts of America; United Cerebral Palsy of Ulster County, Inc.; Gateway Industries, Inc.; Ulster County Council of Girl Scouts, Inc.; Jewish Community Center; The Salvation Army, Kingston; Young Men's Christian Association; Young Women's Christian Association; United Service Organizations, Inc.

The combined fund drive will be conducted this fall in the area covered by the Ulster County Community Chest, which includes the greater Kingston area, New Paltz, Marbletown, Saugerties, Rosendale, and the towns of Ulster, Esopus and Hurley.

Special in Some Areas

The Red Cross will conduct its usual drive in the 17 townships in the county which are not covered by the Chest.

In recent years, increasing numbers of Red Cross chapters have affiliated with the federated campaigns such as the Community Chest or United Funds. In 1963, Red Cross raised a total of over $88,550,000 in the country, of which more than $67,800,000 or 76.6 per cent was raised in federated campaigns.

Dutchess County Chapter, American Red Cross, affiliated with Dutchess County Community Chest in April of this year.

James D. Hood, chairman of Ulster County Chapter, American Red Cross, has described the benefits to be derived from the affiliation as beneficial to both organizations by eliminating duplicate fund raising activities in the same area and by making more effective use of the time and effort of the volunteer workers in both groups. It was during Mr. Hood's tenure that negotiations leading toward the affiliation were carried out.

Consume Too Much Time

The united campaign, Hood said, "is a concept initiated by businessmen who found multiple fund raising activities too time consuming." Red Cross chapter chairman-elect, Peters noted that more payroll deduction type of contributions will be sought. The older, house-to-house method of soliciation required tremendous amounts of volunteer manpower and even then it was virtually impossible to obtain 100 per cent

NewcombeSaysNo To Conservative Party Nomination

Lloyd A. Newcombe, Catskill businessman who ran for the Republican nomination as State Senator from the 34th Senatorial District in the June 2 Primary, today announced that he could not "in conscience" accept the nomination as state senator on the Conservative Party ticket.

"When running as a Republican for the Republican nomination, I welcomed this endorsement," Newcombe said, "but as I was unsuccessful in the Republican race, I do not feel in conscience I can accept the nomination on the Conservative ticket."

Defeated by Bush

Newcombe, who was defeated for the Republican nomination by incumbent Senator E. Ogden Bush, won over Bush for the Conservative endorsement on a write-in primary in the 34th Senatorial District.

"Since receiving official notification of the Conservative nomination from the Secretary of State, I have carefully searched my conscience on whether I should run on the Conservative ticket. I have reached the conclusion that it is something I cannot, in honesty, do" Newcombe said.

Explaining that he was first of all a Republican, Newcombe said, "Although I am deeply grateful for the confidence in me shown by the Conservative party, I am unable to accept the nomination, as I believe it is within the main body of the Republican Party that the changes and reforms so many of us seek can best achieved."

"Even though I must decline this nomination, it does not mean that I am not keenly aware of the honor shown me."

"That I was defeated in the June 2 Primary for the Republican nomination does not mean that I am not keenly aware of the honor shown me."

Still A Republican

"That I was defeated in the June 2 Primary for the Republican nomination does not mean that I have ceased being a Republican, or that I have aban-

BILL BROPHY

Former Kingston Announcer Will MC State Pageant

A native Kingstonian, Bill Brophy, now a staff member of the American Broadcasting Company, in New York City, will be the master of ceremonies at the Miss New York State Pageant, July 9, 10 and 11 at the Kingston High School Auditorium.

The Pageant Director-in-Charge of Production, Frank Reis, said, in releasing this information today the entire Pageant board was delighted to secure Mr. Brophy's services and be able to welcome him back home.

Brophy graduated from the Kingston High School with the Class of 1943 and started his radio and television career while still in school with Station WKNY. After serving in the U. S. Navy he returned to WKNY for several years. Before affiliating with the WABC radio network and the ABC-TV network news in New York City in 1955, the position he now holds, he served on the staffs of both radio stations WTHT and WTIC in Hartford, Conn.

Brophy conducts several WABC and ABC programs. He can be heard giving the WABC radio news at various times each day, ABC radio network news at 1:55 and 3:55 each Sunday. He hosts the WABC-FM program 8 to 9 p. m. every Monday through Thursday by Pan American World Airways and is the commercial announcer for the 11 p. m. ABC-TV network news.

The public sale of tickets for the State Pageant opened Monday. As all seats in the high school auditorium for all three nights are reserved, it is necessary to select them at the high school auditorium for all three nights are reserved, it is necessary to select them at the office of the Kingston Area Chamber of Commerce in the Governor Clinton Hotel. This office also serves as headquarters for the Pageant. Herman Rafalowsky, chairman of the ticket committee urged that tickets be purchased early, because indications are that all seats will be sold in advance for Saturday night, July 11.

Not All Drop-outs Shun School

Students Range Up to 48 Here In Study Plans

Some high school students "drop out" but not all remain "drop-outs." Some return to complete their high school education and gain a high school diploma, others continue work later for a high school "equivalance" certificate.

In Kingston there are several students, ranging from 23 to 48 years of age, some married with a family who are taking advantage of the Adult Education Program to qualify for high school diplomas. Others are taking work which will lead to a high school "equivalancy" certificate.

Raphael Klein, director of Adult Education in the Kingston school system, reports 18 "drop-outs" are now enrolled in the Adult Education program working toward a regular high school diploma. Of these six are now ready to receive their high school diploma.

In the majority of cases students had completed most of their high school work before dropping out and returned to complete necessary work to earn a regular high school diploma.

With June Class

Four of those who have completed necessary work to receive a high school diploma are local residents who will receive their diploma with the June class. Two others, who did most of their high school work in other schools prior to dropping out, will receive their regular high school diploma from the school in which they did most of their high school work before attending the Kingston Adult Education classes working for a high school diploma.

Those who attended Kingston High School and later came back to complete their high school work and earn a regular high school diploma are Vincent DeCicco, Ann Jackson, Lillian McDonald and Thomas Sior. Mrs. Edith Alper, who did most of her high school work in Springfield, Mass., but completed necessary work in Kingston, will receive her high school diploma from the Springfield, Mass., school while Mrs. Donna Hoffman, who did most of her high school work in Rhinebeck but completed the necessary work in Kingston Adult Education classes in Kingston, will receive her diploma from the Rhinebeck High School.

Takes More Work

In order to qualify for a regular high school diploma considerable more work is required than to qualify for a high school "equivalency" certificate.

Those who have completed two years or less of high school work are encouraged to seek the high school equivalence certificate since it would require too long to get a full high school

Senator Facing Immobility While Back Is Healing

NORTHAMPTON, Mass. (AP) —Sen. Edward M. Kennedy, D-Mass., who faces 10 to 12 days of immobility in an orthopedic bed to permit his broken abck to heal, is keeping up with the news of the world outside his hospital room.

The late president's brother, at 32 the youngest member of the U.S. Senate, is reported to be making continued progress in overcoming the serious injuries he suffered last Friday night in an airplane crash at nearby Southampton.

Asks for Newspapers

Doctors at Cooley Dickinson Hospital said the senator asked for newspapers Monday and spent some time listening to radio broadcasts, mostly music.

Funeral services were scheduled today for the two men who died when the twin-engine private plane plunged into an apple orchard in fog and drizzle while approaching Barnes Airport at Westfield.

For the pilot, Edwin T. Zimny, 48, there was a solemn Requiem Mass at the Polish Immaculate Conception National Catholic church, Lawrence, and a similar service at St. Augustine's Catholic church, Andover, for Edward S. Moss, 41, Kennedy administrative aide, a father of two children.

Rules Out Illness

An autopsy report Monday night silenced rumors that Zimny might have become ill just before the crash. Dr. E. Donald Andrew, Easthampton medical examiner, said the autopsy did not reveal any physical condition which could have caused the pilot to lose control.

The medical bulletins on Kennedy's condition continued encouraging.

Dr. Thomas F. Corriden, the hospital's chief surgeon, described the senator's neurological condition as satisfactory, his orthopedic condition as improving, and his abdomen, which had given some discomfort earlier, as "getting softer."

The surgeon said Kennedy had taken fluids by mouth and also was being fed intravenously.

MAIL FLOWS IN—As Sen. Edward M. Kennedy recovers in a Northampton, Mass., hospital, well-wishers are keeping the mailbags full of their messages. Hospital aide Mrs. Vera Hamilton carries another stack through the corridor. (NEA Telephoto)

Mystery Deepens, FBI Probing

3 Rights Workers Are Missing Since Sunday

PHILADELPHIA, Miss. (AP) —Mystery deepened today in the strange disappearance of three young civil rights workers. They were last heard from Sunday night after paying a speeding fine in this east central Mississippi town.

The FBI and the Mississippi Highway Patrol pressed a search for the two white persons and a Negro, part of the first wave of summer volunteers seeking to reform this state politically.

List of Missing

Missing were Andy Goodman, 20, and Mickey Schwerner, 24, both of New York City. With them was James Cheney, 22, a Negro member of the Congress of Racial Equality from Meridian.

They came here Saturday after a week's orientation course for the Mississippi "Freedom Summer Project" in Oxford, Ohio. Other workers spread over the state during the weekend to launch voter registration drives and advise Negro citizens of their rights.

Held Several Hours

With Cheney at the wheel they drove to Philadelphia, reportedly to see the ruins of a Negro church that burned last week after armed whites broke up a church board meeting.

Officers stopped the three Sunday and charged them with speeding. They were let go after being held in jail several hours. Cheney paid a $20 fine.

Sheriff's deputies said they released them about 10:30 p.m. A spokesman for the Neshoba County sheriff's office said a patrol car followed the workers "several blocks to make sure they got out of town all right."

Concern Grows

As hours passed without any sign of the trio, concern rose. Cries came from civil rights groups for a search.

In New York, James Farmer, national director of the Congress of Racial Equality, called for an air and ground search by the Meridian Naval Air Station.

The Council of Federated Organizations, one of the groups spearheading the summer drive,

U.S. Jet Defies Soviet Warning, Flies Corridor

BERLIN (AP)—A Pan American World Airways jet from New York flew through the Berlin air corridor today, defying a warning from the Soviet Union it could not guarantee the plane's safety over East Germany.

In a protest note Monday to the United States the Soviet Union called the New York-Berlin service illegal and disclaimed responsibility for the consequences if it continued.

Ahead of Schedule

Pan Am refused to cancel the flight and the jet entered the 110-mile long center corridor on the last stage of the flight.

The aircraft touched down at Berlin's Tegel Airport at 1:27 p.m., 28 minutes ahead of schedule.

It left New York with 77 passengers, 10 of whom were booked through to Berlin. The plane made stops at Iceland and Scotland. None of the passengers had voiced any concern over the Soviet warning.

A Soviet note to the United States and Britain claimed the recently inaugurated flights were illegal because they had not been approved by the Communist East German regime.

Will Continue

A Pan American spokesman said the flights three times a week, which reach Berlin after

Was To Be Hostage For Others

Man Admits Plan To Invade Castle

STOCKHOLM, Sweden (AP) —Swedish police have smashed a plot to kidnap Soviet Premier Khrushchev and hold him hostage for the release of political prisoners behind the Iron Curtain.

Police confirmed that at least one man, described only as a 30-year-old foreigner, was arrested Monday near Haga Castle, where the Soviet leader is staying during his five - day state visit.

Linked to Ustashi

The man reportedly confessed that he and several other men had planned to smash their way through the castle gates in a truck.

The newspaper Aftonbladet, which has close connections with the Swedish government, said the man in custody was a Hungarian. Police declined to confirm this.

There also was speculation that the plot was hatched by members of the Ustashi, a fanatic Croatian anti-Communist organization which fought for the Nazis during World War II.

The Ustashi reportedly has a strong membership in Sweden, which is haven for about 30,000 refugees from Communist countries.

Armed Plotters Denied

Two weeks before Khrushchev's arrival in Sweden, the newspaper Expressen said the Ustashi had threatened openly to kill the Soviet leader.

"Khrushchev will die in Sweden," Expressen quoted a Ustashi leader as saying.

County police Supt. Aake Magnusson signed the charge sheet against the arrested man.

Magnusson described a report by a Stockholm newspaper that the plotters were armed with submachine guns as a "dreamed up story."

In the wake of the arrest, the 5,000 policemen in Stockholm for Khrushchev's visit were reinforced by two special commando units.

At Haga Castle, only one gate was kept open and it was protected by scores of uniformed police and plainclothes detectives.

Severe Restrictions

The kidnap plot was the first serious incident reported during Khrushchev's Scandinavian tour

Gen. Taylor Is New Viet Nam Ambassador

SAIGON, Viet Nam ((AP)) —Henry Cabot Lodge, U. S. ambassador to South Viet Nam during the past 10 stormy months of its history, resigned from his post here today to take up the political cudgel against Barry Goldwater.

Lodge said in a prepared statement that he was quitting his post in Saigon to give all the help he could to Pennsylvania Gov. William W. Scranton's 11th hour bid to stop the nomination of Goldwater by the Republican convention.

* * *

WASHINGTON (AP) —Henry Caobt Lodge has resigned as ambassador to South Viet Nam and will be succeeded by Gen. Maxwell D. Taylor, President Johnson announced today.

Johnson also told a news conference that U. Alexis Johnson, presently an assistant secretary of state and a veteran foreign service career officer will become deputy ambassador, a new post.

Wheeler New JCS Boss

Taylor, now chairman of the joint chiefs of staff will be succeeded in that post by Gen. Earle G. Wheeler, now Army chief of staff.

Johnson said Secretary of Defense Robert S. McNamara has not yet recommended a successor to Wheeler in the top Army post.

Johnson again expressed this country's determination to help South Viet Nam resist Communist aggression and to continue flights over Laos when ever representatives of the International Control Commission are barred from inspecting the area.

Quicky Conference

The news conference was a hurriedly set up affair—one of the quickies such as Johnson has held before.

In addition to announcing the big changes in South Viet Nam and the Pentagon, Johnson told the reporters:

—The United States and the Soviet Union have entered into an agreement for scientific co-

Jersey Youth 8th Fatility As Car Hits Tree, Upsets

An 18-year-old New Jersey youth became Ulster County's 8th traffic fatality of the year when he was killed in a one-car accident about 12:30 a. m. today on Route 28 in the Town of Shandaken near Phoenicia. The accident was witnessed by a state trooper.

The deceased was identified as Arthur Alsdorf, 18, of Wyckoff Avenue, Allendale, N. J., a passenger in an early model sports car driven by his uncle. He was pronounced dead at the scene by Dr. Fred Voss, of Phoenicia. State Police said the youth suffered a crushed chest.

County Coroner Henry S. Hartley gave a verdict of accidental death due to a cerebral hemorrhage, caused by a fracture at the base of the skull. An autopsy was performed this morning.

Seriously injured in the accident was the youth's uncle, Michael Alsdorf, 20, of 55 Park Avenue, Allendale, N. J. He was taken by Gormley Ambulance to Kingston Hospital where he was treated for head and chest injuries and cerebral concussion. He was reported in critical condition shortly after he was admitted to the hospital, but a later report indicated he was in fair condition.

Trooper John McMickle, of the Lake Katrine substation, who witnessed the accident, said he spotted the 1958 MG heading west on Rt. 28 just west of Rt. 214 traveling at a high rate of speed, while he was on night patrol. He said the vehicle swayed from one side of the road to

New York University Granted $25 Million

NEW YORK (AP) — New York University has received a grant of $25 million from the Ford Foundation to upgrade academic standards and help the private university solve housing and other problems.

The grant, announced Monday, is to be matched by $75 million from other, private sources. It was the largest single private gift to a college or university in New York City.

Supreme Court Voids Sit-in Rulings In Several States, Ends Busy Session

WASHINGTON (AP) — The Supreme Court ended its 1963-64 session Monday by overturning the conviction of sit-in demonstrators in eight cases and applying its "one voter, one vote" rule to the legislatures of nine more states.

The sit-in cases, which involved trespass convictions in Maryland, South Carolina, North Carolina and Florida, were decided on narrow technical grounds as the court failed to deal with this basic quastion: Can a merchant refuse service to a Negro and then have him arrested for trespassing if he refuses to leave the premises?

Justice William O. Douglas indicated that the justices were deadlocked on this question, commenting that the issue "consumes the public attention, yet, we stand mute avoiding decision of the basic issue by an obvious pretense."

Justice Hugo L. Black, joined by Justices John Marshall Harlan and Byron R. white, opposed the court's refusal to come to grips with the key question and said "the 14th Amendment does not forbid this application of state's trespass laws."

The reapportionment rulings, involving the state legislatures of Michigan, Iowa, Illinois, Oklahoma, Washington, Florida, Idaho, Connecticut and Ohio, were based on last week's ruling that both houses of state legislatures must be based on population only.

This decision capped more than two years of court rulings on apportionment of legislatures and Congress. Earlier this year, the high court ruled that the population test must be used in setting up congressional districts.

The court Monday handed down its second important decision of the session involving the Communist party. It overturned a portion of the Subversive Activities Control Act barring passports to members of groups officially designated as Communist by the government.

Two weeks ago the court let stand a decision by the U.S. Court of Appeals which threw out on technical grounds the conviction of the Communist party for failing to register as a subversive group.

In three decisions Monday, the court overturned decisions by state courts in Kansas, Ohio and Florida aimed at books and movies considered obscene.

SHOKAN — Delaware County people in town recently included Mary S. Taylor, Route 28, Andes.

Also here from up the line was Frank Lamport, Hobart dairy farmer who keeps about 50 head of cattle. He has an interesting antique gun collection including a Deringer similar to the pistol with which John Wilkes Booth shot Abraham Lincoln.

Mr. and Mrs. Steve Huben, Rosendale, were callers in the village center Wednesday.

The Jerry Wemples are having a new home built in the heights section of Shokan where a large number of new houses have gone up during the past three years.

Henry Gebelein observed his 77th birthday Thursday, June 15. A surprise party was given Mr. Gebelein at the home of Mr. and Mrs. A. L. Wiecek, Olive Bridge. Born in Brooklyn, he and his wife came here 20 years ago after buying the Charles MacDonough place on the old state road. Later, the couple acquired the Henry Elmendorf house in the village center. He has a daughter, Catherine Carlson, and a grandson, Capt. Harold Carlson, USAF, of New Paltz.

Mr. and Mrs. Edmond Jones were weekend guests of Mrs. Jones' father and brother, Sheldon and John Ackerly, at Andes.

Albert Shultis and Francis Aldrich, Kingston, were Sunday callers at the home of Mr. and Mrs. Milford Butler, Pleasant Valley.

A. B. Corelius, Gunnison Boulevard, Oneonta, was a caller last Thursday at the local free museum. He specializes in collecting old guns, carved powder horns and Civil War leather goods.

Vivien Leigh Is Back to Play Southern Lady

By BOB THOMAS
AP Movie-Television Writer

HOLLYWOOD (AP) — Vivien Leigh, looking lovely and fit after her recent illness, is back in Hollywood to play yet another Southern lady.

The English actress has come aboard Stanley Kramer's "Ship of Fools" to play one of the few American roles in the cast. This time she's a Virginian, and if she does as well as her last two Southerners, she'll be doing very well indeed. Both won her Oscars.

"The accent is quite difficult, but I'm working hard on it," she reported. "Virginian is a bit difficult to capture: it's somewhere midway between Southern and British. It was easier when I was speaking Georgian in 'Gone With the Wind' and Mississippian in 'A Streetcar Named Desire.'"

Miss Leigh is quite confounded as to why she has happened to specialize in Southern belles in American films, but obviously she has no complaints. She is feeling very chipper following months of rest that were necessary after her collapse in New York last year. She had been appearing in her first musical, "Tovarich."

"Everyone told me I was crazy to do a play in New York during the summer," she explained. "I thought that was nonsense. Hadn't I played four shows a day in North Africa during the war in temperatures of 126 degrees? I was sure I could cope with a New York summer.

"But I couldn't. It was simply unbearable. I spent all day in the country, but I had to come to the theater at night, and the nights were terrible. I could get no rest at all."

Now she is pleased to be back at her profession and to return to Hollywood to visit her chums.

Liquor Dealers Slate Fall Date For Charity Fest

Chairman John Misasi has announced that the 12th annual charity clambake for the Ulster County Hotel, Restaurant and Liquor Dealers Association will be held Tuesday, Sept. 15 at Sportsmen's Park, Rosendale.

Proceeds from the event will be donated to various charities. Gene Whalen, well-known restaurateur will cater to the affair.

Misasi stresses that there will be practically no limit to the amount of food participating individuals may consume. The public is invited.

Finance Control Must Go Back to People: Levitt

GLENS FALLS, N. Y. (AP)—Control and understanding of government finance must be restored to the people, state Comptroller Arthur Levitt said today.

"The trends in public finance have been away from the people," he said, "they must be swung back."

The comptroller's remarks were in a speech prepared for the summer conference of executives of the New York State Chamber of Commerce.

The Democratic state official did not mention Repulbican Gov. Rockefeller by name but Levitt's speech appeared to be another in a five-year-long series criticizing the governor's fiscal policies.

Levitt has challenged several times an administration plan to turn responsibility for financing major projects — the State University, mental hygiene facilities and state office buildings—over to semi-independent government agencies.

Debts incurred in those operations do not appear as part of the state's normal financial picture.

East's Bidding Helped South

BY OSWALD JACOBY
Newspaper Enterprise Assn.

An Oregon reader asks, "What would you do with the East hand after West opened one diamond and North passed? I bid a heart and was severly criticized for responding. It made no difference in the final results since our opponents reached a lay-down three no-trump in spite of my bid."

I would not want to join in severe criticism, but I must admit that if I had held that pair of jacks I would have passed. Sometimes such a bid will work, but not often enough to warrant trying it as a steady diet.

Furthermore, I am not sure that it made no difference this time. My correspondent gave me the bidding which got North and South to three no-trump with South as declarer, and I want to congratulate them.

Their combined hands include only 24 high-card points, so many pairs would stop short of game.

Then, if North becomes declarer, a diamond lead defeats three no-trump, provided that West makes the proper play at trick one. In addition a final spade contract is tempting indeed, but there is no play at all for four spades.

West will open the king of clubs and continue after his partner signals "come on" with the eight spot. Two club tricks, a club ruff and a diamond will be taken immediately, and the four-spade contract will have landed in the soup.

Court Decision On Confessions Has Mild Reaction

ALBANY, N. Y. (AP)—Early reactions from state legal authorities were mild today in the wake of a U.S. Supreme Court decision on the admissibility of confesssions that threatened to upset hundreds of convictions in New York courts.

The high court, in a 5-4 decision Monday held unconstitutional the state's rule allowing juries to determine whether a confession was voluntary.

Justice Byron R. White, in the majority opinion, said the New York approach did not constitute the due process of law guaranteed by the U.S. Constitution.

The question of whether a confession had been given freely should be decided by a judge in a proceeding separate from the criminal trial, he said.

A spokesman for the New York State Law Department said there would be no wholesale release of prisoners affected by the decision. He said each one claiming freedom under the high court's opinion would have to file a separate suit in a state court.

The spokesman said the question of whether the decision would apply only to new prosecutions, or whether it would be retroactive, would not be answered until a prisoner brought a suit invoking the decision.

Meanwhile, the chairman of a state commission seeking ways to modernize the state's penal law and code of criminal procedure said the decision came at the very time the question of admissibility of confessions was being studied.

Supreme Court Has Busy Year

Civil Rights, Communism, Reapportionment Rulings

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP) — The Supreme Court, undeterred by criticism that it is pushing too far too fast and usurping power, has finished another jammed year deciding cases from civil rights and communism to reapportionment.

It continued to assert its concern for civil liberties—protection of the individual from the power of the state. It handled labor problems and many cases which may seem minor to the general public but took time, work and thought.

Near the end of last year's term the court blew up a storm by banning any required reading of the Bible and the Lord's Prayer in public schools. Attempts were made in Congress this year to undo that decision.

But these attempts — to produce a constitutional amendment permitting the reading of the prayer and the Bible — have failed so far and will probably fail totally.

Again this year, one week before it finished up Monday, the court gave perhaps its most far-reaching opinion in years, one which will surely shake the foundations of the old political machines as they haven't been in generations.

May Affect All 50

This ruling — it may affect practically all 50 states — instructed them to overhaul their legislatures by reapportioning their election districts more equally by population to carry out this philosophy: "one voter, one vote."

The court said the seats in both houses of state legislatures must be reapportioned to get away from the present, ancient districting in which a relatively small number of people in one district can elect one legislator while four times as many squeezed into a single district elsewhere can elect only one.

Earlier this year the court said similar reapportionment must be worked out by the states in electing representatives to Congress. This does not touch the arrangement for senators which is based on the Constitution and is unrelated to population: each state is entitled to two senators elected by the whole state.

The court began to move into this problem of reapportionment in 1962, but this year's actions were the climax.

Started in 1962

The court made a ruling which affected Communists favorably. But it was in effect an expression of the court's concern that individuals be protected by the Fifth Amendment's guarantee that no one shall be deprived of life, liberty or property without due processs of law.

In pursuance of this the court ruled unconstitutional a section of the Subversive Activities Control Act that denies passports to members of officially designated Communist organizations.

Two weeks ago the Communist party gained another round in its 14-year-old legal battle against registering as an instrument of world influence.

Refusal on Review

The court refused to review, and thus let stand, a lower U.S. court decision of last Dec. 17 which reversed on technical grounds a $120,000 fine against the party for failure to submit details of its membership and finances.

The court was loaded down with racial and civil rights problems this term.

The court overturned a series of trespass convictions against sit-in demonstrators; threw out the conviction of 65 Negro students arrested on breach of the peace charges in a 1960 racial demonstration; ruled against a Southern courtroom custom of addressing Negroes by their first names instead of as "Miss" or "Mr." or "Mrs."; let stand a lower court ruling that hospitals accepting federal funds for construction must desegregate their staffs and facilities; upheld a lower court decision declaring unconstitutional a Louisiana law regulating segregation of the races in public parks and recreation centers; and banned any requirement that candidates for public office be designated on ballots by race.

Notable Decision

One of the most notable decisions of the year, or any year, was the court's ruling that the Fifth Amendment, which says a witness can't be forced to incriminate himself, applies to witnesses in state proceedings as well as federal.

The court added something else: If a state gives immunity to a witness from prosecution for testimony in which he admitted a crime, the federal government can't then use this testimony to prosecute him for a federal offense, and vice versa.

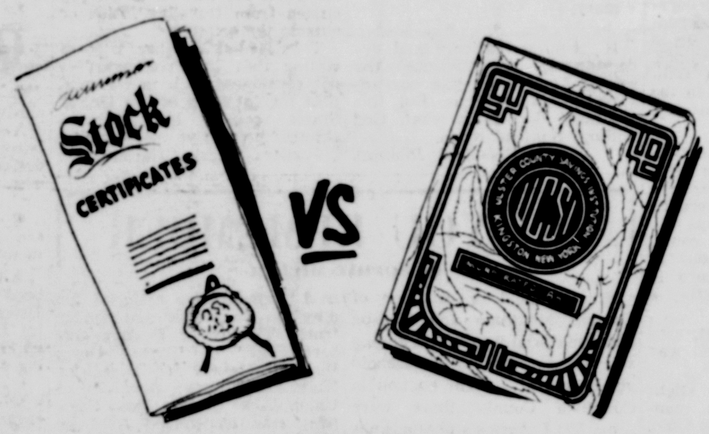

The court refused to interfere with a federal arbitration board ruling under which about 48,000 jobs of railroad workers eventually could be eliminated. It let stand a lower court decision that federal law bars unions from disciplining members found guilty of slandering or libeling union officers. The court said states can enforce their own right-to-work laws.

There was a lot more than this in the term just ended.

STOCK vs SAVINGS?

Many stocks are climbing upward. How high will they go? However — many stocks are lower then they were two months ago. Will they go lower? Anyone who has ever purchased stock can tell you these are hard questions to answer. No one really knows!

But the answer from the Ulster County Savings Institution is a good deal more positive — less speculative.

Every dollar invested in an "Ulster County Savings" account is insured by an agency of the United States government and will consistently grow at the impressive dividend rate of 4¼%. Last quarter our depositors received over $375,000 in dividends. This quarter they should receive even more. When you consider that 4¼% is the highest rate paid by any bank in this area and that there are no fluctuations in your investment — it seems to make good sense to consider a savings account in your investment portfolio.

Remember too — dividends are paid from Day of Deposit. For more information call or write tomorrow!

ANTI-LITTERING MOVE

The House of Representatives has passed legislation that would ease up a bit on those who litter national forest areas, and at the same time increase the chances that litterers will be punished. The paradox is not so strange as it may seem. It springs from the fact that under present law offenders are more often admonished than punished.

Charges on littering and a variety of other petty offenses in the national forests —improper parking, reckless skiing and the like—must now be heard by federal district judges. This, as the House Agriculture Committee notes in its report, "has very naturally resulted in a reluctance on the part of Forest Service officers to enforce rules and regulations by means stronger than persuasion."

The new proposal approved by the House would get around this by allowing those charged with such offenses to be tried by U. S. commissioners. This should have the healthy result of bringing more such offenders to trial. It is hoped that the Senate will promptly concur.

Soviet space experts boast that Russian cosmonauts have made seven times as many orbits of the earth as American spacemen have. Besides that, the Red Chinese have Khrushchev in orbit most of the time.

DAYLIGHT TIME ATTACK

The time for bringing order out of the annual daylight time chaos has once again passed without action. It is usual, in such circumstances, to put the matter out of mind. As with so many things the slogan is: Let sleeping dogs lie.

But this particular sleeping dog makes America appear ridiculous. Why not kick it awake this time — prod Congress, in short, to do something sensible about the present mishmash? Time varies not merely from state to state, but in some cases from town to town within states. That is, quite simply, preposterous.

Perhaps no simple, all-encompassing solution is possible. Varying elements in the nation have various ideas about daylight saving time. But why should Congress not conduct hearings on the matter in the near future, instead of waiting until the urgency of this problem becomes evident to all once again next spring?

A rational solution of the daylight time problem is surely within the reach of a people intent on sending a manned expedition to the moon. The way to get it is to have early hearings and then work out legislation in the public interest and fair to all concerned.

Melbourne's welcome to the Beatles was bigger than that for the queen. They have more press agents — and besides, the queen doesn't sing.

TRAFFIC IN BRITAIN

If it is any comfort to U. S. traffic experts, the automobile chaos in Great Britain is even worse than in this country. Though there are not as many cars as in this country, neither is there as much room for them. The number of licensed motor vehicles on the road creates a mess which staid Britons never expected to see.

About every imaginable remedy is being considered, including redesigning cars for cities and redesigning cities for cars. Among other ideas are barring cars from cities unless they are there strictly on business, and a pay-as-you-drive system by which the motorist would shell out something extra for road wear and tear, lighting and traffic control, "congestion costs" which would cover labor, fuel and time losses, and "social" costs—risk, noise, fumes, dirt.

It will be interesting to see what Ernest Marples, minister of transport, comes up with. Something, we hope, that this country also can use. A man of imagination and energy, Marples set up study commissions to grapple with long-term aspects of traffic control, to study pay-as-you-drive, and to consider radical changes in car design.

"Small cars," said Marples, "may be the answer, or two cars, with one in the trunk of the other." The parent car, we assume, would be parked at the fringes of congestion and the small one would be driven on from there. This seems more a gimmick than a solution. But even a gimmick that eases a problem a bit would be desirable.

Scranton calls Goldwater a "fast-draw thinker with one foot in the 19th century." Whatever the weather between now and July 13, the days won't be dull.

'These Days'

By JOHN CHAMBERLAIN

THE ASSAULT ON THE SECURITY AGENCIES

It could be a series of coincidences. On the other hand, it could be a contagion caused by the temper of the times. But whatever it is, a broad movement is in the works to discredit the security agencies of government in the U. S.

The contagion ripples from place to place. The FBI's head, J. Edgar Hoover, is subjected to insinuations in magazines that he is too old to do a good job. Mr. Hoover will be 70 years old next January, but to anyone who has talked with him and watched him in action the idea that he is ripe for retirement is preposterous. President Johnson recognized this when he chose the fortieth anniversary of Hoover's appointment by Attorney General Harlan Fiske Stone to waive retirement and continue Hoover in office. Nevertheless in spite of presidential certification that he is sound of mind, and limb, the sniping against Mr. Hoover will continue. The Nation's magazine's Fred J. Cook, who has sniped before, will snipe again in a book scheduled for publication by Macmillan, "The FBI Nobody Knows."

In New York City, it is the police department that is under fire. Well-meaning citizens belonging to such eminent organizations as the City Club of New York, the Liberal Party, the Civil Libertise Union, the NAACP, and the Socialist Party, have called for the creation of a civilian board to review charges of police brutality. This has aroused the wrath of Police Commissioner Michael Murphy, who has himself fired some eighty policemen on complaints during the past three years. Commissioner Murphy resents the imputation that he can't take care of disciplinary action within the department himself. There is no evidence that Communists or Fellow Travelers are behind the agitation to put a civilian board of review over the Commissioner's own review facilities, although John Cassese, the president of the Patrolmen's Benevolent Association, has alleged "Communist-front" manipulation. Mr. Cassese might have been on less disputable ground if he had advanced the theory of contagion presumably abetted by Communist-fronters. The spreading of verbal impeachments is subtle, an osmosis-like process, and no conspiracies are necessary to cause words to travel.

The attacks on the FBI and the New York metropolitan police are recurrences of what has happened before. But the contagion is now spreading in a new direction to menace the Central Intelligence Agency and a number of private radio broadcasting and monitoring organizations such as the Free Europe Committee and Radio Liberty which, presumably, get some funds from Washington. In a book published this week, "The Invisible Government," David Wise and Thomas B. Ross have not only come down hard on the CIA itself but on all "black radio" security organizations, both government and "quasi-official."

The Free Europe Committee, which operates Radio Free Europe, is condemned for encouraging the Hungarians to revolt in 1956. Maybe its words did lend such encouragement, but if Radio Free Europe operates "within the published policy of the United States," as it has itself proclaimed, then the primary fault of misleading the Hungarians should be sought elsewhere.

The fact is that if the government extends funds to "black radio" organizations, it is responsible for what those organizations do. Some of the "black radio" groups, incidentally, do magnificent work. By its monitoring skills Radio Liberty in Munich and New York City called the turn on the wheat famine in Soviet Russia last year long before anyone else. Such invaluable reporting on the part of the "black radio" arms of "invisible government" gets far less attention from the Messrs. Wise and Ross, who should know good reporting when they see it, than the sins and peccadillos which form the primary substance of their book.

This column does not doubt that the FBI, the CIA and the New York police have all made their mistakes. But these watchdog bodies are, after all, the main bulwarks of our liberties. In criticizing specific errors, we should guard ourselves against the contagion that tends to bring necessary security agencies into universal disrepute.

Check Poison Ivy Threat With Injection, Not Pills

Newspaper Enterprise Assn.

BY WAYNE G. BRANDSTADT, M.D.

Q—Are there any tablets or liquids that can be taken by mouth to prevent poison ivy?

A—The only preventive is dissenitizing injections. These are especially recommended for persons subject to frequent unavoidable exposure to this and related plants. The injections must be taken two or three months before such an exposure to be effective. Cortisone taken by mouth after the blisters appear will give relief, but no tablets will prevent the attack.

Q—I have aphthous stomatitis and have tried all kinds of mouthwash, but nothing helps. What can I do to get rid of it?

A—Aphthous stomatitis is another name for canker sores. Mouthwashes in general are of no help. Touching the sores with alum, tincture of Merthiolate, or silver nitrate helps to heal them, but in susceptible persons they are likely to return from time to time.

Q—What is hemoptysis? Is it serious?

A—Hemoptysis is bleeding from the lungs. Bleeding from any source should not be taken lightly. Hemoptysis may occur in persons with tuberculosis, pneumonia, parasitic diseases of the lungs, heart failure and lung cancer. Because most of these conditions can be diagnosed before they reach the stage of producing bleeding, I strongly recommend an annual chest X-ray, especially in persons over 40.

Q—About six months ago I had an operation for an inguinal hernia. Is it all right for me to go about my housework again? How can I prevent a recurrence?

A—The cause of your hernia was a congenital weakness in the pelvic wall. Following a repair operation this wall may be stronger than it was before, but there is always a chance of recurrence. Healing should be complete, externally and internally within four weeks, but routine housework should not be resumed until six weeks after the operation. After that the only precaution is to avoid heavy lifting.

Please send your questions and comments to Wayne G. Brandstadt, M.D., in care of this paper. While Dr. Brandstadt cannot answer individual letters he will answer letters of general interest in future columns.

WASHINGTON (NEA) — In the final struggle for the 1964 Republican presidential nomination, some politicians are counting possible electoral votes as carefully as they tot up delegate votes.

With Sen. Barry Goldwater so strongly fixed that he can now lose the nomination only by stumbling badly or by suffering an improbable raid on his delegates by Pennsylvania's William W. Scranton, a big question is:

How does Goldwater propose to put together an electoral victory over President Lyndon Johnson in November?

It will require 270 electoral votes to win the presidency. In the days before Kennedy's assination, Goldwater backers used to circulate a tally sheet suggesting that Barry could roll up 311, or 41 more than needed. They no longer talk in such terms.

THEIR OLD TOTAL included, of course, all 128 electoral votes for the 11-state Old South. But today it is the Old Lyndon South, and the most optomistic Goldwater men seriously talk of winning more than a handful of southern states.

Even if Goldwater managed to win all but Johnson's Texas (25 votes), Georgia (12), which never has gone Republican, and North Carolina (13), he would pull only 78 from that territory.

The senator is admittedly strong in the 8-state mountain area but the total electoral votes there is a meager 33. And Johnson is also strong in this region and might well break off at least half that total. In 1960 Kennedy picked up New Mexico and Nevada.

The pre-assassination Goldwater tally sheet showed the senator winning only Ohio (26) and Illinois (26) of the northern Big Six industrial states. Later his supporters also laid claim to California's 40 votes, New York (43), Pennsylvania (29), Michigan (21) were assumed as likely to be lost.

WITH JOHNSON IN THE WHITE HOUSE, most political observers right now would underscore the earlier Goldwater estimate of his slim chances in the industrial Northeast — including potent New Jersey and Massachusetts with 31 votes between them.

Johnson's top political aides say, in fact, that the President's only real big worries are Illinois and Ohio if Goldwater is the GOP nominee. Democratic concern in these states seems related more to party organizational troubles than to high estimates of Goldwater's strength.

Goldwater people speak hopefully of California. But independent appraisers now give it to Johnson by landslide proportions. The White House thinks California and New York are in the best shape of all the big ones for next November.

WHEN SCRANTON AIDES had a socializing session with Goldwater spokesmen late one night at the Cleveland Governor's Conference, the two groups ran through an electoral vote count. Scranton men were curious as to how the senator planned to build a fall victory. Later, a Scranton aide said:

"Frankly, in their count, they stopped at Indiana on their way east."

This account seems slight fuzzy, since Goldwater's managers always have claimed Ohio, which went for Richard Nixon in 1960 by 275,000.

Goldwater, of course, does look hopefully toward such other midwestern states as Wisconsin, Iowa, the Dakotas, Kansas, and Minnesota, and the five border states of Oklahoma, Kentucky, West Virginia, Maryland and Delaware.

Yet, again, few impartial judges believe the senator has any hope of so clean a sweep of these states as would be necessary to offset Johnson's apparent strength in many sectors.

Goldwater's strategists have their hands full this month in persuading Republican delegates to San Francisco that the President's strength can be overcome in the states with decisive electoral votes.

United States Supreme Court Travel Ruling and Cold War

BY DAVID LAWRENCE

WASHINGTON — A majority of the members of the Supreme Court of the United States apparently are not ready to help their government fight the "cold war" effectively. They prefer technicalities to realities. For, in another of its sweeping decisions, the highest court in the land is willing to consider a member of the Communist party as no different from a member of the Democratic or Republican party or any other political organization of citizens.

Yet J. Edgar Hoover, director of the FBI, whose knowledge of the intricacies of espionage and acts of subversion is unequaled in this country, told Congress last January that the Communist party in this country is an agent of the Soviet government. He declared:

"The determination of the Soviet Union to maintain the Communist party, U. S. A. and to strengthen and direct it in such a way as to make it a continuing danger to this nation is clearly evidenced by the fact that for the past 44 years, Soviet Russia has in one way or another directed and controlled the Communist party, U. S. A. and helped to finance it."

The Congress of the United States, recognizing this danger, passed a law forbidding the issuance of American passports to any members of the Communist organization in America. Now the Supreme Court of the United States has declared this law unconstitutional because it does not provide for proof in advance that the passport would be misused. Only a Communist agent who is willing to tell ahead of time exactly what acts of espionage he may intend to commit or what information he may be getting ready to transmit to a foreign government could thus be prevented by law from getting a passport of the United States government.

Justice Goldberg, who wrote the opinion for the Supreme Court majority, declared that "freedom of travel is a constitutional liberty closely related to rights of free speech and association."

Justice Douglas, who concurred in this opinion, wrote as follows:

"Being a Communist certainly is not a crime; and while traveling may increase the likelihood of illegal events happening, so does being alive."

Justice Douglas added that war might be a condition for "serious curtailment of liberty," but unless there was a war, he could see no way of keeping a citizen from traveling inside or outside the country.

This is but another way of stating that the "cold war" is not considered to be a war and that the interests of the United States cannot be protected through preventive measures.

Justices Clark, Harlan and White in their dissenting opinion quoted from a statute passed by Congress in 1954 which stated that "the Communist party of the United States . . . is in fact an instrumentality of a conspiracy to overthrow the government of the United States." The three justices declared that the findings by Congress concerning the nature of the Communist party should be binding upon the Supreme Court. The minority opinion continued:

"The right to travel is not absolute. Congress had ample evidence that use of passports by Americans belonging to the world Communist movement is a threat to our national security. . . .

"In 1950 Congress determined, in the Subversive Activities Control Act, that foreign travel 'is a prerequisite for the carrying on of activities to further the purposes of the Communist movement.' The Congress had before it evidence that such passports by Communist party members:

(1) "Enabled the leaders of the world Communist movement in the Soviet Union to give orders to their comrades in the United States and to exchange vital secrets as well;

(2) "Facilitate the training of American Communist leaders by experts in sabotage and the like in Moscow;

(3) "Gave closer central control to the world Communist movement; and, of utmost importance,

(4) "Provided world Communist leaders with passports for Soviet secret agents to use in the United States for espionage purposes.

"This evidence afforded the Congress a rational basis upon which to place the denial of passports to members of the Communist party in the United States. The denial is reasonably related to the national security. The degree of restraint upon travel is outweighed by the dangers to our very existence. The remedy adopted by the Congress is reasonably tailored to accomplish the purpose."

What the majority of the Supreme Court has said in the case, however, is law. So today the Department of State, the Department of Defense and the law-enforcement agencies of the United States government are thwarted in their attempts to protect the security of the Unied Sates by measures which would prevent Communist party members in this country from acting as a means of communication for the Soviet government.

DO YOU REMEMBER

By SOPHIE MILLER

Bill Newgold, a collector of Catskill Mountain and Hudson River material wrote that among several cartons of household goods sold at a farm auction in Columbia County there were some 500 Dederick's photographs which he will display at the Colony building July 4 weekend. It seems H. C. Dederick worked for a steamboat company at Hudson, and took pictures of excursion boats and ferries of the day, which were later used on regional post cards, sometime between 1896 and 1906. I wonder what the name of the steamboat company was. It seems Mr. Dederick also photographed local events of Ulster, Greene and Columbia Counties, such as the coming to town of Buffalo Bill and his Indians.

I received a very nice note and a clipping from Mrs. William F. (Cora E.) Drake of Hurley. She writes: "In looking over some things, I found an article on the 1888 Blizzard, which I have kept all these years, maybe you could use it, when the proper time arrives . . . I am living with my niece, in Hurley. Sold my house in Kingston as I found it too much care. I miss Kingston very much. Am in my 96th year and my eyes aren't so good."

Mrs. Drake further writes: "I send 'Do You Remember' to a very dear friend who has a home in Kingston and New York City, Margaret Hasbrouck Elliott. She enjoys them as much as I do . . . also sent some quite old ones I found . . . I am sure everyone enjoys your writings. Sincerely, Cora E. Drake." I appreciate this kind note very much. I remember how my father used to clip out "At Century's Turn" by H. L. Van Deusen and save them for me. Attorney Henry Klein sent me a batch some time ago which I save and refer to.

Strange how an old postal card can make you interested in certain information. I have one of the Central Fire Station, during the days of fire horses. The two dark horses, and two white horses and the center one horse carriage. In one of H. L. Van Deusen's "At Century's Turn" which Attorney Henry Klein had sent me it says: "The new Central Fire Station on East O'Reilly Street was opened on December 1, 1908. The big team of horses that had hauled the hose wagon of Wiltwyck Hose Company to fires was transferred to the new station and used to haul the hook and ladder truck."

Item further explains: "Three paid firemen were assigned for duty on the hook and ladder truck. They were Fireman Elbert Soper of Clinton Hose; Wright Maines of Excelsior Hose, and Fireman Hornbeck of Union Hose. Weiner Hose Company was transferred from its old firehouse on Hasbrouck Avenue to the Central Fire Station. The old firehouse had been purchased by Addison E. Dedrick, local building contractor, who planned to turn the firehouse into living apartments for rental purposes."

It is said, that the first fire department in the bounds of the present City of Kingston was organized by legislature in the year of 1797. It was composed of men who resided within half a mile of the court house. In the early 1800's every householder had to have a bucket or two bearing initials of owner. When an alarm of fire was sounded the buckets were either thrown out of the front door for some one else to use or were carried to the fire by the householder who would help form a bucket brigade from the nearest water supply to the scene of the fire. Each bucket held about eight quarts.

Capitol News in Brief

By THE ASSOCIATED PRESS

WASHINGTON (AP)—In the news from Washington:

WASHINGTON (AP) — The Senate gave swift authorization Monday to a $5,246,293,250 measure for the nation's space program.

The measure would allow $52 million more than the House voted for the year beginning July 1. But for the first time in the seven-year life of the National Aeronautics and Space Administration the authorization was less than the previous year's budget, which was $5,350,820,40.

The bill now goes back to the House. Actual funds to finance the program will come through a separate appropriations measure.

WASHINGTON (AP) — The U.S. population has climbed an estimated 12 million since the 1960 census.

The population clock in the Census Bureau working on birth death and immigration rates, reached 192 million at 8:35 a.m. Monday.

The decennial count in April 1960 was 180,007,000.

WASHINGTON (AP) — President Johnson declared Monday that the GI Bill of Rights signed 20 years ago by President Franklin D. Roosevelt "increased the strength of our nation by enlarging the opportunities of our people."

In a statement marking the anniversary of the bill, Johnson said the stroke of Roosevelt's pen "was far more than a nation's gesture of gratitude to those who in a cause of freedom had borne the cost of the conflict.

"It represented America's intention to ensure that the war we were going to win would be followed by a peace we were not prepared to lose."

Johnson said the results have been rewarding, noting that eight million veterans received training under the bill and that it spurred the post - war economy.

Says Head, Not Heart Is First Signal of Death

SAN FRANCISCO (AP)—The head—not the heart—first signals certain death, says a Boston doctor who urges that a brain wave recorder be used to tell when a dying patient passes beyond help.

Devices to restore or stimulate heartbeat and breathing can "maintain the look of life in the face of death," Dr. Hannibal Hamlin reported today at the annual convention of the American Medical Association.

But the electroencephalograph —EEG—can tell when lack of oxygen to the brain, the main lethal factor, has made death inevitable, he said.

"The brain completely without oxygen generates no waves on the electroencephalogram," the Boston neurological surgeon noted. Yet resuscitative devices can keep heart and lungs functioning "while agonizing and expensive prolongation of false hope continues for all concerned."

Students Face Court

SEOUL, South Korea (AP)—Three South Korean University students went on trial before a military court today charged with insurrection for directing the recent demonstrations against the government of President Chung Hee Park.

After 40 minutes of preliminary deliberation, the court granted a defense motion for postponement until Friday.

Negro Named Director Of Industries, Inc.

NEW YORK (AP) — Samuel R. Pierce Jr., a Negro lawyer, has been elected a director of U.S. Industries, Inc., a manufacturing company with sales at about $120 million a year.

His law partner, Theodore W. Kheel, said Monday Pierce is the first Negro to have a policy-making position in a large American corporation doing business internationally.

"And not because he's a Negro, but because he's qualified," Kheel said. "U.S. Industries has no Negro business. Sam's presence will not make a nickel's worth of business for them."

Sniper Blamed For Teen Girl's Death in Gotham

NEW YORK (AP) — A teenage girl was shot to death—apparently by a sniper — while walking with her younger sister through a 42nd Street parking lot early today.

Police said a small caliber bullet struck Joan Wilson, 18, of Manhattan in the top of her head.

Her sister, Margaret, 15, told police she heard two shots as they were taking the short cut through a parking lot.

New York is the only state in the Union which directly touches both the Great Lakes and the Atlantic Ocean.

PLAZA HOME UNIT INSTALLS—Installation of officers for the Plaza Heights Home Demonstration Unit were conducted recently at Katsbaan Inn. There were 25 members and guests present. The new officers are (l-r) Mrs. Darrell Smith, chairman; Mrs. George Leombruno, vice chairman; Mrs. David Cartmell, treasurer and Mrs. Duane Allen, secretary.

Supporters Ask Royal Family to Recognize Wally

PARIS (AP) — The Duke of Windsor ushered in his 70th birthday today with a small dinner party at Maxim's that lasted until after midnight.

His supporters in Britain used the anniversary to call again on the royal family to forget the past and officially recognize the duke's American wife.

Marking his birthday quietly, the duke slept late and spent most of the day at his desk. A secretary said he was working on personal accounts and correspondence.

Another private dinner party, at the house of friends, was scheduled tonight.

With the duke at their Paris mansion was his wife, the former Wallis Warfield Simpson, who was a divorcee when he gave up the British throne in 1936 to marry her. She is 68.

Movies of Bombing Dooms Cuba Raiders

MIAMI, Fla. (AP)—A desire to make movies on an anti-Castro bombing mission last week may have spelled doom for the raiders, Cuban exiles said today.

"The pilot, Luis Diaz, asked that he be permitted to make the raid in daylight rather than during protective darkness" said spokesmen for the sponsoring organizations, Revolutionary Recovery Insurrectional Movement and Commandos L.

"He wanted to make pictures and show them later to spur collection of funds to buy planes for bigger raids on Cuba."

Diaz, 23, was killed after he and two companions dropped three homemade bombs on a central Cuba sugar mill. Havana radio said the other two were injured when the plane was shot down. Both were captured.

Names In The News

NEW YORK (AP) — Peter Duchin, 27, son of the late pianist, Eddie Duchin, married New York socialite Cheray Georgea Zauderer Monday.

Guests at the ceremony in the Park Avenue apartment of the bride's parents, Mr. and Mrs. George Zauderer, included Duchin's godparents, Undersecretary of State and Mrs. W. Averell Harriman.

NASHVILLE, Tenn. (AP) — Sgt. Alvin York, 76, hero of World War I, is listed in satisfactory condition at the Veterans Hospital in Nashville.

York entered the hospital Friday with internal bleeding.

MOSCOW (AP) — Nikolai S. Patolichev, 56, Soviet minister of foreign trade, was reported to have "suffered a collapse" just before beginning talks with a delegation of Italian businessmen.

Italian sources in Moscow said Monday a Foreign Trade Ministry spokesman informed the Italian Embassy that Patolichev had suffered a collapse and couldn't attend the talks. The nature of his illness wasn't disclosed.

SAN FRANCISCO (AP)—Anatoly F. Dobrynin, Soviet ambassador to the United States, says that "little by little" relations between this country and Russia "are moving in the right direction."

The ambassador, in a speech Monday to the World Trade Club at San Francisco, said "people everywhere want to believe in peace," and added: "I believe you Americans don't want war."

Court Gives Reds Passport Rights

WASHINGTON (AP) — The Supreme Court ruled unconstitutional Monday a section of the Subversive Activities Control Act that denies passports to members of officially designated Communist organizations.

Justice Arthur J. Goldberg, speaking for the court majority, said that the section "too broadly and indiscriminately restricts the right to travel and thereby abridges the liberty guaranteed" by the Constitution.

The decision was given on appeals by Elizabeth Gurley Flynn, national chairman of the Communist party of the United States, and Dr. Herbert Aptheker, editor of "Political Affairs," a party organ.

Justice Tom C. Clark wrote a dissenting opinion, in which justices John M. Harlan and Byron R. White joined. The vote thus was 6-3.

Wilkins Has Word On Advancing Under CR Bill

WASHINGTON (AP)—Negro leader Roy Wilkins warns that Negro advances under the new civil rights bill will be diminished if unwise tactics are used in testing its enforcement.

Wilkins, executive secretary of the National Association for the Advancement of Colored People, told a news conference Sunday that rights backers should be "smart rather than loud" in seeking implementation of the bill when it becomes law.

"If you have to change the sparkplugs in your car, you don't use a sledgehammer," he said. "You use a wrench.

"It could be that the speedy approach would not be the most productive approach. But we must move fast enough to insure that we don't let the other people (civil rights foes) jump into a vacuum situation following enactment of the bill."

Wilkins was expected to urge moderation tonight in his keynote speech to the NAACP's 55th annual convention here.

Rhinebeck Board Will Resubmit Bond Issue

Rhinebeck Central School District Board of Education members have decided to resubmit to the taxpayers on Oct. 21, a $1,308,000 bond issue for a proposed 29-room school, possibly with a choice of electric or oil for heating purposes.

The proposal, which called for the new building to be heated by electricity, which would be the first of its type in the area, was rejected on June 10 by a vote of 715-579.

A school district spokesman said the school board will look into the legality of giving district taxpayers a ballot choice on alternative heating systems. He said the board still feels that electricity would be more economical. The board, the spokesman said, based that belief on opinions it sought from area residents.

REFRIGERATOR - FREEZER

Frost *can't* form with the wonderful Frostless Refrigerator-Freezers —neither in the big zero-degree freezer, nor in the refrigerator section. And the new refrigerator-freezers give you much more usable space inside with no increase in overall size.

You can forget about food and ice trays that stick or cubes that have to be battered apart . . . your FROSTLESS keeps frost out and cubes so cold they can't stick together.

You can really stock up on sale items, knowing that when you want to use them they'll be as fresh as the day you bought them *and* you won't have to chop them out of the freezer, not with a FROSTLESS!

You can cook and freeze an entire meal against the day when unexpected guests drop by, *and* the whole tasty menu will pop out of the freezer as easily (and free from ice) as when you put it in!

You can have the peace of mind that comes from knowing you have a supermarket right in your kitchen, full of frozen delights that you can bring out for any culinary emergency. (And without the slightest trace of icing up, thanks to your FROSTLESS!)

The newly-elected leader is a past president of Father William Q. Dunphy Columbiettes auxiliary, White Plains.

Alternate delegate to the forthcoming state-wide meeting will be Margaret Rook of Suffern.

The State Council Columbiettes comprise some 102 auxiliaries of Knights of Columbus Councils throughout New York.

The Honorable Margaret Mary J. Mangan is honorary president of the organization.

Violates Parole

Accused of violating parole, Morris Marshall Starr, 19, of Veteran, was arrested today by State Police BCI Investigator Joseph Franke of the Kingston sub-station and State Parole Officer John Keeley. Starr was turned over to Keeley and lodged in the Ulster County jail pending a hearing before State Parole Board. Starr, Franke said, was on parole from Woodbourne Prison where he served a term for a grand larceny conviction.

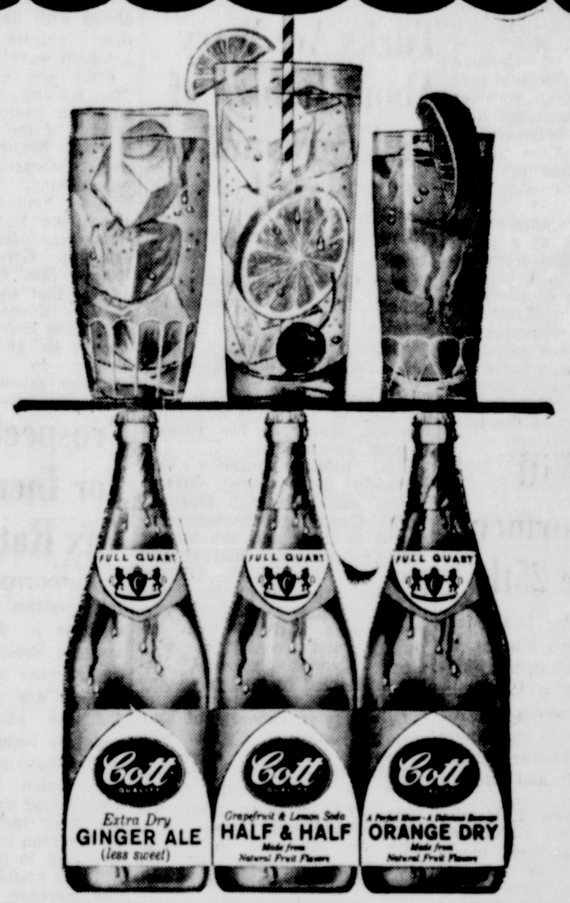

The arrest was made on a warrant obtained by Keeley.

The phrase "ear marked" comes from the English farmers' practice of notching the ears of their cattle to identify them permanently.

Selecting Traver Jury

Selection of a jury for the second degree assault trial of George H. Traver, suspended Poughkeepsie police lieutenant, began today before Dutchess County Judge John R. Schwartz. Edward A. Filipowicz is defense attorney. The trial had been delayed several times for various reasons. Traver is accused in an indictment of shooting John Phillips, Highland taxicab driver during an alleged argument in front of Traver's Town of Poughkeepsie home. Town police said Traver allegedly hit Phillips with his revolver, which discharged and wounded the taxi driver on the shoulder.

Traver Trial Has 3 Witnesses on Po'keepsie Stand

Three witnesses were heard up to noon today in Dutchess County Court in the trial of a suspended Poughkeepsie city police lieutenant charged with second degree assault of a taxi driver. The charge is a felony.

Lieutenant George H. Traver, 51, a 27-year veteran of the Poughkeepsie force is accused of wounding John Phillips, 34, of Highland, a Poughkeepsie cab driver, last Nov. 17 in front of the Traver home, 1 Colburn Drive, Arlington. Police said that a 32-caliber personal revolver owned by Traver discharged during an argument between the men, wounding Phillips in the shoulder. Phillips was taken to Vassar Hospital for treatment of the wound.

Traver, who reportedly has an unblemished record as a police officer was suspended from the force by Chief John L. Martin pending disposition of the case. He has been free in $5,000 bail.

This morning's witnesses reportedly included the physician who treated Phillips, a bartender and a police officer who arrested Traver after the incident. This was the second day of the trial.

Big Deal Will Open at Former Adin's Site 25th

The Kingston Big Deal Market, formerly Adin's Market, 70 Franklin Street, will open Thursday morning at 9 o'clock with appropriate ceremonies. Mayor John J. Schwenk will participate in the re-opening of the discount market at Franklin and Furnace Streets.

Manager Matthew Lassandro reported today that all departments, including produce, meats and groceries will be open for business Thursday. There will be free merchandise given away at the opening.

Using as its motto, "Shopping at Big Deal is a Big Deal" Lassandro said the store would carry a complete line of merchandise.

For many years the market was operated by A. D. Rose and later taken over and operated as Adin's Market. The business was recently acquired by Big Deal Markets, a New York City market chain which operates several stores.

Negroes Planning Another Wade-in

ST. AUGUSTINE, Fla. (AP) —Determined Negroes, shrugging off attacks by white gangs in their last three wade-in demonstrations, planned another one today at the beach.

The assault on St. Augustine racial barriers was stepped up Monday by daylight, while legal attempts were made to knock out an order of Gov. Farris Bryant banning after-dark demonstrations by both sides.

Two wade-ins were held Monday within three hours. Each time tough white segregationists wielding fists and clubs attacked the Negroes.

Bryant, ordered by U.S. Dist. Judge Oryan Simpson to show cause why he should not be held in contempt of court for his order to halt the night marches, worked on the defense he will make in court at Jacksonville Friday.

The governor denied that he had asked the State Supreme Court for an advisory opinion on his duties and responsibilities under a Florida "big stick law." Reliable sources said the court was studying the law for him.

The law, enacted in 1955 after the U.S. Supreme Court decision outlawing segregation in public schools, gives the governor authority to take any steps he deems necessary to prevent violence and maintain peace.

State troopers sent in by the governor quickly broke up Monday's encounter and hauled 21 persons to jail. Virtually all those arrested were released on bonds.

Until the battle over desegregation grew tense two weeks ago, Negroes had used the integrated public beach without incident.

Barry Has Advantage

WASHINGTON (AP) — Sen. Barry Goldwater commands the largest single bloc of members thus far selected to the Republican Convention Platform Committee and may have a veto on any plank he opposes.

Party moderates and liberals who are fighting to prevent the Arizonan from getting the GOP presidential nomination have been plugging for a strong platform statement on civil rights.

They want an endorsement of the legislation Congress is about to pass, and against which Goldwater voted in the Senate. Moreover, they are contending the GOP nominee must be pledged to enforcement of the bill's sweeping provisions.

Scranton After 52 Votes

HARRISBURG, Pa. (AP) — Gov. William W. Scranton of Pennsylvania took his campaign for the Republican presidential nomination into neighboring Delaware and New Jersey today.

With a combined delegate strength of 52 votes, the two states were first on a list of regions to be visited by Scranton during his second full week of an 11th-hour bid to overtake and surpass the front runner for the nominatitn, U.S. Sen. Barry Goldwater of Arizona.

Limb Does Damage

A large limb, which fell from a tree on Albany Avenue near East St. James Street Monday afternoon, damaged a car and loosened wires of the Central Hudson Gas & Electric Corp., but caused no interruption of electric service. Police headquarters was notified at 2:01 p. m., that the limb had fallen and Officers George Dougherty and Junious Harris investigated. A front fender on a sedan owned by Ellis Griffith, of 211 Main Street, was reported damaged. The public works department was called to remove the limb from the street.

Turks Are Wary About Return of UndergroundBoss

NICOSIA, Cyprus (AP)—Turkish Cypriot officials and U.N. officers said today the return of Greek underground leader George Grivas to Cyprus spells trouble for the tension-ridden island.

"Grivas' return means things will go from bad to worse," said a Turkish Cypriot attached to the staff of Vice President Fazil Kuchuk, leader of the Turkish Cypriot community.

U.N. military officers said privately they agreed Grivas' return would heighten tension.

The Cyprus government continued to deny that the former EOKA commander had slipped back to the island. Glafcos Clerides, president of the House of Representatives who told correspondents Grivas had returned and conferred with Greek Cypriot President Makarios, denied he had given any such report.

Grivas is an exponent of Enosis, the union of Cyprus with Greece. Makarios advocates self-determination or independence for Cyprus with Enosis posssibly in the future. There has been considerable public pressure for Makarios to appoint Grivas commander of the Greek Cypriot National Guard.

Ulbricht Admits Chances Slim for Pact With Soviet

BERLIN (AP) — Walter Ulbricht, the Communist leader of East Germany, has at last publicly admitted he doesn't expect to get his long-sought separate German peace treaty with the Soviet Union.

For more than five years, Moscow has poised the threat of signing a separate peace pact that the Reds claimed would drive the Western Allies out of Berlin.

At the beginning, Soviet Premier Khrushchev gave the West six months to get out. The ultimatum gradually was softened. After the Cuba missile crisis, the Reds stopped talking about their peace pact.

In conversations reported on Monday in the controlled East German press, Ulbricht tried to give the impression he never really wanted a separate pact —that would have left West Germany to the mercy of the militarists, he said.

Instead he has a friendship treaty signed in Moscow 11 days ago. The Communist press quoted him as saying that this pact "gives us all that we can expect and need" from a peace pact.

Then he went on to develop the idea that he was conducting a policy for the benefit of all Germany, suggesting that the Communist way would produce a settlement for the whole country and not just part of it.

Western diplomats regard this as a flip-flop from the days before Cuba when the Communists were pressing for a Red takeover of West Berlin.

War Risk Considered

WASHINGTON (AP) — Many Congress members indicated belief today that the administration has decided it is willing to risk war with Red China to prevent Communist forces from overrunning Southeast Asia.

Sen. George D. Aiken, R-Vt., said for one he was apprehensive about "a general expansion of the war in Southeast Asia" but added in an interview: "I think they (administration officials) have made up their minds to expand the war."

Labor Camps Going Soft?

MOSCOW (AP)—Soviet labor camps have become country clubs, where drunkards, prostitutes and other "parasites" enjoy sunbathing, good food and vodka, the government paper Izvestia complains.

The social misfits sent to detention centers for rehabilitation "are just warming themselves in the sun and they are fed. They should be made to work from dawn to dusk and they should be punished more," said Izvestia.

Airport Action Due

The Town of New Paltz Zoning Appeals Board has scheduled a hearing Wednesday night on an application for a permit to the operator of an airport on the Libertyville Road. Carl E. Confer, operator of the airport which has been in operation since 1958, is the applicant. Abram W. Paradies, Appeals Board chairman, said the permit would be discussed and probably acted upon at the meeting in Town Hall. Operator of the airport, which has a 2,300-foot runway and maintains a flight school, has been objected to by some local residents because of the noise.

Row Opens Over WhoShouldPolice Smoking in U.S.

WASHINGTON (AP) — A broad congressional investigation into cigarettes opened today with a row over who, if anybody, should police smoking.

The first witness, Sen. Maurine B. Neuberger, came before the House Commerce Committee with a plea to let the Federal Trade Commmission go ahead with its plans to require that cigarette containers have a health warning.

First, she asked Congress to "do nothing which would obstruct or impede the implementation" of the FTC program or a public health service plan for mass research and education on smoking.

Mrs. Neuberger also anticipated the testimony of a witness scheduled to follow her, Surgeon General Luther H. Terry. She said Terry would testify that the Department of Health, Education and Welfare "has now determined that HEW should be given legislative authority to regulate cigarette package labeling."

Prospects Good For Increase of Tax Rate on SS

WASHINGTON (AP) — House tax writers vote today on changes in the Social Security system. Prospects are good for an increase in the tax rate and the old age payments, but bad for the administration's proposal to include health care.

The Ways and Means Committee, which has been holding closed-door sessions off and on for three months, is understood to favor an increase of about six per cent in payments.

This would roughly parallel the increase in the cost of living since 1959, when the present rates were set, and would require an increase of about one-fourth of one per cent in the payroll tax and an increase in the taxable income to $5,400 from the present $4,800.

Scouts to Conduct Training Camp For Jamboree

Eighty Scouts, Explorers and leaders, members of the Rip Van Winkle Council, B.S.A., contingent to the 6th National Jamboree, will participate in a "Pre-Jamboree Training Camp" to be held at the Tri-Mount Scout Reservation this wekend, June 26-28.

Purpose of the Pre-Jamboree Encampment according to Sherwood Lasher, Kingston, chairman of the Council Jamboree Commitee, is to practice patrol cooking — Jamboree style, get used to setting up and taking down the new Jamboree tentage, and complete the organization of Jamboree patrols and troops. Lasher emphasized that parents and friends of Scouting are cordially invited to witness the Jamboree Scouts in action throughout the weekend encampment at Tri-Mount.

Members of the 80 boy contingent will start arriving Friday afternoon, at which time they will be issued the special Jamboree Troop and patrol camping equipment which they will be using at the actual Jamboree scheduled to be held at Valley Forge National Park, July 15-24.

The Jamboree Scouts and Explorers will then set up their patrol campsites to conform as closely as possible to the standard campsite layout to be used at Valley Forge.

Friday night the Jamboree contingent members will gather in the Camp dining hall to participate in an orientation session to be conducted by Jamboree Troop leaders Robert Tremper, Ulster Park; Anthony Zinnanti, Catskill; and Kenneth Magyar, Saugerties, a member of the Region 2 Jamboree Staff. Lasher, chairman of the Council Jamboree Committee, also will participate in the program.

A full day of Jamboree activities will be held Saturday including: practice in Jamboree campmaking, Jamboree field sports, practice in marching formations. The program for Saturday will conclude with Troop Campfires conducted by the individual Jamboree Troop leaders.

Following religious services, to be conducted in Camp Sunday morning, the Scouts and Explorers will participate in a final pre-jamboree orientation session to be conducted by Jamboree officials. The enforcement will conclude Sunday afternoon following closing ceremonies to be held on the Camp parade ground.

Lackawanna Asks For Aid to Save Passenger Service

NEW YORK (AP)—The Erie-Lackawanna Railroad said Monday it needs financial help from public agencies or it will have to give up passsenger services.

In letters to 204 mayors, congressmen, senators, legislators, governors and freeholders representing its North Jersey - New York service area, Erie-Lackawanna chairman William White said the railroad had suffered losses of more than $100 million since 1957.

The road's commuter service had risen to $7.2 million a year, White said, with the state of New Jersey granting $2.2 million to partially alleviate the loss.

The Erie - Lackawanna now carries 35,000 commuters each way daily except weekends.

Answer Is Filed To Vote Appeal

PHILADELPHIA (AP) — Attorneys for Genevieve Blatt, Pennsylvania's secretary of internal affairs, have filed an answer to an appeal against throwing out the so - called blank space votes in the contest for the Democratic nominee for U.S. Senate.

The appeal had been filed last week by Miss Blatt's opponent in the close race, Justice Michael A. Musmanno of the State Supreme Court.

Counting of the votes in the 15 wards where blank space voting occurred would give Musmanno a plurality of 1,215 in those wards. Miss Blatt is presently leading in the contest by 636 votes.

Chief Justice John C. Bell of the State Supreme Court has promised an early decision on whether the high court would hear the appeal against a ruling by Judge Vincent A. Carroll.

Five Drivers Fined

Five drivers, charged with speeding, were fined $15 each in city court today. They were: William J. Nyulassy, 37, of 28 Nicholas Avenue, Town of Ulster; Alex Bruckner, 36, of 22 Stuyvesant Street; Mary E. Kunz, Ridgewood Avenue, Rolling Meadows; Anita Kantor, 31, of 15 Chestnut Street, Rolling Meadows, and Robert Playford, 19, of 80 Prospect Street.

Outlook Clouded On Rights Bill Vote in 10 Days

WASHINGTON (AP) — The prospect of final congressional action on the civil rights bill within 10 days was clouded slightly today.

President Johnson reportedly has told House Democratic leaders he wants his top - priority poverty bill passed before the House adjourns for the Republican presidential convention.

This could clash with a pre-convention recess the Republicans have been counting on. Their platform committee meets in San Francisco the week before the convention starts July 13, and many congressmen are on it. Others want to testify.

Charles A. Halleck of Indiana told reporters Monday that Republican members of the House Rules Committee might not be so inclined to cooperate in sending the civil rights bill to the House floor if they are denied the courtesy of an early recess.

Adventists Set Camp Conference

The Northeastern Conference of the Seventh Day Adventists will hold its annual camp meeting June 25 through July 4 at Hyde Park.

Services will be held daily 6:30, 9 and 11 a. m. and 2:30 and 8 p. m. There will be special services for youth, teens, kindergarten and primary. The public may attend.

Elder James McCoy of 755 Albany Avenue Extension or Marina Price of 233 Catherine Street may be contacted for further information.

Faces Assault Charge

John Scully, 55, of 72 Garden street, was arrested Monday afternoon at police headquarters by Detective Gurnsey Burger on a second degree assault charge. It is alleged that he inflicted a knife wound on the right forearm of Richard J. Krum Jr., of 3 Lawrence Street, Yonkers, on June 19. Krum was treated at the emergency room at the Benedictine Hospital. Attorney Joseph J. Qualtere appeared today with Scully before City Judge Joseph D. Saccoman and hearing was put over to Wednesday. Application was to be made for bail.

PREPARE FOR TRAINING CLINIC—Miss Blanche Saunders, author, lecturer, judge, breeder and teacher, discusses fine points of dog obedience training with some friends. She will conduct an obedience training clinic 10 a. m. to 5 p. m., June 27 and 28 at the Municipal Auditorium, 467 Broadway. The clinic is open to all interested persons. Saturday 10 a. m., Miss Saunders will lecture and demonstrate on beginner, novice and open problems. Sunday 10 a. m., she will lecture and demonstrate utility problems, hold an instructors' clinic and if time permits, an introduction to tracking. Mrs. A. J. P. Seitz, 238 Clinton Avenue, Kingston, may be contacted for further information. Miss Saunders for nearly 30 years has been considered the world's outstanding authority in the field of obedience training. For 17 years she was training director for the ASPCA in New York City and was twice selected "Dog Woman of the Year" for her devotion to obedience training. She breeds, raises and trains standard poodles at Carillon Kennels in Bedford. Ulster Dog Training Club Inc., is sponsor of the clinic.

Report 2 Perish In Canoe Mishap On Fishing Trip

CHIBOUGAMAU, Que. (AP) —Two members of a four-man fishing party from South Dayton, Cattaraugus County, N.Y., perished after their canoe overturned on Lake Mistassini last week.

Provincial police said Monday night Elmore Phillips, 28, was drowned and his body was not recovered. John Astry, 30, died of exposure, police said.

The plight of the men was learned after a chartered aircraft arrived to carry them out of the northern Quebec area, where they had been since June 15.

Kenneth Latshaw, 38, suffered from frostbite during three days of snow. He was taken to a hospital in Chibougamau, which is about 300 miles north of Montreal. The fourth man, Raymond Luksch, 38, was not injured.

Police planned a further search for the body of Phillips. Lake Mistassini is 75 miles north of here.

RR Man Stricken Fatally

WELLSVILLE, N.Y. (AP)— An Erie-Lackawanna Railroad fireman was stricken fatally today in the cab of a passenger-train locomotive as the train neared Wellsville.

Ralph Gray of Hornell was pronounced dead on arrival at a hospital. He was believed to have suffered a heart attack.

The engineer, Leo Pruner of Hornell, brought the train to a stop without difficulty, a railroad spokesman said.

The train had departed from Hornell.

Girl Scouts Hold Ceremonies, Plan Summer Program

The Woodstock-West Hurley Girl Scout Neighborhood is bringing to a close its 1963-64 season, while plans go forward for summer activities in the out-of-doors.

Brownie Troop 90, Mrs. Peter Paulker, leader, held its Flyup Ceremony at Overlook Methodist Church Hall with the parents of its 10 girls as invited guests. The Brownies were presented with membership stars and flyup wings, and then crossed the Bridge to Junior Girl Scouting where they were welcomed by Mrs. Robert Rifenberg and Mrs. George Kittner, who will be leaders of Troop 96.

At a Flyup Ceremony held at the Woodstock Reformed Church, Mrs. Rifenberg and Mrs. Kittner also welcomed five members of Brownie Troop 82. Mrs. George Smith, leader, presented stars and flyup wings to 17 members of the troop who also served refreshments to their mothers.

In the West Hurley Firehouse, members of Brownie Troop 89 received their stars and flyup wings from Mrs. John Blatter, and then crossed the Bridge to Junior Girl Scouting and received their pins from Mrs. David Fox of Troop 79. The Brownies presented thank you notes to Mr. and Mrs. Watson Goodrich for the American Flag, to Mrs. John Vilas for the Brownie painting used during Girl Scout Week, and to Mrs. C. Anderson for her work as Cookie Chairman. Mrs. Fox spoke of the new program in Junior Scouting and explained the ways in which parents can help.

Junior Troop 176 presented a Scout's Own on conservation at a Court of Awards attended by their parents in the West Hurley School. Each girl earned the Drawing and Painting Badge, presented by Mrs. Sally Vilas, as well as their membership stars. Thank you gifts were presented by the girls to Mrs. M. Hutchinson, Mrs. F. Dutcher, Mrs. M. Williams, Mrs. Vilas, Mrs. William Fisher and Mr. H. Every. Refreshments were served by the mothers while an art exhibit was enjoyed.

Junior Troop 173 will hold a Court of Awards at a cookout at the Glenford Firehouse. The girls have earned a variety of badges as well as the Sign of the Arrow.

Brownie Troop 141 held its Flyup ceremony at the home of Mrs. Howard Young, Zena. The flyups were welcomed into Junior Scouting by Mrs. Paul Perlman, Neighborhood troop organizer.

Members of Junior Troop 175 are planning an overnight at Camp Mountain Pals accompanied by Mrs. Paul Perlman.

Junior Troop 174 plans a summer of outdoor meetings with Mrs. Gloria Criscamagna, leader.

Many girls from the Neighborhood will be enjoying the summer program at Camp Wendy in Wallkill.

Girls in the third grade in September may enroll in a Brownie Troop now by calling Mrs. William Fisher, Glenford, the Neighborhood chairman.

The Neighborhood Service Team wishes to thank all leaders and troop committee members who have done so much to make scouting enjoyable and worthwhile for the girls in this area.

Lecture-Recital In Guild Hall

H. A. Schimmerling will conduct "a musical journey" across Two Bridges of Slavonic Folkmusic in the lecture-recital taking place in the Guild Hall at 3:30, Sunday, June 28. The event will be the first presentation in music by the Performing Arts of Woodstock, the young organization which a short month ago won acclaim for its first dramatic offerings.

June Pauker, well-known throughout the Hudson Valley as a gifted singer in many languages, will share the recital stage. She will picture in their songs the spirit, the expressions, and the life of the people who have created the Slavic folk music.

The program promises to be a gay and entertaining musical adventure.

A visual prelude to Sunday's lecture-recital may be had by viewing exhibits in the window of Victor Basil and of the 7-Arts Gallery, both near the Village Green and also in the showcases of the Gilded Carriage, 95 Tinker Street. All the display spaces have been generously donated for the week's use by Mr. and Mrs. Victor Basil of Woodstock. The literary material shown is from the H. A. Schimmerling Library. The artifacts are by courtesy of Mrs. H. A. Schimmerling, Mrs. Bohumir Larys, and Richard Crist, all of Woodstock.

Top Twenty Categories Of Antiques at Show

The top 20 categories of popular antiques will be on exhibition and sale at the Colony Arts Center, Rock City Road, Woodstock, on July 3, 4 and 5.

The categories include china, glass, books, Civil War items, jewelry, lamps, furniture, prints and pictures, furniture, cards, buttons, silver, toys, dolls, military antiquities, tools and utensils, coins, stamps and miniatures.

The list of favorite antiques was compiled from the want lists in the leading antique trade journals and recent sales reports of antiques shows throughout New York and the New England area. All of the 24 dealers participating in the Woodstock show at the Colony Arts Center are offering special items in these popular fields.

Anyone who has individual pieces or collections in these antique categories and wants to sell them will find a ready market at the Colony Arts Center show. All of the exhibitors have indicated an interest in buying from the customers as well as selling to them.

Today's Business Mirror

By SAM DAWSON

AP Business News Analyst

NEW YORK (AP) — Stability of wholesale prices — a rare thing during business expansions — has been a mark of the current upswing. But new pressures may be building up to tip the balance.

Already there have been considerable fluctuations in some commodities. Some prices have risen, particularly for industrial materials, because demand has caught up with supply. Others have been raised as a result of recent wage contracts. And more such negotiations are in the offing.

But so far, weakness in other commodities has kept the overall price index almost level.

The cost of living — or consumer price index — hasn't been so accommodating. It has held to a fairly steady if slow upward course, due mainly to advancing charges for services.

Since the present business upswing started early in 1961 the Bureau of Labor Statistics wholesale price index — based on the 1957-59 average as 100 — has moved between 99.5 and 101.2. It now is right in between, just slightly above 100. The consumer price index in April was 107., from the same base.

Individual commodity price changes have been marked during the last three years, however.

Changes ranged from gains of 4.4 per cent for lumber and wood products and 4.3 per cent for tobacco and beverages to decreases of 3.6 per cent for chemicals and 4.8 per cent for fuels and power.

More recent price increases have been listed for various metals. Coal prices have risen at many mines after the latest wage increase.

In most previous periods of business expansion price changes have been much quicker and larger. This was particularly marked in the 1955-57 boom.

Since then, however, capacity to produce has become so large that it acted as a damper on wholesale price fluctuations. This was true during the last previous expansion period, 1958-60, although industrial wholesale prices did rise 3 per cent in that period. This was offset by a drop of 15 per cent in the index for farm products.

In the current expansion, abundant capacity to produce also has acted as a brake on commodity prices. This surplus of facilities has kept competition keen in many commodity markets.

Glancing Over TV Bill of Fare

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — Henry Siesar, who has written more television shows for Alfred Hitchcock's television series than any other author, has figured out a way to have his cake and eat it tooo.

Three days a week Slesar concentrates on his job as creative director of a large New York advertising agency. The other four days belong to his flowering career as a fiction writer.

"I keep my advertising job," said Slesar "because there is no security in writing."

He wrote—and promptly sold—his first short story about eight years ago when he was at home, ill, and had nothing else to do. A short time later, Joan Harrison, producer of the then-half-hour Hitchcock show bought one of his published stories. Since then, he has sold close to 40 stories and scripts—half-hour and, later, hour-long—to the show. He also has turned out two or three hard-cover whodunits, other short stories and currently has two ideas for series under consideration by a network and a film studio.

Where does he find his ideas?

"If you write, you are always on the lookout for something—maybe only a line that is overheard—that will give you an idea.

Slesar's most successful short story—it has been republished often in anthologies and made into a Hitchcock progam—developed from a remark he overheard in a hotel restaurant. An elderly woman said to her companion, "I just don't know what is going to become of Alice. She just sits in that old house and refuses to leave."

Slesar worked and worked around that remark, finally coming up with "The Right Kind of House," a real thriller with a snapper ending about an elderly woman who remained stubbornly awaiting a buyer of a decaying old house on which she had put a ridiculously high sales price.

CBS signed Barbra Streisand Monday to a 10-year, $2-million contract. The 22-year-old singer-actress, who is the brightest new star to emerge in several seasons, will appear in a series of specials next season — perhaps starting with a one-woman show in the fall.

Dear Abby . . .

Keep Him In Sight!

Abigail Van Buren

DEAR ABBY: I am 19 and my husband is 28. We have two children. My husband has always been a sensible man, until he got mixed up with a character from work. This guy is 43 and thinks he is 18. He goes to the beach every weekend with his portable radio and tries to pick up girls young enough to be his daughters. My husband has been going to the beach with him and I don't like it. I told my husband to stay away from this character and it has caused lots of arguments between us. What would YOU do?

DISGUSTED

DEAR DISGUSTED: I'd go with him, and take the kids. One of them is sure to call him "Daddy."

• • • •

DEAR ABBY: Does giving a girl a pearl ring for her little finger mean that you are engaged to her? I gave a girl a pearl ring and told her she should have the jewelry store make it fit her LITTLE finger. Well, she is wearing it on her ENGAGEMENT finger and she's telling everyone we are engaged. I always thought that a diamond ring was the only kind that meant engagement, but now people are telling me that a pearl ring could mean the same thing. I like this girl a lot, but I don't want to be engaged to her. What do I now?

WORRIED

DEAR WORRIED: A pearl ring (or a paper ring from a cigar) can mean engagement, if the man prposes marriage to the lady and she accepts. You had better tell this girl that you were interested in only her little finger—not in her whole hand!

DEAR ABBY: A good friend of mine had to accompany her husband on an emergency trip, and she asked if my husband and I would chaperone her teenage daughter's house party. I said we would be glad to. When I asked her for instructions with regard to our responsibilities as chaperones, she said, "Oh, you don't have to do a thing. Just stay out of sight!" Will you please tell me how anyone can "chaperone" a party and stay out of sight? My husband and I sat upstairs in the bedroom and watched television the whole time, while the kids tore the place apart downstairs. I would like your opinion of what a chaperone's responsibilities should be.

"OUT OF SIGHT"

DEAR OUT: A Chaperone should first confer with the hostess to be certain that she understands what the "rules" are. This includes the do's and don'ts of conduct and what time the party is to end. It is not necessary for the chaperone to be present every moment. But she should check periodically to be sure the rules are being followed.

• • • •

CONFIDENTIAL TO JEFF: Keep your words soft and sweet. They taste better if you have to eat them.

Integration Heads To File Test Suits On Rights Law

CHICAGO (AP) — Dr. Martin Luther King Jr., said Sunday that integration leaders will file court tests of the Senate - approved civil rights bill as soon as it becomes law.

King said the Southern Christian Leadership Conference which he heads, will make court tests of the public accommodations section of the bill in Montgomery, Birmingham, Gadsden, Selma and Tuscaloosa, Ala., Albany, Ga., and St. Augustine, Fla.

He also told a news conference that he does not agree with Sen. Barry Goldwater, R - Ariz., that the civil rights bill is unconstitutional. Goldwater, voted against the bill in Friday's Senate action.

Wagner Welcomes 200 Classified Ad Managers

NEW YORK (AP) — Mayor Robert F. Wagner welcomed more than 200 newspaper classified advertising managers to the city Monday at the opening of their annual convention.

The mayor, who was cited for his work in settling the 114-day newspaper strike last year, said he was surprised that classified advertising accounts for one-third of lineage and "that more money was spent last year on newspaper classified sections than on magazines, billboards or radio."

The mayor told how the record of one's life often is outlined in the classified sections of newspapers—with birth, marriage nd death announcements. He said that, in these and other varied ways, "your industry affects people and reflects their lives."

Court Won't Reconsider

WASHINGTON (AP) — The Supreme Court Monday refused to reconsider its June 1 decision that the Aluminum Co. of America must divest itself of the Rome (N.Y.) Cable Corp.

Alcoa and Rome joined in a petition for reconsideration.

Long before the year expired, however, Timmy returned to the shop, and with him took his cherished treasure, longing very tired and very sorry for itself.

Jeweler (examining the watch) — But you must have had an accident with it.

Timmy — A small one, to be sure, sir. About a month ago I was feedin' the pigs and the watch fell into the trough.

Jeweler — Then, you should have brought it back to me before.

Timmy — Sure, sir, I brought it as soon as I could. We only killed the pig yesterday.

Today in History

Today is Tuesday, June 23, the 175th day of 1964. There are 191 days left in the year.

Today's highlight in history:

On this date in 1683, William Penn made an agreement with the Indians for the purchase of Pennsylvania.

On this date

In 1722, Charleston, S.C., was incorporated.

In 1780, the battle of Springfield, N.J., was fought.

In 1931, Wiley Post and Harold Gatty started their flight around the world.

In 1947, the Taft-Hartley Act became law over President Harry S. Truman's veto.

Ten years ago — President Dwight D. Eisenhower announced his opposition to a federal pension for Alger Hiss, convicted of perjury in denying he gave secret information to a Communist spy ring.

Five years ago — Dr. Klaus Fuchs was released from prison in England after serving more than nine years of a 14-year term for giving atom bomb secrets to the Russians.

One year ago—President John F. Kennedy assured the Germans in a speech at Bonn that the United States would remain in Europe "so long as our presence is desired and required."

No Topless Suits Allowed

NEW YORK (AP) — Women who wear topless bathing suits on the city's beaches will be arrested, says Parks Commissioner Newbold Morris.

A woman wearing such a suit Morris said Sunday, can expect a policeman to come up with a blanket, cover her, take her to a police station, and give her a summons.

Life Insurance Queries, Answers

As a public service in cooperation with the Eastern New York Chapter of the American Society of Chartered Life underwriters, the following question and answers on life insurance are presented:

Question — The news reports on the new Federal income tax law speak of a future tax on group life insurance. I have a $35,000 policy at the office. Will I have to pay a tax on this?

Answer — No. Your $35,000 involves no income tax. The new Federal income tax law, now in effect, does apply a tax on group life insurance provided by an employer in amounts in excess of $50,000, but nothing below that. At one time, in the consideration of the measure, a $30,000 limit was in the bill but the final figure was $50,000.

The tax applies to the premiums paid by the employer, classifying them as taxable income for the employe for amounts in excess of the premiums on over $50,000 of insurance. The amount of this premium per $1,000 was not stated in the tax bill but was left to the Internal Revenue Service to establish. The rate will be a measure of annual renewable term insurance, going up each year with advancing age.

One exception is made — for persons over 65. The premiums paid by employers are not regarded as taxable income for the employe, if the latter is 65 or over, whether he is still working or is retired.

Kane Will Have Columbia Support For Court Post

Supreme Court Justice T. Paul Kane of Schoharie County, who was appointed by Governor Rockefeller to fill a vacancy created by the death of Justice Kenneth L. MacAffer, will have the support of the Columbia County delegates to the Third Judicial District convention at Albany July 28.

Justice Kane will be opposed by Edward S. Conway, Albany County chairman.

One of the Columbia County delegates who prefers to remain anonymous said Columbia County intends to "break once and for all the stranglehold that Albany County has held on Supreme Court posts over the past decade."

Columbia County's last Supreme Court justice was the late Daniel V. McNamee of Hudson who served in the 1930's.

The Third Judicial District comprises the seven counties of Sullivan, Ulster, Greene, Schoharie, Albany, Columbia and Rensselaer. Presently the justices of the district are four from Albany County, three from Ulster, two from Rensselaer County, two from Sullivan County and one from Schoharie County. Columbia County and Greene Counties are not represented on the bench.

Ford Gets Quick Reply From Union On Coming Talks

DETROIT (AP) — Hard bargaining between Ford Motor Co. and the United Auto Workers in their impending new contract talks appeared likely today in the wake of clashing preliminary stands by both sides.

The union charged that Henry Ford II could not understand the worker's position. This was the UAW's reaction to Ford's speech Monday in Coronado, Calif., in which he said willingness to accept a strike was a part of "free and responsible collective bargaining."

Ford, board chairman of the firm, said that union demands could endanger the national economy.

"From his lofty position, it is understandable Mr. Ford can't make out the American scene below of workers producing more than ever yet being shorted in their share of the prosperity they are creating," said Ken Bannon, director of the union's Ford department.

The UAW issued Bannon's statement late in the day, presumably after the union had taken time to study the automaker's remarks.

Negotiations between Ford and the UAW formally open July 1, simultaneously with General Motors and Chrysler new contract talks. The present three-year contracts between the union and the Big Three automakers all expire Aug. 31.

The UAW has not announced its specific demands though UAW President Walter P. Reuther has indicated them in broad terms.

Ford, in his speech, said that from "what we read" it appeared that management is to face union demands that are "out of touch with reality."

Reuther has set a 4.9 per cent annual increase as a minimum economic goal for his union, but has not broken this down. The union has called for more liberal pensions, a shorter work week, and higher wages.

Sees Police Needs Coming for Fishkill

Supervisor Lyndon Hickman of the Town of East Fishkill contends that the township will need a police department within five years.

Hickman noted that the town's population nearly doubled between 1950 and 1960, from 2,565 to 4,778, an increase of 2,213. With construction of the East Fishkill IBM Corporation Components Division plant, the growth in the township is estimated to have been at a more rapid pace in the last four years.

The comment of Hickman came as he spoke of the proposed $228,000 town hall, near Hopewell Junction, is constructed.

LAWS ABOUT DOGS

I am interested in trying to do something about the laws in this state on the keeping of animals, mainly dogs.

We have been bothered by dogs running loose ever since we moved to New York and this summer is even worse than before. It got to the place that we were having dog fights in our yard and I was afraid to let my three year old daughter out to play.

When I called the authorities I was told that nothing could be done as long as the dogs were licensed. (Well needless to say I am not about to get out in the middle of a dog fight to find out which dogs have current licenses.) The authorities also told me that if one of my family were to get bit by a dog then we would have grounds for a law suit, but this certainly would not save us from the discomfort of rabies shots if the dog had rabies.

I think that a law should be passed to keep all dogs in their own yards either in pens or on leashes whether licensed or not.

I would like to know the steps that one would have to take to get such a law into effect.

Incidentally; I have a small dog which I have tried several times to keep on a leash in my yard and the other dogs have just malled her and hurt her because she cannot get away from them when she is confined.

Thank you,
MRS. RAYMOND POLONE

P. S. — The dog that was causing all the dog fights did not have a current license and has been picked up, but if it had had a license nothing could have been done.

San Diego Has Third Quake in Two Days

SAN DIEGO, Calif. (AP)—An earthquake shook San Diego Monday night for the third time in two days.

Chandeliers swayed, windows rattled and several burglar alarms started clanging when the quake hit at 9:56 p.m.

Dr. Charles Richter of the California Institute of Technology seismology laboratory at Pasadena, 130 miles to the north, said the quake probably was centered ventose to San Diego.

The city had a sharp quake Sunday morning and a series of light tremors just after noon Monday.

To Confer on Senecas

WASHINGTON (AP) —House and Senate conferees will meet Wednesday in a third attempt to resolve differences in bills to compensate the Seneca Indians for land to be flooded by the Allegheny River reservoir.

The House approved $20.15 million in payments to the Indians; the Senate, $9.13 million.

2 Dads Honored, 1 Posthumously

Fathers Day, 1964 will long be remembered by two Mid-Hudson Valley families. As the result of a Montgomery Ward contest to select a dad who would be King For A Day, the families of John Schallenkamp, Rosendale and Adrian Lemon, Blue Mountain met.

Local children who entered the contest were required to write a composition of 25 words or less, telling why their dad was the greatest.

Little Karen Schallenkamp, age 11, wrote, "In February Daddy gave his life when he went through fire to try and save my sister. They both died. He was a brave man." In a postscript she continued, "If I win a prize I would like a ride for me and my brothers to the cemetary on Fathers Day, as we don't have a car. I'd like something pretty to put on Daddy's grave."

Rodney Lemon, age 10, wrote, "My Dad is the greatest because eight years ago when I was two years old he came to a rehabilitation hospital and picked me to be his fourth child. He didn't care that I was crippled." Rodney's postscript was "If my day wins, could you give the bike to some boy who does not have a dad."

Rodney and Karen met, and little Rodney gave the bike to Karen. Sunday morning, Rodney's dad took both families to church and to visit the grave of John Schallenkamp. There, in a touching ceremony the two little children placed a beautiful floral piece on the grave.

Earn Their Welfare Pay

BINGHAMTON, N. Y. (AP)—The city has put 22 men to work, earning their welfare payments.

A spokesman said Monday the jobs include maintenance of streets, public buildings and parks.

The state law authorizing cities, towns and counties to sponsor work-relief programs became permanent in 1960. Thirty-nine welfare districts have adopted the programs.

3rd Fatal on Job

WARRENSBURG, N. Y. (AP) —Henry M. Williams, 62, was injured fatally Monday when the water-tank truck he was driving rolled backward down a grade and overturned at a Northway construction site.

Sheriff Robert Lilly said Williams, of Ghent, was the third person within two months to die during construction of the highway in Warren County.

Atkins Is Elected YW Board Chairman

A. Raymond Atkins was elected chairman of the Board of Trustees of the Y.W.C.A. at a recent meeting of that board held at the building at 209 Clinton Avenue. Atkins succeeds Deweese DeWitt as chairman of the Board, the latter having been a member of the Board of Trustees for 12 years.

Attorney Robert MacKinnon of Hurley was elected to the Board of Trustees to replace Chairman DeWitt.

Other members of the Board of the local Y.W.C.A. include Mrs. Frank Thompson, Harlow DeForest, J. Ellis Griffith, George Chilson and Mrs. Henry P. Eighmey, president of the Board of Directors of the Y.W.C.A.

Awards Presented At Final Meeting Of Phoenicia Cubs

Awards, advancements and inductions rounded out the final meeting of Phoenicia Cub Scouts Pack 60 last week, with the annual "Olympic" games the highlight of the occasion.

Cubmaster James Heffernan presented 12 awards. John Rogerson received a silver arrow under wolf; Ross Rogers, bear badge; Peter Rogerson, silver arrow under bear; Kris Wood, Daniel Schutis and Randy Smith, lion badges; Kris Wood and John Ford, gold arrow under lion; Randy Smith, Daniel Smith, Alberto Mousset and Howard Rubin, Webelos badges.

Charles Stroh and James Van Wagner were initiated as bobcats.

Cubmaster Heffernan also announced that plans have been finalized for the Pack trip Saturday, June 27. All Cubs are to meet 9:30 a. m. at the parish hall parking lot. They are to bring their own lunches and must be in uniform. Parents have been requested to provide transportation.

Supervisors Warned About Water District

Supervisor Thomas D. Mahar, (D-Town of Poughkeepsie) chairman of the Dutchess County Board of Supervisors has warned Poughkeepsie city officials that the board can no longer delay the formation of a County Water District.

Mahar said he would appeal to Mayor Victor Waryas and the Common Council to make every effort to reach a decision as soon as possible. He said, "This issue has been too long unresolved."

The Board chairman contended that a county water supply system is essential for two reasons: (1)—To protect the health of the community, and (2)—To obtain new industries. Mahar predicted that the Board of Supervisors will take the first steps to form the district shortly after a hearing on July 13, and he expressed the hope that the City of Poughkeepsie officials will have reached a decision to sell its surplus water to the district by that time.

Driver Figures Speed Fine Saved Him $10

ALBANY, N.Y. (AP)—Harlan Weaver will tell you speed pays.

The speedometer on Weaver's automobile was stuck at 80. A garageman said it would cost $20 to repair.

Monday Weaver was caught in a radar trap and fined $10. But the radar apparently corrected an electrical fault, and the speedometer works perfectly now.

Weaver figures he saved $10.

MILLION-DOLLAR JAGUAR— NOT FOR SALE!

At the time Rome fell, another city, another great civilization was rising—half way around the world.

The center of the first Mayan Empire, Chichen Itza, lifted its great pyramids above the forests of the Yucatan Peninsula on the east coast of Mexico in the fifth century, A.D.

Deep within the largest pyramid is a chamber dominated by a throne in the shape of a red jaguar, spotted with inserts of green jade. The Mexican government refused $1,000,000 for it 30 years ago!

Far to the north stand the remains of another ancient city, Teotihuacan, which housed 250,000 people in 700 A.D.

And only 35 miles from there is a modern capital of today's world—Mexico City. Here, the tall buildings are examples of the best in modern architecture. Commerce and industry, theater and the arts, education and medicine, people and customs—all are of today's world.

Knowledge of our modern neighbor is important today. Send for the free 16-page booklet, "Know Mexico," Box 1900, New York 19.

Progress Noted On Negro Rights Of Servicemen

WASHINGTON (AP) — The Pentagon's civil rights chief today reported some "spectacular changes" in treatment of Negro servicemen in areas around military bases.

Alfred B. Fitt, deputy assistant secretary of defense for civil rights, indicated he expects the new civil rights bill to help in scoring further gains against racial discrimination affecting servicemen.

"Our people probably use more public accommodations than any other segment of the population," Fitt said in an exclusive interview with The Associated Press.

He referred here to a section of the new bill providing remedies for persons barred on racial or religious grounds from such public accommodations as hotels and motels, restaurants, or places of entertainment.

The Pentagon's year-old drive to eradicate discrimination against servicemen has relied largely upon persuasion, with base commanders generally dealing with local officials on a case-by-case basis.

"There's been very gratifying progress," Fitt said, "but a good deal remains to be done."

He stressed that in using the word spectacular to describe some gains so far, he meant instances where rigid patterns of segregation had been broken even to a limited extent for servicemen.

Students Range

diploma through night work. Those "drop-outs" who have completed two years or more of high school work are encouraged to work for the full high school diploma through attendance at the Adults Education program classes, Director Klein said.

Praises Teachers

Much of the credit for successful work in obtaining high school diplomas through the Adult Education program, is given by Mr. Klein to the competent instructions given by the teachers who conduct the classes.

Particular credit is given by the "students" to Mrs. Mildred DeWitt who carried much of the teaching load and to Philip Furnari, Keith Kempton, Mrs. Bella Crook, Mrs. Albert Kurdt, Leonard Kronick and Victor Nippert who taught courses in the Adult Education program. From the director of Adult Education and his staff, most of the credit for achieving their goal and being awarded a high school diploma, goes to the hard work and the persistent efforts of the group.

On September 14 there will be new registration for people interested in any phase of Adult Education and particularly those who do not have a high school diploma. Anyone interested may call the Adult Education Department of Kingston High School for information.

Financial and Commercial

NEW YORK (AP) — Motors weakened in a mixed stock market early this afternoon. Trading was moderate.

Gains and losses of most key stocks went from fractions to about a point.

The auto stocks, which began to falter Monday when Henry Ford II implied that his company is willing to risk a strike, lost ground.

Rails, airlines and building materials kept a slightly higher trend but steels worked irregularly lower. Chemicals, farm implements, tobaccos and electronics were mixed.

The market was irregular from the start and seemed to lack any incentive for a renewal of its recent recovery drive.

The Associated Press average of 60 stocks at noon was unchanged at 309.3 with industrials unchanged, rails up .5 and utilities off .3.

The Dow Jones industrial average at noon was up .39 at 826.77.

Xerox fell 3 points, apparently in further reaction to the threat of additional competition in the office photocopy field. IBM gained a fraction.

Prices on the American Stock Exchange were generally higher.

Oppose Hoffa's Plan

NEW YORK (AP)— A major revolt against Teamsters Union President James R. Hoffa's plan for a nationwide contract in the car-delivery industry shaped up today with locals from Tarrytown, N.Y., to Baltimore reported out on strike.

The East Coast locals had rejected the pact earlier this month, but the international union ordered another vote. Scattered reports indicated the members voted overwhelmingly against it Monday night.

Hearings on Bus Applications Are Scheduled July 1

Public hearing by the Common Council's Railroad and Bus Committee is to be held in the city court room, City Hall, starting at 7:30 p. m., July 1, on the application of the Urban Transit Corp., to extend bus service to the Town of Ulster, and on another by State-Wide Airport Transit Inc., to use city streets for its service between here and New York airports.

Urban Transit, recently denied permission to extend service to the Town of Ulster on a temporary basis, now seeks a permanent permit from the Public Service Commission.

Service to Airports

State-Wide seeks to operate from the Governor Clinton Hotel to the airports in the New York metropolitian area.

It was announced Saturday that a limousine service from Kingston to the John F. Kennedy and LaGuardia airports is due to start Monday, June 29. It provides service for Ulster, Orange and Rockland counties.

Greenwald's Travel Service, 286 Fair Street, notes that stops below Kingston will be at Holiday Inn, Newburgh; Motel on the Mountain, Suffern, and Howard Johnson's, Route 59, Spring Valley.

Would Run to Ulster

Urban Transit, which operates city bus service, also requires permission from the Common Council to operate over certain city streets in extending its service as far as Boice's Lane, Town of Ulster.

The council's Railroad and Bus Committee is headed by Alderman Edward J. Schrowang (R) First Ward. Its other members are: Donald Tucker (R) Fourth Ward, and Peter J. Mancuso (D) Eighth Ward.

coverage in many areas, he pointed out.

President Stall, of the Chest board of directors, said, "The Chest welcomes this affiliation in keeping with its policy of providing united fund raising efforts in the community, and also a more unified means of budgeting and planning for the community's health, welfare and recreational needs.

Grows in 10 Years

"This is another major step in the continued growth of the Ulster County Community Chest, which was organized 10 years ago. Then, it served only the Kingston area and included six member agencies. It's first campaign produced some $58,000. Today, the Chest covers a large area of Ulster County, has double the number of agencies, and last fall raised a record $174,000.

"Another benefit of united campaigning is that it frees the agency volunteers and staff members to provide more and better programs because they do not have to spend so much of their time in the fund raising effort.

"It is the public—the contributors—who have most often expressed a desire to minimize the number of separate fund drives. The future success of this affiliation will depend entirely upon the support received from the public. I am certain every one will respond generously to this combineed fund raising effort when the Community Chest campaign is conducted this fall," he said.

Markle Pays $200, Carle Coming Up In Policy Case

Two stops on Broadway Monday afternoon by local police resulted in the arrest of two men charged with possession of policy slips allegedly used in the numbers game.

They are Earl E. Carle Jr., 27, of Box 811, Tillson, who was arrested at Central Lunch, 486 Broadway, and Arthur E. Markle, 45, of 178 Downs Street, arrested at Markle's Cigar Store, 656 Broadway. They were released in their own recognizance pending city court hearing today.

Markle pleaded guilty before Judge Joseph D. Saccoman and was given the choice of paying a $200 fine or spending 30 days in jail. The fine was paid.

Carle is due in court Wednesday.

Participating in the arrests were Lt. Lemuel Howard, Detectives Charles McCullough, Albert Hutton, Gurnsey Burger, and acting Detective Floyd Krom.

The arrest of Carle was reported at 12:55 p. m., and that of Markle at 1:15 p. m.

Assistant District Attorney Robert A. MacKinnon appeared for the prosecution today.

Bomb Scare Delays Plane

MADRID, Spain (AP) — A bomb scare delayed for almost an hour today the U.S. presidential plane carrying Greek Premier George Papandreou to Washington for talks with President Johnson. It stopped here to refuel.

The U.S. Embassy said it received a warning by radio from Athens that "there mightbea Athens that "there might be a bomb aboard."

Security men made a check with negative results.

Dragging Resumed For Missing Girl, 8

Dragging operations resumed today for Lynne Capwell, 8, of Athens, believed drowned Sunday in the Hudson River near Four Mile Point between Coxsackie and Athens in Greene County.

State Police at Leeds substation said troopers, SCUBA personnel and volunteers resumed the search about 8:30 a. m.

The girl went with her family and some friends to the swimming spot Sunday afternoon. Guy Capwell, the girl's father, said that an unidentified child told him his daughter disappeared from the surface shortly after entering the water. Troopers and volunteers conducted a search in a radius of approximately two miles of the site but found no sign of the girl. Dragging operations continued Sunday night through 3 a. m. Monday. They were resumed early Monday morning, but to no avail.

Letter Dated June 19

Lodge's letter of resignation was dated June 19 and Johnson's letter of acceptance with regret was dated today.

Lodge said he was resigning "entirely for personal reasons" and the tone of his letter indicated no policy disagreements was involved.

Johnson said the country had been fortunate to have had Lodge's dedicated service in the delicate South Viet Nam post.

And, he said, he was fortunate in getting Taylor and Johnson to go to Viet Nam.

In this connection, Johnson commented that Taylor has displayed outstanding qualities of leadership in the past, dedication to democracy and knowledge of the ways of Communist subversion and aggression.

Deputy ambassador Johnson will go to South Viet Nam and head up the U.S. mission until Taylor arrives.

Home by Week's End

Replying to questions, the President said he did not know Lodge's future plans, but that he probably would be home by the end of the week. He said newsmen could ask Lodge that question.

Johnson was asked whether he thought Lodge might become the Republican presidential nominee. He replied that he was not an expert of the Republican convention and in turn asked the questioner:

"Do you have any idea who I might be running against?"

Asked whether this was a formal announcement of his own candidacy, Johnson merely grinned.

While no one doubts that Johnson will be the Democratic nominee, he has never formally announced that he will seek a four-year renewal on his White House lease.

Youths Caught in Act

Two local youths were caught Monday afternoon in the act of taking parts from cars at the Fred Perry Jr., car lot in East Kingston. One of the youths, 14-years-old, was from Kingston and the other, 15 years old, was from East Kingston. Ulster County Investigator Thomas Mayone reported the youths were caught in the act. They had already removed a radio from a car and were in the act of taking a heater when caught. They were found on the car lot about 5:30 p. m. Both will be petitioned into Family Court.

Conservatives Are Organized At County Parley

Elwood L. Pierce of West Hurley was elected county chairman of Ulster County Conservative Party at a recent party convention held at Gov. Clinton Hotel.

Frank S. Meyer, noted author and lecturer and senior editor of National Review magazine addressed the group on the highlights of the conservative movement over the past 30 years. Meyer, a resident of Woodstock serves as a member of the county committee and state committee. He stressed that no mater who is nominated for president this year, the conservative effort will continue.

Joseph Rauner of Ellenville was named vice chairman; Charles A. Holland, Wallkill, treasurer; Mrs. Ronald Drowns, Kingston, recording secretary; Mrs. Jean C. Rickard, Mt. Tremper, corresponding secretary. Mrs. Rickard is the wife of Eric M. Rickard, the party's candidate for assemblyman from Ulster County.

District vice chairmen named include Worthington L. Rider of Kingston; Harry S. Hoffman Jr., Saugerties; LeRoy Sluder, Napanoch, and Donald Kiley, New Paltz.

Brokerage Firm's Man Sought in $700,000 Loss

NEW YORK (AP)—The office manager of a New York Stock Exchange member firm is being sought in an embezzlement that may total $700,000.

Named in a warrant is Jeremiah T. Moran, 61, for two decades an employee of Burnham and Co., which disclosed Monday it had been the victim of embezzlement.

The police alarm said Moran, a frequenter of race tracks, is wanted for grand larceny of $375,000. A detective said that much was known to be missing and the figure may reach $700,000 when additional records are checked.

Burnham said its $25-million insurance policy more than covered any loss.

Moran was last seen leaving the Wall Street offfice Friday.

Farm Help Told In Achieving Watershed Aims

Watershed programs are of growing importance to both farm and city, J. J. Sugden, chairman, New York Agricultural Stabilization and Conservation State Committee, said recently. And cost-sharing assistance, available through the Agricultural Conservation Program, in most cases is an important factor in getting watershed farmers to commit themselves to carry out the needed land-treatment measures and in speeding up their application.

The chairman pointed out that, in addition to direct agricultural benefits, water-shed programs (1) adequate supplies of clean water, (2) less damage and expense from floods and erosion and from stream and reservoir siltation, and (3) better, more accessible recreational facilities.

The backbone of any watershed program, he stressed, is the timely establishment by farmers, ranchers, and woodland owners of needed conservation practices on the land in the watershed. Public Law 566, under which the largest number of watershed programs now organized have been developed, provides that Federal assistance for works of improvement will be available only if the owners of not less than 50 per cent of the lands in the drainage area above each proposed retention reservoir in a project enter into agreements to carry out the recommended soil-conservation measures and farm plans.

Since the watershed plans provide no P.L. 566 funds for land-treatment measures except in certain critical situations, ACP assistance has been invaluable in helping accomplish watershed conservation objects, Sugden said.

Watershed activity during 1963 in New York State, to which ACP cost-sharing assistance contributed importantly, included upstream watershed protection and flood-prevention project, and locally organized tributary or community watershed efforts.

In 1963, New York State had 15 organized watersheds, in which 1496 farms received ACP assistance in carrying out conservation practices. ACP cost-share assistance and farmers' contribution for such practices amounted to about $700,000. during the year.

Throughout the country, land-treatment measures were performed during 1963 alone in about 1,200 organized watersheds by the owners and operators of more than 132,000 farms and ranches. Farmer-and-ACP investment in watershed conservation work for the year amounted to about $43 million.

Annuity Is Answer to Boost Widower's Income

Q) "I have $30,000 in the bank. I am a widower without children and receive $105 a month Social Security. I'm 72, no work, and have to draw on savings for my living expenses. What do you recommend as the best method for survival?" J.L.

A) I have the deepest sympathy for someone who is alone and in your difficult position.

An annuity would appear to be your best method for survival.

You appear to have no direct heirs, so a straight-life annuity seems most suitable for you. I would consult with an agent of a major insurance company and ask what they would pay you on such an annuity.

I would leave $10,000 in the bank for emergencies and put $20,000 into the annuity, which at your age should pay you at least $160 a month.

With your interest from $10,000 savings and your Social Security you should have a monthly income of $300 — on which you can live in moderate comfort.

Q) "We are interested in growth. We are both 55, and my income is in five figures. Insurance is adequate, equity in home substantial, and we have $15,500 in savings. Among stock holdings we are concerned about are American Hospital Supply, Chemical Products, American Research, and Dean Foods. Have you any suggestions about these stocks?" C.P.

A) It is always pleasant to encounter anyone as well established financially as you appear to be.

American Hospital suffered a slowdown in growth in 1962-63 through expenses in connection with a new division, but I believe the rising pattern will be renewed and I would hold these shares.

Chemical Products showed sharply lower earnings in 1963 than in the previous year. I don't believe this is a growth situation and I advise you to switch into Consolidated Foods.

The statements about Chemical Products apply equally to Dean Foods, and I would switch this stock into Pacific Gas & Electric.

American Research invests in young scientific enterprises, and I would hold this stock for long-term gains.

Pope Says Church Studies Problem Of Birth Control

VATICAN CITY (AP)—Pope Paul VI said today that the Roman Catholic Church is studying the birth control problem in the light of new developments. But he said Church bans on contraceptives remained valid for the present.

It seemed clear that he was speaking of contraceptive pills, although he did not mention them specifically.

The Roman Catholic pontiff discussed birth control in a general speech on Church and world affairs to a group of cardinals.

His words came amid growing discussion among Roman Catholics about the use of contraceptive pills. There have been suggestions that they might be used to regulate the menstrual cycle so the rhythm method could be used with greater precision. The Church rejects contraceptive devices but permits the rhythm system.

Pope Paul said he hoped the studies would soon be concluded.

"But let us say frankly," he said, "that we have not yet sufficient reasons to consider overcome, and therefore not obligatory, the rules given by Pope Pius XII in this connection.

Pius in a 1958 speech said pills should not be used to prevent pregnancy. But he added that they could be used to check uterine ailments if they were prescribed by a doctor without the intention of preventing pregnancy.

U.S. Jet Defies

stops at Keflavik, Iceland, and Prestwick, Scotland, will continue. Other flights are scheduled to depart Wednesday and Friday.

"Our position is that we have not been notified that these flights are unlawful and until we are, we will continue them," the spokesman said.

"We don't negotiate with the Soviet government, the State Department does. The State Department and the West Berlin government gave their approval and until the State Department withdraws its approval, we will continue to operate jet flights into Berlin."

Warned in Past

State Department officials in Washington did not regard the Communist warning as ominous. They pointed out that the Soviets had given similar warnings in the past.

Up to May 30, when the New York-Berlin flights began, Pan American had been making flights to Berlin that originated in West Germany. These flights were set up with Soviet agreement after World War II to supply occupation forces in Berlin.

The Soviet Union claims, however, that any flight originating outside West Germany is not essential to the Berlin garrison, and not covered by the postwar agreement.

Other lines flying to West Berlin are British European Airways and Air France. The French flights originate in Paris and stop at Frankfurt en route to Berlin. The British airliners fly direct from London.

Four Going From YMCA to Annual Silver Bay School

The 9th annual YMCA Leaders school for high school age boys at Silver Bay on Lake George will open Monday, June 29 and four boys will be in attendance from the Kingston Y, Secretary Louis H. Schafer reports.

Justin Beck, a senior at Kingston High, who is making his fifth trip to the school, will act as supervisor for the three boys during their study period. The boys are Lary Flowers, returning for his second year; Riccardo Esposito and Alen Van Heusen making their first trip.

The leader's school will have more than 200 boys from the Eastern Seabourd YMCA, of which New York State is a part. The school is under the direction of the New York State YMCA State office and will be guided by Ray Williams associate state secretary in charge of physical education. Williams is a graduate from Williams College, a college that specializes in YMCA work.

Class sessions are from 7 to 8 a. m., 2 to 4 and 7 to 8 p. m. Many are devoted to fellowship so that the boys can get acquainted with YMCA leaders from the other YMCA's. Some of the subjects and skills to be taught are:

Teaching techniques and methods on all gym apparatus. Techniques of leading in physical fitness calisthenic drills. Theory session on: "A leader and His Career." Proper handling of boats and canoes. (Life saving and safety factors). New developments in aquatics. (Different swimming maneuvers and strokes). Leadership in supervised games and activities for all. Physical fitness tests and measurements and their evaluation. Water Skiing. (Sport vs. Bad Points). Brainstorm session on building and strengthening the local Leader's Clubs.

The school's gymnasium, waterfront and academic instructors are by certified YMCA physical and youth directors from associations in Westside Y and Harlem Y in New York City; Newark and Orange, N. J.; Baltimore, Md., and Westfield, Mass. The local boys are sent to the school annually by the Kingston Lions Club at Silver Bay. The arrangements for this unique leadership are handled by Secretary Schafer and Charles H. Sims, physical director.

Yanks Reach Thai To Aid Stockpile

BANGKOK, Thailand (AP)—About 50 soldiers of the U.S. 25th Division were reliably reported today to have arrived in Thailand to help stockpile military equipment due here this week.

Military informants said another 60 to 70 men were expected to follow for the operation, described as a buildup of American strength in this strategic Southeast Asian country.

Five U.S. ships carrying trucks, armored personnel carriers, signal equipment, ammunition and construction gear are en route to Thailand. The first vessel is scheduled to dock in Bangkok tonight.

Two Teachers Resign; Five Join Faculty

NEW PALTZ—At the recent meeting of the New Paltz Central School Board, two teachers resignations were accepted with regret: Mrs. Susan Benton, third grade teacher and Charles Maben, junior high school science teacher. Mrs. Benton is moving away, and Mr. Maben has accepted a position at Onteora.

Five new teachers were hired. Joseph DiBlanca was hired for the new position of seventh grade mathematics and science teacher. Mr. DeBlanca comes from the Monroe - Woodbury School, and replaces Michael Landes who recently resigned Mr. DiBlanca's salary will be $5,700.

Albert J. Fiore was hired as a 12th grade social studies and economics teacher at a salary of $5,200.

Mrs. Elvira Hauer was appointed a third grade teacher at a salary of $5,400. Mrs. Hauer has four years experience as director of teenage program with the YWCA. She also completed her student teaching in the first and fourth grades at the Duzine School.

William Rehling was hired at a salary of $6,200 to teach the special class. Mr. Rehling worked for five years as director of the Highland Training School for Boys.

Mrs. Patricia Olmstead, who has been substituting for the past six months was given a permanent appointment to teach the fifth grade at a salary of $5,400.

Frank Hamilton, clerk of the board of education was granted permission to attend the 20th annual Institute for School Board Clerks to be held at Syracuse University from Aug. 9 through 12.

William Pitsing of Gardiner was appointed head custodian of the central school. Mr. Pitsing qualified for the position as a result of an examination taken last winter.

It was decided to pay teachers extra salaries for those who are required to coach the various sports on a basis scheduled by the board. Prior to this faculty members acted as coaches to various sports activities at no extra salary.

The board approved the tri-county vocational study program. Dr. Francis Cornell of White Plains, of the state education department, is making a study of this proposed program for state financial assistance. The program is a state-wide survey broken into three county areas for vocational study. The survey is mandatory by the state before any further action can be taken on vocational education. The cost of a tri-county survey is estimated at $24,000 with each county paying an equal part. The cost to New Paltz Central School is anticipated at about $702 and the state will reimburse the district five-eighths of this amount.

The final payment of $5,147.82 for the electrical work on the Duzine School was approved, also to transfer $64,186.86 from the Franklin National Bank to the general fund, and to transfer $13,572 from the bond construction fund to the general fund.

Computer Programmer

Michael Landes, who recently resigned as mathematics teacher at the New Paltz Central School, has joined the College Park, Md., Facility of Electro-Mechanical Research, Inc., (EMR), as a computer programmer. The primary activity of this facility is the integration of complex electronic and electro-optical equipment in satellites under the cognizance of the NASA Goddard Space Flight Center, Greenbelt, Md.

Landes received the bachelor of science degree in mathematics education from New York State University at New Paltz, in 1962 and has been working toward the master's degree in the same field. He is a member of Kappa Delta Pi honorary education faternity and Nu Pi Sigma science and mathematics honor society.

Monument to Vegetable

HIRSCHHORN, Germany (AP)—One of the only vegetables honored with a monument is the potato, which is commemorated here with a plaque that reads: "To God and Francis Drake, who brought to Europe for the everlasting benefit of the poor, the Potato."

The potato, acknowledged as a native of the Americas, was known as a staple in the Indian diet long before white settlers set foot there.

Compare Auto Insurance Rates... You'll Switch to EMPIRE

Rates shown are for minimum requirements under New York State law for 1-AO classification, $10,000/$20,000 personal injury, $5,000 property damage and uninsured motorist coverages. All rates are after discounts. An additional 10% discount is given on compact cars.

Interested in saving money? Take one minute right now and compare Empire's low cost auto insurance with your present rates. You may find you are paying much more than you should!

With Empire Mutual you receive a 15% discount. This is *in addition to the 10% discount* allowed to eligible drivers under the Safe Driver Plans in use by Empire and many other companies. And, *you get both reductions—nearly 25%—in advance!* You don't have to wait a year to get back your own money. (Own a compact?—take another *10% advance discount* from rates shown.)

Empire rates not only start low, but they stay low. Most companies increase your rates even for a minor accident. Not Empire . . . *an accident loss of $100 or under does not affect your Empire rates.* Neither do collision or medical payment losses.

New York residents insuring with Empire are *guaranteed against cancellation for five years*—even with a number of accidents—under Empire's Certified 5-Year Renewable endorsement, as long as you and the members of your family abide by the law and the terms of the policy.

Important, too, are the personal services of an agent or broker which are yours when you insure with Empire. He gives you impartial advice and represents you when you need help.

Rates that start low and stay low, coverage that is guaranteed for 5 years against cancellation, personal services of an agent or broker, and fast claim service . . . these are the reasons why more people insure with Empire every year. Why not join them and save for yourself?

SOCIETY EDITOR GREETS FDR JR.—Under Secretary of Commerce Franklin Delano Roosevelt Jr., meets with Freeman Society Editor Dorothy A. Narel prior to the Ulster County Democratic Committee dinner at the Fallsview Hotel in Ellenville. Roosevelt, who was the guest speaker, was introduced to the filled dining room by Aaron E. Klein, Ulster County Democratic Chairman. Roosevelt told Mrs. Narel that the choice of a vice president in the upcoming national election is up to the convention delegates, the Party and the wishes of President Lyndon B. Johnson. He did, however, leave an opening by stating he would serve if asked to do so. About the Senatorial post Roosevelt stated he has not sought it. He emphasized there were many capable candidates who could serve. In line with this statement he mentioned Mayor Robert Wagner of New York, former New York State Governor Averill Harriman and Congressman Sam Stratton, among others. (Rondout Valley photo)

ALL THEIR FRIENDS ARE WELCOME

Q: An item appeared in our local newspaper the other evening stating that Mr. and Mrs. John Smith were holding open house in honor of their 50th wedding anniversary on such and such a date and the hours and that all their friends were welcome. I met the anniversary couple on several occasions but do not know them intimately. On the strength of this invitation, would it be proper for me to go to the house on that day and extend my best wishes to the anniversary couple?

A: Unless you know the anniversary couple so slightly that they will not know who you are, you may go to the house to give them your best wishes on their anniversary.

Answering an "And Family" Invitation

Q: We have received an invitation to a wedding reception addressed to Mr. and Mrs. John Jones and Family. There are five in the immediate family—mother, father, two daughters and one son. Will you please tell me how this invitation should be answered?

A: Correctly, it is answered as follows:

Mr. and Mrs. John Jones
Misses Mary and Alice Jones
and Mr. Henry Jones
accept with pleasure
etc.

MR. AND MRS. FLOYD J. TURNER

(Lakeside photo)

Streib-Turner Nuptials Are Announced; Vows Are Taken in St. Peter's, Rosendale

Miss Lorraine Kathleen Streib, daughter of Mr. and Mrs. Bernard Robert Streib of 106 Main Street, Rosendale, exchanged marriage vows with Floyd James Turner, son of Mr. and Mrs. Floyd Turner of Mohonk Road, High Falls.

The double ring wedding ceremony took place on Saturday, June 20 at 2 p. m. in St. Peter's Church, Rosendale. Officiating was the Rev. Joseph Irwin.

Two vases of white gladioli, pompons and mums decorated the church for the occasion. The pews were marked with white satin ribbon.

The bride was given in marriage by her father. She wore a gown of white organza posed over bridal taffeta fashioned with a fitted bodice, three quarter length sleeves and a bouffant skirt trimmed with reembroidered Alencon lace. The gown swept back into a chapel length circular train. The silk illusion veil was shirred to a stylized bridal crown. She carried a cascade of white roses with ivy.

The bride's sister-in-law Mrs. Dorothea Streib of Brooklyn was matron of honor. Attendants were Dawn Turner of High Falls and Mrs. Robert Gerdes of Staten Island. Kathleen Porzelt was the flower girl for her cousin.

Robert Gerdes of Staten Island was best man for the bridegroom. Ushering were Bernard Streib Jr., of Brooklyn, the bride's brother, and Harry Turner of High Falls, the bridegroom's brother.

Approximately 70 guests were received at a reception given in The Alpine, Rosendale.

The bride was graduated with the Class of 1964 from Rondout Valley High School.

The bridegroom, an alumnus of Rondout Valley, Class of 1963, is employed by Walter Davenport and Sons of High Falls.

Local Girl to Sing With Jazz Sextet; Assigned to Algiers

Miss Marjorie Ann Lowrey, daughter of Mr. and Mrs. Arthur Lowrey of 96 Gage Street is a vocalist in a group known as the Modern Jazz Interpreters who will be serving as good will ambassadors in Algeria.

A sextet, the Interpreters won their assignment to appear at the United States Exhibition in Algiers June 27 through July 23 because of their showing in the April Collegiate Jazz Festival at Notre Dame University.

Miss Lowrey is a senior at West Virginia State College majoring in business education.

Anne Rita Simrany, John Thomas Dunn Married June 13th

In St. Catherine Laboure Church, Lake Katrine, Anne Rita Simrany, daughter of Mr. and Mrs. E. Simrany of 89 Wrentham Street, this city, exchanged marriage vows with John Thomas Dunn, son of Mrs. Albert Dunn of 4 Tietjen Avenue, this city, and the late Mr. Dunn.

Officiating was the Rt. Rev. Msgr. James McNally, pastor. Mr. and Mrs. James Sweeney provided traditional wedding music.

The altar was decorated with white pompons and chrysanthemums with white gladioli.

Given in marriage by her father, the bride wore a gown of French lace over bridal taffeta. It was fashioned with a circlet neckline, fitted bodice, long tapered sleeves and a bell-shaped skirt. Her veil of silk illusion was shirred to a queen's crown of seedpearls. The bride carried a bouquet of white roses with pompons.

Miss Nanci Welsh, of Saugerties, the bride's cousin, was maid of honor. She wore a short pink organza over taffeta gown, a silk illusion face veil and carried a bouquet of delphiniums with white pompons.

William McDermitt of Colonial Gardens was the best man.

Approximately 80 guests were received at a reception held in Moose Hall.

The bride is a graduate of Kingston High School and is employed by Metropolitan Life Insurance Company, Hall of Records. The bridegroom attended Kingston High School and is employed by Utility Platers, Kingston.

Mr. and Mrs. Dunn will be at home at 130 Elmendorf Street, this city.

Judy Clarke Engaged To Bernard Ghezzi

MISS JUDY CLARKE

Mrs. Glenn C. Clarke, Willow Tree Road, Milton has announced the engagement of her daughter Miss Judy Clarke to Bernard Thomas Ghezzi, Kingston at a dinner on June 15 at her home.

Miss Clarke is the daughter of Mrs. Clarke and the late Glenn Curtis Clarke. She attended Syracuse University and is a graduate of State University College at New Paltz where she received a Bachelor of Science degree June 15.

Ghezzi is the son of Mrs. Theresa Ghezzi and the late Benjamin Ghezzi. He attended Manhattan College and graduated with a bachelor of science degree from the State University College at New Paltz in 1963. He was a member of Nu Pi Sigma (science honorary society) and Delta Kappa Fraternity. He is presently teaching science in Kingston.

We the Women

By RUTH MILLETT

A news item from Rome states that due to new parking rules some 70,000 more Roman wives will get to use the family car all day, since their husbands can no longer leave a car parked on the streets during working hours.

The ladies are delighted and are enrolling for driving lessons and lining up to get drivers' licenses. BUT THEY'LL BE SORRY.

They'll find out in short order just what it means to have the family car all day. It means they'll soon turn into chauffeurs: driving their husbands to work in the morning, and picking them up at night, running the family errands—instead of depending on their husbands to do all such chores.

And it won't take their children—used to walking or riding bikes to schools—long to catch on to the idea that it's ever so much easier to be driven to school.

And consider how the women's clubs will flourish when all those women have a way of getting around to meetings. In no time at all the women of Rome, used to a leisurely pace, will be running themselves ragged just like American women have been doing ever since they first took over the family car, or decided a second car was a family necessity.

The automobile freed the American woman from the home, all right. But since she got behind the wheel she has never been able to figure out a way to free herself from the time-consuming job of chauffeuring, hauling and errand running.

The woman who takes over the family auto soon lives by the clock. Her days, instead of being divided into morning, afternoon and evening, are cut up into little pieces measured in journeyings. They'll be sorry, those women of Rome who are lining up so happily to get their drivers' licenses. They just don't know what they're letting themselves in for, do they?

CLINTONDALE NEWS

CLINTONDALE — Clintondale firemen and other volunteers have started the job of tearing down the old Anthony Sutton house, later the property of the school district, to make way for a play area for children of the community. The Clintondale school district purchased a house several years ago and used it for a dwelling for the principal. Later two class rooms were established in the house. When the Clintondale schools were absorbed in the Highland District and the two buildings left empty the district gave them to the Clintondale Fire Department which plan on making a hall out of the main building and tearing down the smaller house to make way for the playground.

The Rev. Jesse Stanfield of the Friends Church took part in the baccalaureate service at Highland High School Sunday evening. The Rev. Arthur Paltridge, pastor of the Clintondale Methodist also participated along with other area clergymen.

Tobia Capozzi of this place has been a patient at Vassar Hospital.

Mrs. and Mrs. Donald J. Smith celebrated their fourth wedding anniversary June 12.

Clintondale Grange staged a tableaux at the Lake Katrine Grange Saturday night when the first and second degrees were conferred. Mrs. Mort Steinhauser, lecturer of the Clintondale Grange and chairman of the community progress program reports that plans are under consideration for building a permanent memorial honor roll on the Grange property.

Mr. and Mrs. Peter Gaffney, Mr. and Mrs. Frank Gaffney, Mr. and Mrs. Robert Gaffney, Mr. and Mrs. Francis Geffney and family, Mr. and Mrs. Peter Guido, all of this place were among the 90 to attend the Gaffney family reunion at Pantony's Sunday.

William G. Ronk, formerly of Clintondale, now of Highland has been chosen to attend the State 4-H Congress at Cornell University, June 24, 25 and 26.

Mr. and Mrs. Donald Smith entertained the latter's parents, Mr. and Mrs. Charles Sager of Troy Sunday.

Miss Martha Sutton who attends college at Richmond, Ind., is spending the summer with her parents, Mr. and Mrs. Harold Sutton.

Vincent Vitale Sr. was a visitor in Highland Saturday.

Melvin Hurd and William Coy attended the meeting of the New Paltz Migrant Committee last week at the New Paltz Reformed Church to discuss plans for the program to help the migrant workers and their families this fall. The Rev. Charles Milton of Hartford, Conn. migrant chaplain, will arrive in New Paltz in September.

Clintondale Fire Department sponsored a social at McCabe's Hotel Saturday night. This marked the end of their drive to raise money for the building fund. The firemen, in their new uniforms, will parade in Hyde Park July 4 and New Paltz July 11. They will also take part in the big parade of the Ulster County Volunteer Firemen's Association at Rosendale Saturday, Aug. 8.

Ann Louise Harries who attends Guilford College, N. C. is spending the vacation with her parents the Rev. and Mrs. Jesse Stanfield.

Mrs. Hattie Elliott, Main Street, is recovering from surgery at St. Francis' Hospital, Poughkeepsie.

The Rev. Arthur Paltridge has been returned to the Clintondale and Modena Methodist Churches for his second year. The appointment was made by Bishop Lloyd C. Wicke, at the Methodist Conference held at Drew University.

A number from here attended the 18th annual beef barbecue at the Temple of Adonai Lodge F&AM Highland Sunday afternoon. Howard Setterlund is master of Adonai Lodge and served on the barbecue committee.

There will be a 9:30 a. m. service in the Methodist Church Sunday with the Rev. Arthur Paltridge delivering the message.

The Rev. Jesse Stanfield was in New York City Monday.

Private Thomas Casper, husband of Mrs. Jean Thorn Casper of this place, is home on two weeks furlough from Fort Clayton, Panama Canal Zone.

Miss Juanita Gibbons, daughter of Chief Petty Officer and Mrs. John Gibbons was valedictorian for the graduating class at Highland High School this year. Miss Gibbons was a consistant honor student.

Emmett Hyatt of Brookside Avenue celebrated his birthday last Wednesday.

Several from here were in Modena Sunday to help Mr. and Mrs. Freston Paltridge celebrate their 50th wedding anniversary.

Theodore Harries, who was graduated from Oakwood School of Poughkeepsie is spending the summer with his parents the Rev. and Mrs. Jesse Stanfield of Crescent Avenue.

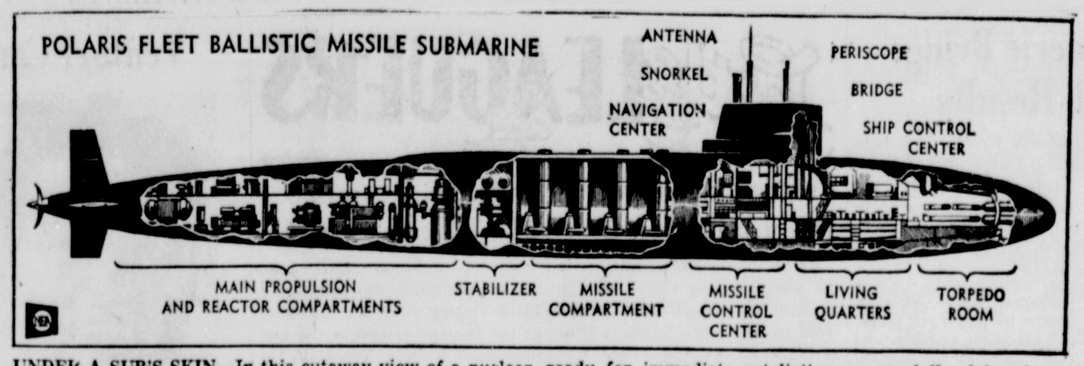

Formosa Checks Planes

TAIPEI, Formosa (AP)—All Civil Air Transport planes were grounded in Formosa Monday for a three-day safety check.

The Ministry of Communications issued the order after the crash of a CAT twin-engine in central Formosa Saturday, killing all 57 persons on board, including 20 Americans.

UNDER A SUB'S SKIN—In this cutaway view of a nuclear submarine carrying subsurface-to-air Polaris missiles, the various physical components are shown. The Navy now has 13 Polaris submarines at sea with a total of 208 missiles ready for immediate retaliation or carefully delayed response. When armed, each sub carries 16 missiles in its belly, just aft of the missile control center. Current plans call for a 41-ship force of Polaris subs.

Cuba Orders 500 Additional Buses From Gt. Britain

LONDON (AP)—Cuba placed an order Monday for 500 more British buses—a further installment of a deal that provoked American displeasure earlier this year.

Cuban government officials signed the contract here with Leyland Motors, Ltd., the firm which previous agreed to supply 450 buses to Fidel Castro's government.

The original deal for 450 buses at a cost of $11.2 million specified that Cuba should have an option on an additional 1,000 buses.

The initial contract, concluded in January, was criticized by the U.S. State Department.

Pummel Vietnanese

BANG LANG, South Viet Nam (AP) — Two Vietnamese paratroop battalions suffered their heaviest casualties of the war in Viet Nam Sunday as they charge through a Viet Cong suicide squad and routed dug-in Communist forces.

The fighting took place in a swampy corner of the Plain of Reeds 45 miles southwest of Saigon and followed the loss of three American soldiers and 60 Vietnamese in a Viet Cong human wave attack northwest of Saigon Friday.

A wounded U.S. Army officer and two enlisted men were feared captured when the Viet Cong overwhelmed a Vietnamese special forces company.

Yanks Beat White Sox 10th Time, Braves Lose

By MURRAY CHASS
Associated Press Sports Writer

"The show of confidence will reflect on the play of our ball club—no doubt about it," said Manager Bobby Bragan after he received a new contract from Milwaukee.

If the Braves' first game under Bragan and his new contract is an example of what he meant, the reflection is more weird than you see in a funhouse mirror.

Two hours after Bragan accepted the written vote of confidence Monday, the Braves dropped their seventh straight game, 10-9, to the Los Angeles Dodgers.

True, the Braves exploded for 15 hits, including five home runs, but they still couldn't erupt from the slump that has dumped them into ninth place in the National League, their worst position in the standings since they moved to Milwaukee 12 years ago.

In the American League, the New York Yankees continued their mastery over Chicago, dumping the White Sox 6-5. The Yankees had beaten the White Sox nine previous times without a defeat this season. In the only other AL contests, Los Angeles downed Washington 5-2 and Cleveland and Minnesota battled to an 8-8 tie in a game ended by rain in the 11th inning.

San Francisco whipped Cincinnati 6-2 in the other National League game.

Milwaukee led 5-3 until the Dodgers rallied for six runs in the seventh inning. Wally Moon ignited the burst with a pinch double and Dick Tracewski ended it with a two-run single. Tracewski singled in two other runs, the one in the ninth proving to be the winning tally.

Lee Maye, Joe Torre and Gene Oliver clouted two-run homers for the Braves while Hank Aaron and Denis Menke hit solo blasts.

The Yankees survived Chicago's three-run surge in the ninth for their fifth consecutive triumph. Steve Hamilton scattered six hits through eight innings. Hal Reniff started the ninth, and the White Sox quickly loaded the bases and scored one run.

Bill Stafford replaced Reniff and retired the side, although two more runs scored on force plays. Hamilton scored New York's last run in the eighth on Roger Maris' sacrifice fly.

Pinch hitter Willie Smith, a pitcher-outfielder, slashed a single in the seventh inning that broke a 2-2 tie and sent the Angels on to their sixth straight victory. The hit was the seventh for Smith in 13 pinch-hitting appearances. Mike Brumley collected three hits and an RBI for the Senators.

Larry Brown homered in the eighth for the Indians, sending their game with the Twins into extra innings. Cleveland came to bat in the 11th when rain struck. After a delay of an hour the game was called.

Harmon Killebrew and Bob Allison each drove in three runs for the Twins with Allison hitting his 17th homer with one aboard.

Willie McCovey smashed a grand-slam homer for the Giants in the sixth after dropping a fly ball for a two-run error in the fifth. Cincinnati starter John Tsitouris had a no-hitter until the sixth, when pinch hitter Chuck Hiller singled.

Two Win Letters For Track Action On Ithaca Squad

Two athletes from the Kingston area have been selected by Coach Mearl Greene of the Ithaca College varsity track team to receive letters.

The winners include Leonard Muhlich, Chichester Road, Phoenicia and Lew R. Faxon, 8 Ferry Street Saugerties. Both competed in the recent meet of the New York State Track and Field Association.

Muhlich placed fourth in the 100 yard run and also competed during the season in the 220 yard run and the 440 yard relay. Faxon saw action in the 880 yard run and the mile relay.

The Ithaca team won four meets, lost four and tied one. The Bombers were close to victories in three of the four meets they lost, being defeated by Buffalo University by one point, by Brockport by 4 and Rochester by 7.

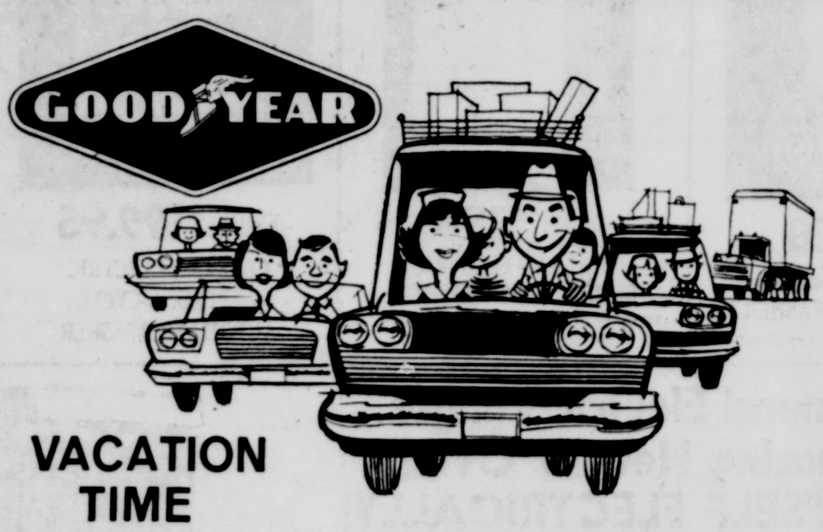

They placed 8th among 15 teams represented at the meet, defeating Mansfield, Oswego, Roberts Wesleyan and Harpur and tying Cortland.

The area lettermen are enrolled in the School of Health and Physical Education at Ithaca College.

Sickler's Routed 16-8 by Ramsey

Keith Nickerson's homer in the second inning wasn't enough to stop Charles Ramsey Corp. from scoring twice as many runs as Sickler's as the latter was beaten 16-8 in an American Little League match last night.

Nickerson's ace drove in three runs, but that was the end of the action for Sickler's. In the fifth Ramsey's Ed Brown led off with a single, Ed Koeppen walked and Wayne Fataum hit a base-clearing single.

The winners cinched the game in the sixth with singles by Ed Koeppen and John Lukasewski, who drove in the final tallies.

Wayne Fatum had three safeties in four trips to the plate, and hurler Vince Hart doubled for the winners. Dave Kordzikowski and Mike Felice hit doubles for the losers.

Tony Gallo, replacing Hart, waved four and walked 6. Steve Hogan, subbing for Mike Felice and Phil Bahl at the mound, struck out 3 and fanned 4.

Tigers Rip 20-4 Win in Rondout

Tigers manufactured a minimum of two runs an inning in blasting a 20-4 victory over the Braves in a Rondout Valley circuit game.

Tiger Skip Lyons clawed Braves' pitchers for three home runs in four trips to the plate in a nine-hit production by the winners. His battery mate, Tom Williams, rapped another round-tripper and a single in three appearances. Art Joseph rapped two-for-five for the winners while Tom Hartman stroked two singles in three trips for the losers. Williams, who held the Braves to three safeties, struck out nine batters and walked two. Jim White fanned 10 Tigers in relief of losing pitcher Dennis White, and issued six free passes.

The Tigers, last year's league champions, posted a 8-2 lead for three innings. They exploded in the top of the fourth for eight more. A three-run fifth frame gave them an 18-run lead. The Braves pushed two tallies across in their half of the final inning, but they were no help. The game was called in the fifth due to darkness.

The win gave the Tigers the championship for the first half season's play with 10 wins against no losses.

Mets Knock Cubs To Win 1st Place In Pee Wee Race

The Tigers were slugging all night long as they ripped the Red Sox 12-2, and the Mets and Cubs were going at each other right up to the end, with the Mets finally scoring an 18-13 victory, in St. Mary's Pee Wee League.

It was a run away for the Tigers as they outhit the Red Sox 14 to 3. Duane Carey and Mike Cline collected 4 hits apiece for the winners. The losers' main activity was a homer by Frank Denter which broke up a potential shutout triumph for hurler Cline. Carey and Rocco Secreto also homered for the Tigers. Frank Bailey hit a triple for the losers.

Venturi Cannot Play in British Open July 8-10

THE CHAMPION—Ken Venturi, tired and hot, musters a smile after winning the 64th U. S. Open Golf Championship in Washington, D. C. (AP Wirephoto)

NEW YORK (AP)—The transatlantic telephone cable hummed Monday for Ken Venturi, the new American Open golf champion—but it didn't do any good.

The austere Royal and ANCIENT Golf Club of St. Andrews refused to budge. Venturi can't play in the British Open July 8-10 at St. Andrews.

He didn't get his entry filed in time, and the Royal and Ancient let it be known—with regrets—that it plays no favorites.

"I telephoned the Royal and Ancient and told them of Ken's desire to play," said Joseph C. Dey, executive director of the U.S. Golf Association. "They were very nice. They didn't say 'no' immediately.

"They apparently discussed it, then they called back and said they were unable to accept his entry. Entries closed May 31."

In the throes of an extended slump, he probably would have found it hard to pay expenses. But winning the U.S. Open last weekend in Washington changed things.

"I'd love to play," Venturi said, "but I understand—rules are rules."

The U.S. Golf Association gives an automatic pass to the British champion in the American tournament. The British don't reciprocate.

Venturi and his pretty wife, Conni, left today for Cleveland and his next start, the Cleveland Open this weekend. Both were still reeling from the events of the last few days — the dramatic, come-from-behind victory in the sweltering Washington heat and the mad merry-go-round aftermath.

Venturi said he feared he might not be able to play the last round Saturday. He almost blacked out from heat prostration on the morning round and had to be accompanied by a doctor during the afternoon.

Wimpy's Routed By 3 GG Homers

Hurler John Woods sustained his no-losses record as he pitched a three-hitter for GG's Restaurant to defeat Wimpy's 11-1 in a softball league game last night.

Home runs by Billy Murphy, Joe Klonowski and Rich Sickler powered the winners to their victory. Klonowski, Sickler and George Norton each had 3 hits for GG's.

Norton, Joe Bruck and Terry Corkery doubled for the winners. Woods struck out 9 and fanned 2. His record now stands at 4 wins, no losses.

Dale's Edged Out 7-4 by Southside

Southside edged out Dale's 7-4 with stellar fielding by third baseman Bob Mignano in a Saugerties softball league match last night.

John Hinchey scored a homer and Bob Myers doubled for the losers, but the close infighting of the Southside team was hard to beat.

Jack Hillje struck out 2 and walked 4 for the winners. Maurie Hinchey fanned 6. Southside shortstop John Freligh stole home.

It was Mike Amato's show last night as he smacked two homers and pitched a five-hitter for Hi-Lo's to defeat the 35 Club 18-5 in the softball league.

Joe Tremper and Tom Fiore assisted their teammate with one homer each. Rich Amato doubled twice for the winners, and Bob Short, Tremper and Mike Amato each had a double.

Amato gave up 5 hits, struck out 7 and fanned 4. Losing hurler Tom Sottile gave up 18 hits and walked 1.

Mays Attracts Most Votes For National All-Star Team

By JOE REICHLER
Associated Press Sports Writer

NEW YORK (AP) — Wonderful Willie Mays attracted the most votes as the San Francisco Giants and St. Louis Cardinals each placed two men on the National League All-Star team's starting line-up for the July 7 dream game with the American League at Shea Stadium in New York.

Mays, the Giants' brilliant center fielder, along with third baseman Ken Boyer and shortstop Dick Groat, were the only repeaters from 1963 in the voting of 270 players, coaches and managers. First baseman Orlando Cepeda was the other Giant selection on this year's starting team.

Commissioner Ford Frick, whose office conducted the balloting, said the complete squads, exclusive of the pitchers, will be announced next week.

To Announce Pitchers

The pitchers, who are selected by the All-Star managers, Al Lopez of the American League and Walt Alston of the Los Angeles Dodgers, will be announced Thursday, July 2.

Surprisingly, the National League starting line-up will not contain a single member of the league - leading Philadelphia Phillies, who did not place a man even on the runner-up list.

In addition to the four Giants and Cards, there were single representatives from the Chicago Cubs, Pittsburgh Pirates, Milwaukee Braves and New York Mets.

The NL's power packed line-up included Ron Hunt of the Mets at second base, Roberto Clemente of the Pirates in right field, league-leading hitter Billy Williams of the Cubs in left, and the Braves' Joe Torre behind the plate.

In all, little fault can be found with the starting squad. The only possible objection would be over the by-passing of Maury Wills of the Dodgers, who leads the league in stolen bases and whose .285 batting average through last Sunday is the highest among the shortstops. Wills finished third in the voting.

One from Unanimous

Mays, who boasts a .417 batting average in 14 All-Star games, missed by one getting a unanimous vote. He received 240 out of a possible 241 votes. Players are not permitted to vote for teammates. Curt Flood of the Cards, was runner-up with 17 votes.

Williams, batting at .373 after flirting with the magic .400 mark nearly all season, was the second highest vote-getter. He drew 237 votes to 17 for runner-up Will Stargell of the Pirates.

The closest race was for the shortstop berth. Groat squeaked by Leo Cardenas of Cincinnati, by five votes, 92 to 87. Boyer won by a surprisingly large margin over Ron Santo of the Cubs for third base honors, 172 votes to 84.

Last year, the entire Cardinal infield of Bill White, Julian Javier, Groat and Boyer, were in the National League's starting line-up.

This year, White finished a poor second to Cepeda, 75 votes to 172. Hunt, the Mets' fine sophomore, also got 172 votes to easily win second base honors over runner-up Bill Mazeroski of Pittsburgh, who had 52 votes.

Torre easily gained the catcher's berth with 203 votes to 24 for Cincinnati's John Edwards. An eyebrow raiser was Clemente's wide spread — 160 to 67 —over Milwaukee's Henry Aaron for the right-field spot.

Did Not Repeat

Aaron, a veteran of 13 All-Star games, was one of the five 1963 starters who did not repeat. Others, in addition to White and Javier, were catcher Ed Bailey of the Braves, and left fielder Tommy Davis of the Dodgers.

With the exception of Groat, who was hitting a rising .275 through Sunday's games, every starter was in the .300 class. Mays, at .359, was the league's leader in home runs with 22 and runs batted in with 53.

All starters, except pitchers, must play at least three innings, unless injured. The National League won last year, but the American holds a 17-16 edge with one game ending in a tie since the All-Star inauguration in 1933.

Bragan Given New Contract

MILWAUKEE (AP) — The Milwaukee Braves are full of surprises off the field as well as on it.

Gripped in a seven-game losing streak which has plunged the club into ninth place, the Braves gave Manager Bobby Bragan a vote of confidence Monday with a new contract extending through the 1965 season.

Bragan told a news conference "the show of confidence will reflect on the play of our ball club—no doubt about it." He was right to a degree.

Two hours later the Braves went on a 15-hit spree, including five homers. That was something unusual. The final result wasn't. The Los Angeles Dodgers won the slugfest 10-9.

In reply to talk that Bragan's job was in jeopardy because of the Braves' worst position in the standings in 12 years in Milwaukee, President John McHale and board chairman Bill Bartholomay decided to add a year to the manager's contract.

"It is important that during this slump period we recognize that Bobby Bragan has put great effort into the building of this club and we are confident that his work will pay off this year and in future years," McHale said.

"We believe we have a good manager and don't want to back away from him when we're in trouble."

"It's beautiful, just beautiful" Bragan said. "This is one of the happiest occasions of my career. My relationship with the Braves is one of the greatest in baseball."

A former major league infielder, the 46-year-old Bragan served terms as manager of Pittsburgh and Cleveland. He was hired by the Braves after Birdie Tebbetts quit to go to Cleveland following the 1962 season.

Under Bragan last year, the Braves finished sixth with an 84-78 record. This season they are ninth with a 30-35 record.

Several American Upsets Open Wimbledon Tennis

WIMBLEDON, England (AP) —The dust settled today over a tirbulent opening to the Wimbledon tennis championships full of American upsets and threats at one stage to prevent champion Chuck McKinley from defending his singles title.

While Americans Frank Froehling and Dennis Ralston suffered first-round defeats at the hands of little known opponents, McKinley faced almost unbelievably possible disqualification because of a newspaper article.

The article had no direct bearing on the championships, was written six months ago by McKinley in collaboration with Gardnar Mulloy and Jack Kramer for a U.S. magazine and had been purchased without his knowledge by a British Sunday newspaper. It is to be published next week.

But it arrived at a time when Wimbledon authorities are bearing down on other tennis players who double as journalists and had publicly squabbled with former Wimbledon king Jaroslav Drobny and British Davis Cup star Mike Sangster.

Drobny withdrew from these 78th championships after being told he could not comment simultaneously on the play in a London evening newspaper. Sangster was forced to drop a piece he had written for publication next week — while the tournament is still on.

The management committee of the championships—18 earnest men—therefore sat down to decide if McKinley was guilty of a breach of the rules allowing his piece to appear.

They ruled eventually that chunky Chuck from San Antonio, Tex., was blameless since the article was a reprint of material already published. The word was put about that the 23-year-old McKinley was free to continue his title defense.

Even as the committee met, he went onto the famed center court, brushed aside his first-round rival, South Africa's Terry Ryan 6-2, 6-1, 6-3, and then stepped up to the players' restaurant for a cup of tea and a bowl of strawberries with his attractive wife Wylita.

Roy Emerson still remains the official favorite. He had an easy 6-1, 6-1, 6-0, win over Donald Dell from Bethesda, Md., and on current form, he and McKinley should meet in the final 10 days hence.

In the women's division, Australia's defending champion Margaret Smith, seeded No. 1, is everybody's fancy for the title and another successful step along the grand slam path.

She already has won the Australian, Italian and French championships.

The sharp opening shock for America was the defeat of Froehling and Ralston — both well below form and still getting used to the Wimbledon grass.

Ralston, seeded No. 5, succumbed 3-6, 3-6, 6-4, 7-5, 9-7 to Britain's Tony Pickard, a virtual hasbeen on the British scene.

The gangling Froehling lost another five-setter to Nicola Kanogeropoulos of Greece, 13-11 3-6, 6-2, 0-6, 6-4.

Pack Hanover Is Rated Favorite

NEW YORK (AP) — Pack Hanover was rated the 8-5 morning line favorite for Thursday night's $45,000 Transoceanic Trot at Yonkers Raceway after drawing the No. 2 post position in Monday's draw.

The Italian standardbred will seek to become the second straight winner of the 1¼ mile event from Italy. Firestar copped last year's trot, the second in the series. He will be driven by Sergio Brighenti.

Granit, a Soviet Union product drew the No. 1 slot in the eight-horse, all-foreign field. Russian horses competed for the first time last year, and there are two this year.

Granit, with Alexander Hirga in the sulky, was rated a 15-1 choice, while countrymate Legion, to be driven by Peter Vasilievich Grachkin out the three spot, will go off at 8-1.

Others in the race are No. 4 —Sprite Kind, Canada, the second choice at 7-2, handled by Roger White; No. 5—Philosophe D., France, Hans Sasse, 6-1; No. 6—Fury Hanover, Italy Gioacchini Ossani, 8-1; No. 7—When, New Zealand, Sacher Werner, 15-1; and No. 8—Oscar R. L., France, Henri Levesque, 6-1.

The first four finishers Thursday will compete against the United States' top quartet — Duke Rodney, A.C.'s Viking, Porterhouse and Su Mac Lad—in the $60,000 United Nations Trot over 1½ miles July 2.

New York State Harness Racing

By The Associated Press

Adios Ronnie said goodby to the field in the feature pace at the Yonkers Raceway and took the top prize offered in last night's New York harness racing circuit.

Driven by Hugh Bell, Adios Ronnie uncorked a speedy 2:00 4-5 mile to win the $10,000 pace by 1½ lengths over Cape Horn.

Adios Ronnie returned $4.70, $3.70 and $2.80.

Senator Burton was third.

Other feature race winners:

Vernon Downs — Cloverland Direct ($4.90) in the $1,400 Conditioned Pace, won the race by three lengths in 2:01.

Saratoga — Castleton Belle ($2.40) won the first division of the $3,000 Delmar Kiwanis Trot in 2:06 2-5. Volcano Hanover ($19.70) won the second division in 2:09 1-5.

Buffalo Raceway — W.D. Hal ($9.40) won the $1,700 one-mile pace in 2:04 2-5.

Monticello—Sky Clipper ($31) took the $2,000 Conditioned Pace, beating Meadow Prince by a head in 2:05 3-5.

7-8 Means $29 DD at Big M

MONTICELLO—Azos and Bill Saucy Talbot posted victories in Monday night's two opening dashes at Monticello Raceway to set up a $29.90 daily double payoff on the 7-8 number combination.

The first race — a conditioned pace for three-year-olds — saw Henry Lacroix rein Azos to his maiden win of the season. The mile went in 2:09.2.

Sent off at 2-1 odds, Azos scored by a neck margin over Big Choo who set the pace, and paid mutuel prices of $6.40, $3.70 and $3.60.

Big Choo returned $3.70 and $3.10 for place, while Ideal Gallon was worth a $6.40 show price.

Al Manzi piloted Bill Saucy Talbot, a 7-5 shot, to a two and one-half length victory in the second race—a $1,000 conditioned pace for four-year-olds and up. Bill Saucy Talbot paid back prices of $4.90, $3.60 and $2.90. Peppermint was worth $5.80 and $4.50 for place. The show horse was Paulette Wick, paying $5.50.

Francisco Wreckers Worry Mauch the Most

By SANDY PADWE
Newspaper Enterprise Assn.

PHILADELPHIA (NEA) — Gene Mauch of the Philadelphia Phillies is the new boy genius of baseball, a spot he created for himself by taking only three years to make the five-year plan work.

It is easy to understand why Gene Mauch succeeded so quickly. For an 8 p. m. game, he is in dugout at 4:30 and his still boyish face (at 38) is lined with concentration by 4:35.

After he is done explaining how his team improved so rapidly due to a process called maturity, he switches to the National League pennant race, which fascinates him because it promises to be a seven-team battle.

"I've never seen so many good teams," he said, "or so many great players. Can you believe that Eddie Mathews, Henry Aaron and Warren Spahn can play on the same club and the club finish sixth? Or how about St. Louis, with the whole all-star infield, and they couldn't win it either last year.

"It's tougher this year. My club will have to play good baseball to win. So will teams like the Dodgers, Reds, Cardinals and the Braves.

"But those Giants. That's the team that scares you. With Mays, McCovey, Cepeda and Snider they can play a bad ball game and wipe out all those mistakes with one swing.

"Cepeda's the one who seems to ruin us all the time. Everyone says I'm so smart. Well, I'm so smart that three different times I've walked Mays intentionally and what does Cepeda do but drive in nine runs. That's what I mean about the Giants.

"As for my club, we haven't hit as well as we can. Since early in the season we haven't scored many runs, which may be my fault because the way the pitchers have been going I've been satisfied to play for one run on certain occasions."

Mauch ducked the inevitable question about his personal choice for the pennant winner with a smile that shattered his scowling image.

"I'll tell you this, though," he said. "Any team that can play .600 ball in the National League is really doing a job."

When Mauch made the statement, there was just one team in the National League playing .600 ball—the Philadelphia Phillies.

Swimming Slate Starts June 29th In Ulster Town

Supervisor Alexander J. Banyo, of the Town of Ulster, announced today that the town's swimming program will begin Monday, June 29.

He said there will be swimming on Mondays and Wednesdays at Spring Lake, or on Friday in case of rain on the other days. The swimming program is part of the Town's recreation program.

The Lipton Bee Line will pick up children at the following locations: Corner of Boice's Lane and Morton Boulevard, Sunset Park; corner of Van Keuren Highway and Morton Boulevard; corner of Lawrenceville Street; corner of Nicholas Avenue Ted's Neighborhood Market on Vincent Street; corner of Groff Street and Lincoln Park Place; corner of Stahlman Place and Lincoln Park Place corner of Plainfield and Harwich Street.

The Acker Bus Lines will pick up children at its East Kingston Terminal and at the Country Club Estates, Flatbush; Tuytbridge Road-Neighborhood Road-Lake Katrine School area; junction of Neighborhood and Legg's Mills Road; Ruby Firehouse and junction of Sawkill and Brabrandt Roads.

Buses will leave about 12:30 and return about 4:15. Boys and girls from ages eight to 16 are eligible to participate in the program provided they obtain a letter or permission slip signed by their parents.

EMPLOYMENT

NOTICE TO JOB APPLICANTS
The Kingston Daily Freeman does not knowingly accept Help-Wanted advertisements from employers covered by the Federal Wage-Hour Law if they offer less than legal minimum wages. Most employees engaged in interstate or foreign commerce or in the production of goods for such commerce must be paid not less than $1.25 an hour and at least one and one-half times their regular rate of pay for hours worked after a maximum workweek of 40 hours, unless specifically exempt. Also, most employes in certain large retail, service, construction and other enterprises engaged in or producing goods for commerce, who have been entitled to a minimum wage of at least $1.00 an hour since September 3, 1961, must be paid overtime pay of not less than one and one-half times their regular rates for all hours worked after a maximum workweek of 44 hours, unless specifically exempt. If you are offered less by covered employers, or if you have questions concerning the Fair Labor Standards Act or other activities of the U. S. Department of Labor, call or write the Department's local office at 881 Gerard Ave., Bronx, N. Y. 10452 WYandotte 2-1235

Cementon Man Slated to Appear Friday on Charge

George M. Ascanio, 31 of Cementon involved in a highway mishap on Route 9W near Catskill Sunday night was issued a summons by State Police for failure to keep right and must appear before Town of Catskill Justice of the Peace George E. Carl on Friday.

Leeds troopers said Ascanio left the highway, crossed into the other lane and struck a utility pole. His wife, Sarah, a passenger in the car suffered contusions and lacerations of the face and body.

During the crash the car caught fire and Catskill Hose Company No. 1 responded and quelled the blaze.

Use Pool Water To Check Spread Of Camp Blaze

County fire fighters were kept busy Monday as flames destroyed a barn in the Town of Hurley, damaged a furnace in a May Park home an licked at grass in the Town of Ulster.

Hurley volunteers responded to the barn fire at 8:46 p. m. at the Jewish Community Camp off Hurley Mountain Road. Fire Chief Kenneth Cudney said that upon arrival of firemen, the building was completely engulfed in flames. He said that some 30 volunteer fire fighters, using water from the camp swimming pool wet the barn down through late evening and kept the fire from spreading to a house located about 75 feet away. The firemen returned to service at 12:29 a. m. today, according to County Mutual Aid.

Chief Cudney said a tractor had been removed from the barn before arrival of firemen. He said the barn, which measured approximately 40 feet by 40 feet, contained camp mechanical and maintenance equipment. There was no estimate of damage. The camp was closed today but was scheduled to reopen Wednesday.

Port Ewen volunteers under direction of Assistant Chief James Ellsworth responded to an alarm in the Larkin home in May Park at 4:25 p. m. Chief Wesley Clark said the fire which started in an oil burner in the cellar, was extinguished with a dry chemical extinguisher. Clark said the fire started when the burner overflowed. Firemen returned to service at 5:04 p. m.

Mutual Aid said that Ulster Hose battled a grass fire from 9:36 to 10:14 Monday night.

Program Not Too Much Help to Addicts: Mayor

NEW YORK (AP) — Mayor Robert F. Wagner says the state's anti-addiction program "has made no susbtantial impact on the narcotics population."

Speaking at a luncheon of the National Association for the Prevention of Addiction to Narcotics, the Democratic mayor said Monday that the state Republican administration should engage in more research and cooperate more with the federal government in the fight against narcotic addiction.

Federal agencies "must be more involved, not only in helping pay the cost, but also in pursuing the cure," Wagner said.

C-H Fetes Jones On 40th Year

Frank Jones of 337 South Wall Street, district gas foreman of Central Hudson Gas and Electric Corporation, was honored Monday on the occasion of his 40th anniversary of service with the local utility.

He was cited for his long company career by Central Hudson President Lelan F. Sillin Jr. and was presented with a service emblem by Ernest R. Acker, company director and former board chairman at ceremonies in the utility's general office in Poughkeepsie.

Jones began his career on June 20, 1925 with the former Kingston Gas and Electric Company, a predecessor company in the Central Hudson System. He was advanced to assistant foreman in 1929 and served as a member of the district's gas distribution and maintenance crews until his promotion to chief gas streetman in 1943. He was named Kingston district gas foreman in January 1946.

Jones is a member of the Central Hudson Employees' Quarter Century Club.

Auxiliary Urges Safest Boating Week in History

National Safe Boating Week, proclaimed by President Lyndon B. Johnson for the week of June 28 to July 4, pays tribute to keep boating safe.

In the Kingston area, the sixth annual Safe Boating Week observance will be spearheaded by the U. S. Coast Guard Auxiliary, Flotilla 10-12, Charles Kohl, commander.

The U. S. Coast Guard Auxiliary and Commander Kohl of Flotilla 10-12 urge every one to make this year and this year's Safe Boating Week one of the safest in observance of the Auxiliary's 25th anniversary.

In his proclamation of the 1964 observance President Johnson notes that the "education of the boating public in safe practices contributes to the enjoyment of the sport and reduces the liklihood of accidents."

Commander Kohl points out that while more than 38 million Americans go boating every year the fast-growing sport has not been followed by an alarming increase in boating accidents.

"Keeping these millions of 'skippers' safety - conscious throughout the year is the purpose of National Safe Boating Week," Commander Kohl points out.

This year more than 750 Coast Guard Auxiliary flotillas throughout the nation will join more than 350 U. S. Power Squadrons, 370 clubs affiliated with the Outboard Boating Club of America, the Red Cross, Marine dealers and other interested groups in celebrating National Safe Boating Weew.

Any boat owner who wishes his boat to be examined during Safe Boating Week may have this done by bringing the craft to the U. S. Coast Guard Auxiliary's dock, Dwyer's Boat Basin, where an Auxiliary member will make the check and issue the owner a decal.

Hay Crop Is Hit Hard by Drought Near Ft. Edward

FORT EDWARD, N. Y. (AP) —Drought - plagued Washington County dairy farmers, with about half of the year's first hay crop destroyed, have turned to the federal government for aid.

Through their county agricultural extension agent, the dairymen have asked for release of some soil bank and conservation acreage, reduced prices on government surplus corn and low - interest loans from the Farmers' Home Administration.

Agent Leslie Nuffer said Monday the requests were sent to the State Disaster Committee of the Agricultural Stabilization and Conservation Service of the U.S. Department of Agriculture in Syracuse.

Rensselaer County, farther to the south, has been hard hit, too, according to county agent Don Thompson. Farmers there also are asking permission to use some soil bank and conservation land for hay production.

A.A. Johnson, director of extension at the State Agriculture College in Ithaca, said the drought was scattered but seemed especially serious in the area north of Albany.

Nuffer said only 1.89 inches of rain fell in the eight-week period of April 25 to June 19, a deficiency of nearly five inches.

Nuffer set the loss thus far at 68,000 tons of hay, worth $1.7 million. He said most of the second and third hay crops and practically all of the corn could be saved if enough rain comes soon.

Rensselaer County, which normally has a hay surplus, has fallen off more than one-third in hay production, Thompson said.

But the milk output "seems to be holding steady because farmers are using grain normally saved for the winter, Thompson explained.

On Board of Visitors

ALBANY, N. Y. (AP) —Gov. Rockefeller Monday appointed Mrs. Hester S. Roe of Chester, Orange County, to the Board of Visitors to Middletown State Hospital, for a term ending in 1970.

Mrs. Roe succeeds F. Eugene Wright of Warwick, whose term expired. The post is unsalaried.
